from inception through to the 1970s and thereafter collectively to 2015 special attention is
devoted to examining innovative engineering features and the role opel has taken of providing
global platforms for gm each model is examined individually and supplemented by exhaustive
supporting specification tables the fascinating history of saab and lotus begins with their
humble beginnings and examines each model in detail and looks at why these unusual marques
came under the gm banner included is a penetrating review of saab through to its unfortunate
demise volume two examines unique models and variations of chevrolet and buick
manufactured in the southern hemisphere and asia but never offered in north america daewoo
wuling and baojun are other asian brands covered in detail this volume concludes with
recording the remarkable early success of holden and its continued independence through to
today volume three covers the smaller assembly operations around the world and the evolution
of gm s export operations a brief history of isuzu subaru and suzuki looks at the three minority
interests gm held in asia the gm north american model specifications are the most
comprehensive to be found in a single book global and regional sales statistics are included gm
executives and management from around the globe are listed with the roles they held an index
ensures that these volumes serve as the ideal reference source on gm
