foreword by rubén f balane ateneo law school professor walking with pedro through his multifarious protean life as single as married and as widower atty rotor hilado explains to the reader the various possible kinds of heirs he might have and the various options he may choose to dispose of his estate he may of course choose to leave this world without a will to whom then will his properties go or he may decide to make a will how much then can he give away through this marvelous and informative book atty rotor hilado using her lawyer's knowledge and couching it in terms that are free of the ponderousness of legalese guides the reader who is a non lawyer to an adequate acquaintance with the law of succession adequate that is as a basis for deciding to whom and in what amounts his estate should go when he himself goes i invite the reader across the broad band of the economic spectrum whether he owns a fortune or a piece of real estate the size of a flower pot to embark on this information filled journey through selling general english course for adults and young adults who want to learn guickly and effectively in today s world based on the communicative approach it combines the best in current methodology with innovative new features designed to make learning and teaching easier vocabulary and grammar are given egual importance and there is a strong focus on listening and speaking in social situations when president harry truman authorized the use of atomic weapons against japan he did so to end a bloody war that would have been bloodier still had the planned invasion of japan proved necessary revisionists claim that truman s real interest was a power play with the soviet union and that the japanese would have surrendered even earlier had the retention of their imperial system been assured truman wanted the war to continue they insist in order to show off america s powerful new weapon this anthology exposes revisionist fallacies about truman s motives the cost of an invasion and the

question of japan s surrender essays by prominent military and diplomatic historians reveal the hollowness of revisionist claims exposing the degree to which these agenda driven scholars have manipulated the historical record to support their contentions they show that although some japanese businessmen and minor officials indicated a willingness to negotiate peace no one in a governmental decision making capacity even suggested surrender and although casualty estimates for an invasion vary considerably the more authoritative approximations point to the very bloodbath that truman sought to avoid volume editor robert maddox first examines the writings of revisionist gar alperovitz to expose the unscholarly methods alperovitz employed to support his claims then distinguished japanese historian sadao asada reveals how difficult it was for his country s peace faction to prevail even after the bombs had been dropped other contributors point to continuing japanese military buildups analyze the revisionists low casualty estimates for an invasion reveal manipulations of the strategic bombing survey of 1946 and show how even the exhibit commemorating the fiftieth anniversary of the bombing at the smithsonian national air and space museum hewed to the revisionist line and a close reading of tsuyoshi hasegawa s acclaimed racing the enemy exposes many grave discrepancies between that recent revisionist text and its sources the use of atomic bombs against japan remains one of the most controversial issues in american history gathered in a single volume for the first time these insightful readings take a major step toward settling that controversy by showing how insubstantial hiroshima revisionism really is and that sometimes history cannot proceed without decisive action however regrettable state of the art reinterpretations of the reasons for japan s decision to surrender by distinguished historians of differing national perspectives and differing views payne protection s latest hire has a secret agenda but his heart keeps
