The Origins and Development of the Dutch Revolt 2003-09-02

the dutch revolt against spanish rule in the sixteenth century was a formative event in european history the origins and development of the dutch revolt brings together in one volume the latest scholarship from leading experts in the field to illuminate why the dutch revolted the way events unfolded and how they gained independence in exploring the desire of the dutch to control their own affairs it also questions whether dutch identity came about by accident the book makes the most recent research available in english for the first time focusing on the role of the aristocracy religion the towns and provinces the spanish perspective finance and ideology

The Dutch Revolt 1559 - 1648 2014-05-12

the dutch revolt 1559 1648 begins by illustrating the historical background and causes of the revolt this is followed by chronological sections devoted to each phase of the revolt and an assesment section that takes a more thematic approach looking at the military economic political and constitutional issues

The Dutch Revolt 1977

historical and literary works from the spanish golden age offer a wealth of information about the spanish view of the conflict in the netherlands during the dutch revolt and the ensuing eighty years war 1568 1648 the war in the cold north was to become a fixed component in the lives of the spaniards of the golden age for many years this book reconstructs the images that the spanish had of the netherlands and its inhabitants these images are inextricably intertwined with the picture that the spanish constructed of themselves as participants in the conflict this book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away which images and representations circulated the most and where did they come from which rhetoric was used to present them to

the public and in which genres and contexts were they disseminated and preserved on the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of the netherlands through spanish eyes during the course of the eighty years war

The Dutch Revolt Through Spanish Eyes 2008

england s response to the revolt of the netherlands 1568 1648 has been studied hitherto mainly in terms of government policy yet the dutch struggle with habsburg spain affected a much wider community than just the english political elite it attracted attention across britain and drew not just statesmen and diplomats but also soldiers merchants religious refugees journalists travellers and students into the conflict hugh dunthorne draws on pamphlet literature to reveal how british contemporaries viewed the progress of their near neighbours rebellion and assesses the lasting impact which the revolt and the rise of the dutch republic had on britain s domestic history the book explores affinities between the dutch revolt and the british civil wars of the seventeenth century the first major challenges to royal authority in modern times showing how much britain s changing commercial religious and political culture owed to the country s involvement with events across the north sea

Britain and the Dutch Revolt, 1560-1700 2013-08-08

this book describes the crucial period in the monumental eighty year dutch struggle against the spanish empire through which a small nation gained its independence from one of the mightiest european powers dr ridley shows how even though the dutch revolt was at its lowest point maurits of nassau and the dutch fought on and the revolt survived it was a turbulent time with complex diplomacy and shifting alliances assassination plots france torn by civil war spain spearheading the counter reformation england facing invasion and europe eventually convulsed with the thirty years war in all these the dutch revolt was a significant factor the book also explores subsequent insurgencies over the following three centuries where nationalist groups revolted

against european powers and analyzes and identifies essential factors for a successful insurgency the key roles of finance and international relations in insurgencies are emphasized this volume will be informative and compelling reading for readers and students of history international relations and insurgencies

Maurits of Nassau and the Survival of the Dutch Revolt 2019-07-26

this is a major new english language edition of five central texts in the history of the political thought of the dutch revolt published between 1570 1590 these texts exemplify the development of the political ideas that motivated and legitimated resistance to philip ii the introduction locates these ideas in their political and intellectual context and argues that they were inspired by the indigenous legacy of dutch constitutionalism and civic consciousness

The Dutch Revolt 1993-03-25

this book is a comprehensive study of the history of the political thought of the dutch revolt 1555 90 it explores the development of the political ideas which motivated and legitimized the dutch resistance against the government of philip ii in the low countries and which became the ideological foundations of the dutch republic as it emerged as one of the main powers of europe it shows how notions of liberty constitutionalism representation and popular sovereignty were of central importance to the political thought and revolutionary events of the dutch revolt giving rise to a distinct political theory of resistance to fundamental debates on the best state of the new dutch commonwealth and to passionate disputes on the relationship between church and state which prompted some of the most eloquent early modern pleas for religious toleration

The Political Thought of the Dutch Revolt 1555-1590 2002-10-03

author johannes müller shows how early modern netherlandish migrants and their descendants

commemorated war and persecution and cultivated new religious and political identities in the dutch republic
england and germany

Exile Memories and the Dutch Revolt 2016-04-08

includes pictures includes a bibliography for further reading during the 17th century the netherlands despite having only 1.5 million people in 1600 became a global maritime and trading power by contrast france at the time had 20 million people spain had 8 million and england had 5 million nevertheless amsterdam became one of the most important urban centers in the world and the location of the world's first stock market and dutch merchant ships and pirates plied the atlantic ocean the indian ocean and the pacific ocean the dutch acquired colonies in the east indies where they seized control of the spice trade from the portuguese and in the west indies they acquired a number of islands from the spanish several of which are still dutch today they became the only westerners who were allowed to trade with shogunate japan from a small island next to nagasaki and they settled the town that ultimately became new york city naturally all of this imperialism generated enormous amounts of wealth that flowed into the netherlands the netherlands has had a complex and turbulent history involving the interplay of multiple political entities ethnicities and languages the term netherlands nederland in dutch pay bas in french refers to the low lying topography of the region and today is used specifically to describe the country bordering germany and belgium but historically it referred to the entire region occupied by netherlands belgium and luxembourg in english the term low countries is still used in this sense located largely on the deltas of the rhine and maas rivers much of it consisted of sand dunes and peat bogs until centuries ago humans began building dikes pumping out water and laboriously reclaiming the land much of the land falls below sea level as an old saying goes god created the earth but the dutch created the netherlands the long struggle with nature is an important part of the dutch identity what made the netherlands global influence in the 17th century all the more remarkable is that the dutch had only recently achieved political independence through the process of fighting a long and brutal war of resistance against rule by the spanish hapsburgs starting in 1568 in 1581 the seven northern provinces holland zeeland utrecht gelderland overijssel friesland and groningen declared their independence and fighting took place back and

forth on land and sea for decades with the dutch receiving some much needed assistance from england s queen elizabeth i thousands of civilians were massacred by the rampaging spanish armies and on the water dutch sea beggars attacked and harassed the spanish fleet pro spanish privateers operating out of dunkirk did the same against dutch shipping although there were several issues behind the revolt like heavy taxation the war was also in large part a religious revolt the dutch in the northern and western provinces had mostly become protestants followers primarily of the french theologian john calvin and there were some lutherans and anabaptists present as well calvinism as institutionalized in the dutch reformed church would become the officially recognized faith of independent netherlands but philip ii the catholic monarch of spain was determined to restore catholicism through the strict use of the inquisition against heretics and the catholics were strongest in the 10 southern provinces religious differences between the north and south were accentuated because of the migration of protestants and catholics across the border during the long war ensuring that there would continue to be tensions even after the fighting stopped and dutch independence was secured at the same time the conflict s ideological political and religious issues all ensured that the dutch revolt would influence future revolutions in the centuries to come

The Dutch Revolt 2021-02-13

de politieke denkbeelden van de rebellen in de opstand voorheen de tachtigjarige oorlog zijn al langer onderwerp van wetenschappelijk onderzoek dit boek richt zich echter op het grotendeels onbesproken verhaal van het habsburgse regime en zijn lokale aanhangers hoe dachten zij over het conflict en hoe reageerden zij op de beschuldigingen van de opstandelingen de auteur heeft een verscheidenheid aan mondelinge schriftelijke en theatrale media onderzocht om te ontdekken hoe het regime gebruikmaakte van de verschillende communicatiekanalen daarnaast is de reactie van gewone mensen op het conflict en op de tegenstrijdige berichtgeving in de publieke sfeer onderzocht

Britain and the Dutch Revolt, 1560-1700 2013

william the silent and the dutch revolt examines the first stages of the dutch struggle against spanish rule during the late fifteenth and sixteenth centuries the book analyses the causes of growing discontent in the netherlands and the various stages of the revolt focusing on the key tipping points where discontent and violent upheaval escalated to become a national struggle for independence the book also provides comparative analyses of insurgencies in the modern era and examines how popular discontent throughout history has often developed into struggles for full independence the book is a key resource for scholars and students of early modern european history as well as those interested in the history of revolts

Habsburg Communication in the Dutch Revolt 2012

the dutch revolt has long been hailed as the triumph of political freedom over monarchical tyranny in 1781 john adams observed that the american revolution was its transcript known for its many protagonists king philip ii the duke of alba the counts of egmont and hornes radical calvinists obstreperous townspeople and william of orange the dutch revolt brought into relief conflicts among civic freedoms religious dissent representative institutions and royal authority drawing on a vast array of sources including archival documents political and religious pamphlets ballads chronicles and letters and a rich store of popular prints peter arnade gives us a new history of the core years of the revolt between 1566 and 1585 showing how the act of rebellion forged a political identity through ritual symbol and public action in beggars iconoclasts and civic patriots arnade focuses on the political culture that took shape during the revolt a culture that itself fueled decades of turmoil he sees the pulse of the revolt in its public dramatization the acts words and cultural representations that were its daily bread and popular voice the violent wave of radical iconoclasm that swept the southern netherlands in 1566 is the book s pivot setting the stage for the duke of alba s brutal effort to restore the authority of the spanish crown arnade details the sieges and violent sacks of dutch cities by the army of flanders and the response of dutch rebels who touted defiant cities as the seats and guarantors of

unassailable rights and freedoms this civic patriotism hailed william of orange as father of the fatherland his apotheosis hearkening back to late medieval princely ritual even as it invoked new republican imagery

The Making of a Bourgeois State *1993*

this collection investigates the culture and history of the low countries in the sixteenth and seventeenth centuries from both international and interdisciplinary perspectives the period was one of extraordinary upheaval and change as the combined impact of renaissance reformation and revolt resulted in the radically new conditions political economic and intellectual of the dutch republic in its golden age while many aspects of this rich and nuanced era have been studied before the emphasis of this volume is on a series of interactions and interrelations between communities and their varying but often cognate languages between different but overlapping spheres of human activity between culture and history the chapters are written by historians linguists bibliographers art historians and literary scholars based in the netherlands belgium great britain and the united states in continually crossing disciplinary linguistic and national boundaries while keeping the culture and history of the low countries in the renaissance and golden age in focus this book opens up new and often surprising perspectives on a region all the more intriguing for the very complexity of its entanglements

William the Silent and the Dutch Revolt *2021-07-04*

the present study seeks to probe the formative impact of exile on changing catholic identities both in the northern and in the southern netherlands more specifically it will argue that many displaced catholics became receptive to militant strands of catholicism during their years in foreign safe havens local media clerical leadership and forms of sociability facilitated and shaped this process of religious radicalisation among catholic expatriates when the changing course of the war allowed the exiles to return home these spiritually reborn men and women promulgated their radical beliefs in areas recovered by the habsburg monarchy

Beggars, Iconoclasts, and Civic Patriots 2018-09-05

the figure of prince william of orange 1572 84 dominates the political landscape of the sixteenth century netherlands and in many ways personifies the dutch revolt against spanish hegemony yet despite the european significance of his struggle there has not been a major english language study of william since c v wedgwood s biography published in 1944 as such scholars will welcome this publication of koen swart s distinguished and authoritative biography of the first of the hereditary stadholders of the united provinces originally available only in dutch this edition provides an english speaking audience for the first time with a detailed account of william s role in the dutch revolt that reflects the vast amount of scholarship undertaken in the field of european political and religious history over the last few decades in the book swart explores the means by which william established his rule in holland and zeeland in the 1570s and provides an analysis of william s relations with the provincial states the states general and the towns and the creation of a new system of government and finance within this framework of national history he is always careful to locate the subject in its broad international context thus adding to our wider understanding of this turbulent period moreover swart avoids the uncritical glorification of william evident in some previous works and asks searching and pertinent questions concerning the wisdom of william s decisions such as that to break up the pre 1572 unity of the habsburg netherlands in so doing swart provides a much more balanced view than has hitherto been available that not only takes protestant views into account but also contemplates the revolt from the perspective of the catholic population and shows sympathy for charles v s and philip ii s predicament in so doing this book provides the most important revision of william for a century and will undoubtedly have repercussions upon many studying the history of europe in the age of reformations published posthumously this book also includes introductory material written by leading scholars h f k van nierop m e h n mout j israel and a c duke

From Revolt to Riches 2017-03-28

this comprehensive study explains why lille was renowned for adhering to the existing order

The Dutch Revolt and Catholic Exile in Reformation Europe

2014-09-08

this book explores the reception of foreign news during the dutch revolt and the french wars of religion shedding new light on the connections between these conflicts and demonstrating the emergence of critical news audiences

William of Orange and the Revolt of the Netherlands, 1572-84

2017-05-15

reveals the lasting impact of the dutch revolt on britain s commercial religious and political culture

Lille and the Dutch Revolt 2002-05-09

in 1572 towns in the province of holland led by william of orange rebelled against the government of the habsburg netherlands the story of the dutch revolt is usually told in terms of fractious provinces that frustrated orange s efforts to formulate a coherent programme in this book james d tracy argues that there was a coherent strategy for the war but that it was set by the towns of holland although the states of holland were in theory subject to the states general holland provided over 60 per cent of the taxes and an even larger share of war loans accordingly funds were directed to securing holland s borders and subsequently to extending this protected frontier to neighbouring provinces shielded from the war by its cordon sanitaire holland experienced an extraordinary economic boom allowing taxes and loans to keep flowing the goal in sight if not achieved by 1588 was a united provinces of the north free and separate from provinces in the southern netherlands that remained under spanish rule with europe increasingly under the sway of strong hereditary princes the new dutch republic was a beacon of promise for those who still believed that citizens

ought to rule themselves

Rumours of Revolt 2021-03-15

in the dutch wars of independence marjolein t hart assesses the success of the dutch in establishing their independence through their eighty years struggle with spain one of the most remarkable achievements of the sixteenth and seventeenth centuries other rebellions troubled mighty powers of this epoch but none resulted in the establishment of an independent republican state this book tells the story of the eighty years war and its aftermath including the three anglo dutch wars and the guerre de hollande 1570 1680 explores the interrelation between war economy and society explaining how the dutch could turn their wars into commercial successes illustrates how war could trigger and sustain innovations in the field of economy and state formation the new ways of organization of dutch military institutions favoured a high degree of commercialized warfare shows how other state rulers tried to copy the dutch way of commercialized warfare in particular in taking up the protection for capital accumulation as such the book unravels one of the unknown pillars of european state formation and of capitalism the volume investigates thoroughly the economic profitability of warfare in the early modern period and shows how smaller commercialized states could sustain prolonged war violence common to that period it moves beyond traditional explanations of dutch success in warfare focusing on geography religion diplomacy while presenting an up to date overview and interpretation of the dutch revolt the anglo dutch wars and the guerre de hollande

Britain and the Dutch Revolt, 1560-1700 2013

this book reveals the fundamental role rape played in promoting dutch solidarity from 1609 1725 through the identification of particular enemies it directed attention away from competing regional religious and political loyalties patriotic protestant authors highlighted atrocities committed by the spanish and lower class criminals they conversely cast dutch men as protectors of their wives and daughters an appealing characterization that allowed the dutch to take pride in a sense of moral superiority and justify the dutch revolt after the conclusion

of peace with spain in 1648 marginalized authors including catholic priests and literary women employed depictions of rape to subtly advance their own agendas without undermining political stability rape was thus essential in the development and preservation of a common identity that paved the way for the dutch defeat of the mighty spanish empire and their rise to economic pre eminence in europe

The Founding of the Dutch Republic 2008-01-24

frederik hendrik and the triumph of the dutch revolt describes a crucial period in european history during the early seventeenth century the dutch led by frederik hendrik were engaged in a struggle for independence from the mighty spanish empire but spain was allied with its fellow hapsburg power the holy roman empire and europe was convulsed with the thirty years war it was a turbulent time with complex diplomacy shifting alliances monumental battles and more european powers entering the war yet thanks to frederik hendrik s adroit diplomacy and military skill combined with the tenacity of the dutch people the dutch republic emerged from the conflicts and gained full independence eventually becoming a significant european power after tracing these developments the book continues by examining and comparing later nationalist insurgencies in the late twentieth and twenty first centuries it analyses and identifies the factors making for successful insurgencies the key factors of finances and international relations are emphasised this volume is informative and compelling reading for both practitioners and students studying history international relations terrorism and insurgency

The Dutch Wars of Independence 2014-02-24

the rebels of the dutch revolt their political thoughts and the media they used to express them have long been a focus of historical attention this book however focuses on the largely untold story of what the other side the hapsburg regime and its local supporters thought about the conflict and how they responded to rebel accusations to this end a variety of oral written and theatrical media have been examined to discover how the regime made use of the different communication channels available in addition available sources have been

used to document ordinary people's response to the conflict and the various messages they encountered in the public sphere the result is a study that sheds new and sometimes surprising light on the Habsburg regime's approach to communication and opinion forming while also providing a useful corrective to our understanding of rebel propaganda

Rape in the Republic, 1609-1725: Formulating Dutch Identity **2013-08-15**

reprint of the original first published in 1860

Frederik Hendrik and the Triumph of the Dutch Revolt 2020-08-03

this is a study of the role of the German town of Emden in the European Reformation of the 16th century examining the significant part it played for Dutch Protestants as a training centre and a major source of propaganda it also provides a reconstruction of the output of Emden's printing presses

Habsburg Communication in the Dutch Revolt 2012

In 1568 the seventeen provinces in the Netherlands rebelled against the absolutist rule of the King of Spain. A confederation of duchies, counties and lordships, the provinces demanded the right of self-determination, the freedom of conscience and religion, and the right to be represented in government. Their long struggle for liberty and the subsequent rise of the Dutch Republic was a decisive episode in world history and an important step on the path to the universal declaration of human rights. Yet it is a period in history we rarely discuss. In his compelling retelling of the conflict, Anton van der Lem explores the main issues at stake on both sides of the struggle and why it took eighty years to achieve peace. He recounts in vivid detail the roles of the key protagonists, the decisive battles, and the war's major turning points, from the Spanish Governor's Council of

blood to the twelve years truce while all the time unraveling the shifting political religious and military alliances that would entangle the foreign powers of france italy and england featuring striking rarely seen illustrations this is a timely and balanced account of one of the most historically important conflicts of the early modern period

History of the Revolt of the Netherlands 1895

summarises all anti inquisition propaganda of the previous forty years into a political document that validated the dutch revolt

History of the Revolt of the Netherlands 2022-07-27

this volume explores the relationship between politics and pamphleteering in the dutch republic by analyzing the political role of pamphlets and their interplay with other media in public debates the articles provide a new understanding of dutch political culture

Emden and the Dutch Revolt 1992

this book describes the crucial period in the monumental eighty year dutch struggle against the spanish empire through which a small nation gained its independence from one of the mightiest european powers dr ridley shows how even though the dutch revolt was at its lowest point maurits of nassau and the dutch fought on and the revolt survived it was a turbulent time with complex diplomacy and shifting alliances assassination plots france torn by civil war spain spearheading the counter reformation england facing invasion and europe eventually convulsed with the thirty years war in all these the dutch revolt was a significant factor the book also explores subsequent insurgencies over the following three centuries where nationalist groups revolted against european powers and analyzes and identifies essential factors for a successful insurgency the key roles

of finance and international relations in insurgencies are emphasized this volume will be informative and compelling reading for readers and students of history international relations and insurgencies

Revolt in the Netherlands 2019-03-15

presents an overview of early modern dutch history in global context focusing on themes that resonate with current concerns
