Hal Leonard has dozens of fake books for all musical genres to ensure you can play the music you want or need to play. Fake books give you just what you need to fake your own version of a song: lead sheets with melody, lyrics, and chords. Having a library of good fake books is essential, especially as a jazz player. Today, the popular thing is to download them to a tablet, and while many of the following are also available online, they may be hard to find. I've done a lot of searching and found some common and uncommonly found fbs for easy download or viewing. We've updated this fake book for a fourth edition to ensure that it remains the best ever. Features: melody lines, lyrics, and chords for 1000 essential songs. Amazed at the hop, autumn leaves, bohemian rhapsody, cabaret, california girls, centerfold, chariots of fire, crazy dust, in the wind, earth angel, eleanor rigby, fever. The original fake book, known as the real book, contained illegally reproduced copyrighted songs. It was meant to be used as a textbook of standard jazz tunes. The publishers wanted to pawn off the tunes in the book as real versions of the songs. However, legal battles ensued, so any other future books had to have a different name. There are over 12,140 songs in this aggregate index, which is compiled from the contents of the 50 U.S. fake books shown in the table below. Together, these books included 21,000 entries. As you'll see in the song index, many of the more popular songs are found in several books. Learn the differences between real book vs. fake book. The result was the real book, whose title was deliberately chosen to reflect the claim that the music contained in the book was accurate, up to date, and in every way different from the earlier fake books. With over 1200 songs in all styles of music, this fifth edition has been updated to include even more great songs and recent hits, from jazz standards to Broadway blockbusters and country classics to pop chart toppers. This book has the songs you're looking for, all in one convenient collection. The real book is a musician's fake book, a compilation of lead sheets for jazz standards. Fake books had been around at least since the late 1920s, but their organization was haphazard, and their content did not always keep pace with contemporary musical styles. This is a beginning fake book for players new to faking. By using a fake book, musicians learn to fake an accompaniment to a melody, playing chords as indicated. This book is designed for those players just acquiring this important musical skill. A fake book is a collection of musical lead sheets intended to help a performer quickly learn new songs. Each song in a fake book contains the melody line, basic chords, and lyrics, the minimal information needed by a musician to make an impromptu arrangement of a song or fake it. A fake book is a published book with stripped-down notation for popular songs, using only chord progressions, lyrics, and the melody, also known as chord charts and lead sheets. These
