given the boost in global immigration and migration as well as the emphasis on creating inclusive classrooms research is turning to the challenges that teachers face with the increasing need for bilingual and multilingual education the benefits of bilingual education are widespread allowing students to develop important cognitive skills such as critical thinking and problem solving as well as opening further career opportunities later in life however very few resources are available for the successful practice and implementation of this education into the curriculum with an even greater lack of appropriate cultural representation in the classroom thus it is essential for educators to remain knowledgeable on the emerging strategies and procedures available for making bilingual and multilingual education successful the research anthology on bilingual and multilingual education is a comprehensive reference source on bilingual and multilingual education that offers the latest insights on education strategy and considerations on the language learners themselves this research anthology features a diverse collection of authors offering valuable global perspectives on multilingual education covering

topics such as gamification learning processes and teaching models this anthology serves as an essential resource for professors teachers pre service teachers faculty of k
12 and higher education government officials policymakers researchers and academicians with an interest in key strategy and understanding of bilingual and multilingual
education

CSB Disciple's Study Bible

1978

in comparing one public school to another discussions frequently include talk concerning the socioeconomics of a school or district which then leads to talk about the
advantages that one socioeconomic setting has over another educators tend to agree that low academic achievement frequently associated with a low socioeconomic status
is a characteristic difficult to resolve for a population of school children the handbook of research on social inequality and education is a critical reference source that provides
insights into social influences on school and educational settings featuring an array of topics including online learning social mobility and teacher preparation this book is
excellent for educational leaders educational researchers teachers academicians administrators instructional designers and teacher preparation programs
