a uniquely personal biographical account of louchheim s life and work that takes readers inside the rarified world of architecture media aline b louchheim 1914 1972 was an art critic on assignment for the new york times in 1953 when she first met the finnish american architect eero saarinen she would become his wife and the driving force behind his rise to critical prominence when eero met his match draws on the couple s personal correspondence to reconstruct the early days of their thrilling courtship and traces louchheim s gradual takeover of saarinen s public narrative in the 1950s the decade when his career soared to unprecedented heights drawing on her own experiences as an architecture journalist on the receiving end of press pitches and then as a secret publicist for high end architects eva hagberg paints an unforgettable portrait of louchheim while revealing the inner workings of a media world that has always relied on secrecy friendship and the exchange of favors she

describes how louchheim codified the practices of architectural publicity that have become widely adopted today and shows how without louchheim as his wife and publicist saarinen s work would not have been nearly as well known providing a new understanding of postwar architectural history in the united states when eero met his match is both a poignant love story and a superb biographical study that challenges us to reconsider the relationship between fame and media representation and the ways the narratives of others can become our own

a couple of years ago stanley moss renewed his driver s license now in his late nineties his license runs to his 104th year he has produced such an immense volume of work in his long life that it seemed necessary for his readers old and new to essentialise this mass of work into a portable liftable single collection of highlights which these 200 pages represent it has been hard to confine him to this limiting measure because he

still every week and sometimes every day produces
a wholly new poem surprising his editor and also
always himself as he says in the ocean slaps my
face yes poseidon you may call me the f word i m a
fluke and flounder i am a rogue wave i am a rogue
wave undaunted outrageously alive rosanna warren
said moss flaunts more colours than the grim
reaper ever dreamed of laughs in his face rhymes
with abandon makes a joyful noise unto the lord
and struts with baudelaire he asks what john
ashbery called unthinkable questions but when he
formulates them they take on the quiet urgency of
common daylight

hailed as masterly wall street journal and a monumental achievement douglas brinkley this book tells the riveting true story of the group of elite us and canadian soldiers who sacrificed everything to accomplish a crucial but nearly impossible wwii mission in december of 1943 as nazi forces sprawled around the world and the future of civilization hung in the balance a group of highly trained u s and canadian soldiers from humble backgrounds was asked to do the impossible capture a crucial nazi stronghold perched atop stunningly steep cliffs the men were a rough and ready group assembled from towns nested in north america s most unforgiving terrain where many of them had struggled through the great depression relying on canny survival skills and the fearlessness of youth brought together by the promise to take part in the military s most elite missions they formed a unique brotherhood tested

first by the crucible of state of the art training including skiing rock climbing and parachuting and then tragically by the vicious fighting they would face the early battle in the italian theatre for the strategic fort cost the heroic u s canadian commando unit their first special forces unit ever assembled enormous casualties yet the victory put them in position to continue their drive into italy setting the stage for the allies resurgence toward victory in wwii the unit with its vast range of capabilities and mission specific exercises became a model for the green berets and other special forces groups that would go on to accomplish america s most challenging undertakings behind enemy lines knitting first hand accounts seamlessly into the narrative drawing on interviews with surviving members and their families the memoirs letters and diaries of forcemen and declassified documents in the american canadian british and german archives the force tells a story that is as deeply personal as it is inspiring
