Murray on Contracts 2001 for more than 30 years lawyers have told the authors of this readable and thorough hornbook you got me through my contracts course and when i have a contracts problem i go to your book first because it makes complicated issues clear well organized and clearly presented hornbook on contracts summarizes the basic principles and issues of contracts and provides broad coverage of statutes regulations and uniform laws the expert authors provide detailed treatment and in depth analysis of all major contract topics which include offer and acceptance parol evidence and interpretation consideration informal contracts promissory estoppel contracts under seal capacity of parties conditions performance and breach the hornbook also discusses damages regulations third party beneficiaries statutes frauds the discharge of contracts and illegal bargains

Corbin on Contracts 1960 the methodology in cases and problems on contracts started as a successful experiment students are forced to exercise analytic thinking prior to coming to class and master basic contracts by working problems and dissecting cases the material employs the problem method in tandem with case dissection to develop students interest and increase their store of knowledge a large number of the cases were decided in the twenty first century and involve current issues the coursebook also includes many cases involving lawyers contracts to illuminate various aspects of professional responsibility demonstrating that the law governing lawyers contracts is different

Murray on Contracts 2011-10-04 reprint of the original first published in 1882

Questions and Answers to Anson on Contracts, Including an Analysis of Each Division of the Law of Contracts 1890 the international carriage of goods by sea has been regulated by international conventions these include the international convention for the unification of certain rules of law relating to bills of lading hague rules the protocol to amend the international convention for the unification of certain rules of law relating to bills of lading visby rules and the un convention on the carriage of goods by sea they were adopted in 1924 1968 and 1978 respectively and the transport industry s commercial needs have since substantially changed furthermore the advent of subsequent regimes has resulted in the uniformity in the carriage of goods by sea once provided by the hague rules being lost in order to update and modernize existing regimes the un convention on contracts for the international carriage of goods wholly or partly by sea rotterdam rules was adopted on december 11 2008 by the un general assembly and opened for signature on september 23 2009 since then drafters of the rotterdam rules academics and practitioners have been publicizing discussing and evaluating the rules this book is an effort to further explore those same goals

Murray on Contracts 1974 buy a new version of this textbook and receive access to the connected ebook with study center on casebookconnect including lifetime access to the online ebook with highlight annotation and search capabilities practice questions from your favorite study aids an outline tool and other helpful resources connected ebooks provide what you need most to be successful in your law school classes learn more about connected ebooks cases problems and materials on contracts is known for pioneering the problem method of law school teaching a staple in classrooms for decades it stands out from other texts in the scope of its coverage and its use of short carefully constructed problems to expose students to new concepts reinforce what they have just learned and stimulate thought the eighth edition the first since the passing of thomas crandall and the addition of david horton as co author is more accessible than ever it introduces complicated issues with a clear narrative summary or explicit statement of black letter law the cases have been tightly edited for best effect the book can also be easily adapted to fit various pedagogical needs although it starts with agreement and moves to consideration it is also designed for teachers who prefer to begin with consideration or remedies it can be used in courses that both include and exclude sales finally because it is shorter than most other texts in this field it works in 4 unit 5 unit and 6 unit courses new to the eighth edition substantial input from a new co author means that the book contains scores of new cases problems and narrative introductions to issues each opinion has been streamlined to enhance readability where possible applicable restatement of contracts and uniform commercial code sections have been printed in the text saving students the

cost of buying separate supplements professors and students will benefit from coverage of the basics of contracts law in a format that allows greater exposure to the legal concepts through the many problems that fill each chapter alongside the most illustrative cases on point assessment multiple choice questions at the end of each chapter that are meatier than such questions in most books focusing not on the right answer so much as on what real attorneys must consider when confronted with the issues presented the entire book's approach not just to teach rules of law but to train students to be lawyers faced with commercial issues for example problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms

Farnsworth on Contracts 2010 when you visit a website check your email or download music you enter into a contract that you probably don't know exists wrap contracts shrinkwrap clickwrap and browsewrap agreements are non traditional contracts that look nothing like legal documents contrary to what courts have held they are not just like other standard form contracts and consumers do not perceive them the same way wrap contract terms are more aggressive and permit dubious business practices such as the collection of personal information and the appropriation of user created content in digital form wrap contracts are weightless and cheap to reproduce given their low cost and flexible form businesses engage in contracting mania where they use wrap contracts excessively and in a wide variety of contexts courts impose a duty to read upon consumers but don't impose a duty upon businesses to make contracts easy to read the result is that consumers are subjected to onerous legalese for nearly every online interaction in wrap contracts foundations and ramifications nancy kim explains why wrap contracts were created how they have developed and what this means for society she explains how businesses and existing law unfairly burden users and create a coercive contracting environment that forces users to accept in order to participate in modern life kim's central thesis is that how a contract is presented affects and reveals the intent of the parties she proposes doctrinal solutions such as the duty to draft reasonably specific assent and a reconceptualization of unconscionability which fairly balance the burden of wrap contracts between businesses and consumers

The Student's Guide to Chitty on Contracts, Williams on Real Property, and Smith's Manual of Equity, Being a Complete Series of Questions and Answers Thereon 1868 contracts the foundation of economic activity are both vital and misunderstood contracts in the real world 2nd edition corrects common misunderstandings through a series of engaging stories involving such notable individuals as martin luther king maya angelou lady gaga and donald trump capturing the essentials of this subject the book explores recurring issues in contracting and shows how age old precedents and wisdom still apply today and how contract law's inherent dynamism cautions against exuberant reforms the accessible yet rigorous approach will appeal to the general reader and specialists alike and to both teachers and students of contracts

Calamari and Perillo on Contracts 2003 this concise paperback which will be a valuable supplementary text to any traditional contracts casebook combines cases and actual contracts to bring a real world practical perspective to the first year contracts classroom contracts a transactional approach fills the long felt need by professors students and practitioners for a teaching approach to contracts that focuses on practical and transactional skills and contracts a transactional approach introduces business contracts and transactions to the first year contracts class in a unique fashion actually executed agreements between sophisticated parties give students exposure to the sort of agreements they will

encounter in practice as either a litigator or a transactional attorney agreements are lightly edited and are presented as whole documents unbroken by discussion to force the student to read and analyze contracts in their entirety focus points and where appropriate practitioner comments before each agreement help focus the student's attention on important concepts the authors begin with the simplest agreement and iteratively build on the same lessons the discussion is tailored to basic provisions and their interaction with contract law enabling students to build familiarity with once seemingly foreign contractual provisions and concepts lessons focus on the building block provisions e.g. recitals representations warranties indemnities limitations of liability restrictive covenants liquidated damages typically found in sophisticated contracts including the judicial treatment of those provisions practitioner comments from experts in the field provide insight and advice on relevant topics to give a real world and practical perspective and to drive home the relevance of these concepts to students this book teaches students how to read and understand contracts and to anticipate how judges may read and understand contracts so that the student can better draft contracts drafting tips are sprinkled throughout the book

[On contracts] ; Chitty on contracts. 2, Suppl.. Specific contracts. - 3. cumulative supplement to the twenty-third edition 1972 this book provides a counter balance to the traditional focus on judicial decisions by exploring the contribution of legal scholars to the development of private law in the book the work of a selection of leading scholars of contract law from across the common law world ranging from sir jeffrey gilbert 1674 1726 to professor brian coote 1929 2019 is addressed by legal historians and current scholars in the field the focus is on the nature of the work produced by the scholars in question important influences on their work and the impact which that work in turn had on thinking about contract law the book also includes an introductory chapter and an afterword by professor william twining that explore connections between the scholars and recurrent themes the process of subjecting contract law scholarship to sustained analysis provides new insights into the intellectual development of contract law and reveals the central role played by scholars in that process and by focusing attention on the work of influential contract scholars the book serves to emphasise the importance of legal scholarship to the development of the common law more generally

Cases and Problems on Contracts 2007 this statutory supplement contains the major statutes forms and other materials affecting contract law it includes uniform commercial code articles 1 and 2 the uniform electronic transactions act the electronic signatures in global and national commerce act restatement of the law second of contracts the united nations convention on contracts for the international sale of goods the unidroit principles of international commercial contracts and the actual contracts in several leading cases

The Student's Guide to Smith on Contracts. Being a Complete Series of Questions and Answers Thereon 2024-04-08 this text employs the problem method together with case dissection to develop students interest increase their store of knowledge and help them exercise analytical thinking and master basic contracts used in conjunction with the hornbook calamari perillo on contracts this methodology allows the students to explore a rich array of practical applications of the cases ucc articles 1 and 2 are included as appendixes many new cases in this edition were decided in the 21st century and involve current issues materials are streamlined to facilitate coverage in courses of fewer than 6 hours these materials together with the teacher's manual provide exceptional guidance especially for new teachers
