1963

excerpt from gluck his operas with an account of their relation to musical art these essays and criticisms upon the operas of gluck together with the two companion volumes 1 a critical study of beethoven s nine symphonies and 2 miscellaneous essays upon wagner gounod and weber with

addition of some fugitive sketches collectively comprise the great work by Hector Berlioz entitled *A Travers Chants Etudes Musicales Adorations Ecoutades et Critiques* about the publisher Forgotten Books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## ***Gluck & His Operas***

1976

excerpt from *Gluck His Operas* with an account of their relation to musical art the felicitous mode of expression which Berlioz naturally possessed added to his copious knowledge and the extraordinary pains with which the present essays were evidently prepared render the latter so well able to speak for themselves that introduction in the sense of any reference to their detail is unnecessary but it may be useful to refer to the general outline adopted which is one not only of very liberal dimensions but which includes in addition to the usual range of considerations forming part of a dissertation of this description the treatment of a whole group of subjects bearing a subsidiary relation to the main objects of criticism about the publisher Forgotten Books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **Gluck and the Opera**

2009

in this richly illustrated study the Viennese reform of opera and ballet is placed in the context of Christoph Gluck's decade long involvement with the city's first French theatre established in 1752 following a detailed examination of the institutional and cultural frameworks of theatrical life in Maria Theresa's capital drawing upon important new documentary sources and of the interaction between Parisian and Viennese repertories each of the areas of Gluck's activity in the Burgtheater concerts opera comique and ballet and their products are examined in turn such masterworks as

orfeo ed euridice and don juan are shown to be intimately connected with the regular musical repertory of the french theatre which was itself rich in innovation in addition a large number of works by gluck and his colleagues are identified and analyzed here for the first time

## ***Gluck & His Operas***

1972

tracing gluck s life career and legacy the essays offer a variety of approaches to the major issues and controversies surrounding the composer and his works and range from the degree to which reform elements are apparent in his early operas to his contribution to changing perceptions of hellenism the introduction identifies the major topics investigated and highlights the innovatory nature of many of the approaches particularly those which address perceptions of the composer in the nineteenth and twentieth centuries this volume which focuses on one of the most fascinating and influential composers of his era provides an indispensable resource for academics scholars and libraries

## **Gluck and His Operas**

1914

the history of music is most often written as a sequence of composers and works but a richer understanding of the music of the past may be obtained by also considering the afterlives of a composer s works genealogies of music and memory asks how the stage works of christoph willibald gluck 1714 87 were cultivated in nineteenth century paris and concludes that although the composer was not represented formally on the stage until 1859 his music was known from a wide range of musical and literary environments received opinion has hector berlioz as the sole guardian of the gluckian flame from the 1820s onwards and responsible together with the soprano pauline viardot for the revival of the composer s orfeo in 1859 the picture is much clarified by looking at the concert performances of gluck during the first two thirds of the nineteenth century and the ways in which they were received and the literary discourses they engendered coupled to questions of music publication pedagogy and the institutional status of the composer such a study reveals a wide range of individual agents active in the promotion of gluck s music for the parisian stage the revival of orfeo is contextualised among other attempts at reviving gluck s works in the 1860s and the role of berlioz viardot and a host of others re examined

preservation process and thank you for being an important part of keeping this knowledge alive and relevant

## Orpheus

1941

michael ewans explores how classical greek tragedy and epic poetry have been appropriated in opera through eight selected case studies he examines the issues through a comparative analysis of significant divergences of plot character and dramatic strategy between source text libretto and opera

## Gluck His Operas

2017-12-20

j j was born for music jean jacques rousseau wrote of himself not to be consumed in its execution but to speed its progress and make discoveries about it his ideas on the art and about the art are fertile inexhaustible rousseau was a practicing musician and theorist for years before publication of his first discourse but until now scholars have neglected these ideas this graceful translation remedies both those failings by bringing together the essay which john t scott says most clearly displays the juncture between rousseau s musical theory and his major philosophical works with a comprehensive selection of the musical writings many of the latter are responses to authors like rameau grimm and raynal and a unique feature of this edition is the inclusion of writings by these authors to help establish the historical and ideological contexts of rousseau s writings and the intellectual exchanges of which they are a part with an introduction that provides historical background traces the development of rousseau s musical theory and shows that these writings are not an isolated part of his oeuvre but instead are animated by the same system this volume fashions a much needed portal through which literary scholars musicologists historians and political theorists can enter into an important but hitherto overlooked chamber of rousseau s vast intellectual palace

## Gluck and the French Theatre in Vienna

1991

orfeo ed euridice is an opera composed by christoph w gluck based on the myth of orpheus set to a libretto by ranieri de calzabigi it is the first of gluck s reform operas in which he attempted to replace the abstruse plots and overly complex music of opera seria with a noble simplicity in both the music and the drama though originally set to an italian libretto orfeo ed euridice owes much to the genre of french opera particularly in its use of accompanied recitative and a general absence of

vocal virtuosity indeed twelve years after the 1762 premiere gluck re adapted the opera to suit the tastes of a parisian audience at the académie royale de musique with a libretto by pierre louis moline

## **Gluck**

1972

this book explores how the enlightenment aesthetics of theater as a moral institution influenced cultural politics and operatic developments in vienna between the mid eighteenth and early nineteenth centuries moralistic viewpoints were particularly important in eighteenth century debates about german national theater in vienna the idea that vernacular theater should cultivate the moral sensibilities of its german speaking audiences became prominent during the reign of empress maria theresa when advocates of german plays and operas attempted to deflect the imperial government from supporting exclusively french and italian theatrical performances morality continued to be a dominant aspect of viennese operatic culture in the following decades as critics state officials librettists and composers including gluck mozart and beethoven attempted to establish and define german national opera viennese concepts of operatic didacticism and national identity in theater further transformed in response to the crisis of emperor joseph ii s reform movement the revolutionary ideas spreading from france and the war efforts in facing napoleonic aggression the imperial government promoted good morals in theatrical performances through the institution of theater censorship and german opera authors cultivated intensely didactic works such as die zauberflöte and fidelio that eventually became the cornerstones for later developments of german culture
