si on devait définir anansi boys ce serait une épopée magico

horrifico thrillo fantastico romantico comico familiare même si cela exclut son côté polar et tout son aspect culinaire bref c est un livre de moi et je me suis vraiment amusé en l écrivant neil gaiman le père de gros charlie n était pas ordinaire il était anansi le dieu araignée l esprit de rébellion un dieu filou capable de renverser l ordre social de créer une fortune à partir de rien et de défier le diable un héritage bien encombrant une mythologie moderne où l on trouve une sombre prophétie des désordres familiaux des déceptions mystiques et des oiseaux tueurs sans oublier un citron vert

This volume illuminates how creative representations remain sites of ongoing struggles to engage with animals in indigenous epistemologies traditionally imagined in relation to spiritual realms and the occult. Animals have always been more than primitive symbols of human relations, whether as animist gods, familiars, conduits to ancestors, totems, talismans, or co-creators of multispecies cosmologies. Animals act as vital players in the lives of cultures from early days in colonial contact zones through contemporary expressions in art, film, and literature. The volume's unique emphasis on Southern Africa and North America, historical loci of the greatest ranges of species and linguistic diversity, help to situate how indigenous knowledges of human-animal relations are being adapted to modern conditions of life shared across species lines.
