everybody messes up in relationships in business in life it s a fact of human nature that we re flawed people aren t inherently bad but humans tend to do a lot of bad things everyone has engaged in behavior they re not proud of we all have secrets and we re all prone to traits and impulses we wish we didn t have history literature and music for centuries have given us examples of falls from grace tragedies and fatal flaws and then came the digital age with the proliferation of social media so much of our personal and professional behavior can suddenly find itself in the public view what we do personally affects us professionally and vice versa the human tendency to fail those who trust us has changed from a personal crisis to one with a large audience often clamoring for some measure of retribution as humans professionally and personally we find ourselves at risk of lasting reputational damage if we don t find a way to recover and move forward beyond sorry how to own up make good and move forward after a crisis lays out the framework for people to offer sincere and lasting apologies that can help turn around their careers or personal lives in the digital age redemption of one s reputation isn t easy it takes more than a simple apology that s what going beyond sorry means taking the extra steps to ensure you can fight all the hurdles in your way beyond sorry explores the steps one needs to take to move forward including finding the right words delivering the message with credibility taking ownership of our actions and behaviors and living a life that shows those around us that we re worthy of another chance
