Guide to SAINIK School Entrance Exam with 5 Practice Sets for Class 6 2011-07-01

this book focuses on the national college entrance exam ncee an important
measurement of education quality in china from both education economics and
education policy perspectives it provides a better understanding and stimulates more
sophisticated evaluations of ncee related policies in china from the perspectives of
education equity the effectiveness of education input and education quality this
book reports inspiring findings based on high quality individual level data
innovative measurement design and various appropriate identification strategies the
most import conclusion is that both education equity and quality can be achieved
using well designed policies based on solid empirical evidence this is likely the
first book published in english to discuss the ncee so extensively from multiple
perspectives using concrete evidence
