on 30th may 1984 joe fagan made football history he became the first english manager to win the treble after just one season as coach he had led liverpool to victory in the league cup the league championship and finally the european cup beating as roma on home soil after a gripping penalty shootout it was an unprecedented triumph the culmination of a

twenty five year career at the very heart of the liverpool machine and the end of a golden age unassuming down to earth and never one to court publicity little is known about joe fagan a man who played a pivotal part in liverpool s domination of the game in the sixties seventies and eighties but whose achievements were later obscured by disaster a scouser born and bred he joined the anfield coaching staff in 1958 after a playing career at manchester city and years learning his craft in the lower leagues at the time liverpool were in the stranglehold of second division mediocrity but then a year later bill shankly arrived and everything changed with a knack for nurturing the talents of precocious youngsters fagan quickly became part of shankly s trusted inner circle indeed not only was fagan one of the original members of the fabled boot room he is widely credited with its creation under bob paisley fagan was appointed second in command so when paisley stepped down the reluctant fagan was the obvious and only choice to succeed him and what followed surpassed the dreams of even the most success spoilt kopites however just one year after liverpool s european triumph in rome the death of 39 fans at the heysel stadium in brussels saw the club s glittering record tarnished by tragedy and english football exiled from europe fagan announced his retirement just hours later and stepped back into the anonymity he craved now drawing for the first time on joe fagan s own diaries as well as a raft of new interviews with players colleagues and contemporaries this biography celebrates the record of one of football s least celebrated greats and reveals the inner workings of liverpool s golden age

in april 1981 howard gayle was summoned from the substitutes bench and sent on to play for liverpool in the second leg of a european cup semi final at german champions bayern munch the previous october by filling the same role at manchester city he became the first

black footballer in liverpool s 89 year history to play at first team level gayle s liverpool career proved to be short he would pull on the red shirt only five times in total scoring once yet he is remembered as a trailblazer in 61 minutes in munich gayle takes you inside his life bringing the shutters down on a childhood spent between toxteth and norris green two contrasting areas of liverpool he details life on the streets the racism the other forms of abuse of which he has only told a handful of people before and his ascent from teenage football hooligan to a player with europe s leading club gayle explains what it was like to be a black man with a profound sense of insecurity inside a liverpool dressing room at the most successful point in the club s history a place where only the strongest survived in munich gayle ran bayern s defenders ragged and is credited by many as the catalyst for liverpool s progression to the final and yet by being substituted after 61 minutes on the pitch he reveals his dismay at never being trusted to keep his cool in the most tense of environments gayle takes you to newcastle to birmingham city to sunderland and blackburn rovers he takes you back his modest home in the south end of liverpool where it all began part social history part autobiography 61 minutes in munich is an exposition of life in the city of liverpool during one of the most turbulent periods in its history above all it examines how a pioneer like gayle has been up against it from the moment he was born

a compelling joint biography of two men whose football careers so often overlapped in may 1977 kevin keegan the self made son of a yorkshire miner helped inspire liverpool to their first european cup triumph by then the kop hero had already decided to move abroad joining hamburg in a lucrative deal his replacement the man who would take over his no 7 jersey was kenny dalglish who joined from his hometown club celtic it was a daunting challenge but the scot would go on to achieve even greater things for the anfield team than his distinguished predecessor from then on their careers would intertwine for almost 40 years in this superb biography richard t kelly looks at how the two men personified different styles as both player and manager keegan was all action on the field and as a manager became a heart on the sleeve inspirational figure he rose to manage his country and as a geordie messiah came within a whisker of winning the league title at newcastle united dalglish meanwhile pulled the strings on the pitch and stepped up smoothly to take the reins at liverpool winning the double in his first sesason in charge in 1986 then came the horrors of hillsborough and dalglish had to move on at blackburn his pragmatic style backed by jack walker s millions earned him another league title both men would subsequently return to the clubs where they were most loved liverpool and newcastle but found that the game had changed and they could no longer conjure the same magic keegan and dalglish is a brilliant book that goes beyond the stories of the two men to ask broader questions about the changing nature of the game and the challenges that our sporting heroes have to face every day
