Understanding Success and Failure in Adult ESL

2022-04-12

this book explores the reasons why adult esl learners drop out of their language classes and suggests explicit strategies for keeping students engaged the most effective strategies may be personal rather than technical or curricular based on a study of a group of mexican immigrants to the us the author proposes that superación or self actualization is crucial to understanding the relative success of adult esl learners learners decisions to drop out were not hasty or superficial but were based on a commonsense assessment concerning how the class might improve the quality of their lives those involved in delivering esl to adult learners should stress the tangible practical advantages that accrue with learning english and at the same time strive to make instruction relevant

Developing International EFL/ESL Scholarly Writers

2015-03-30

this study had a research purpose and a pedagogical purpose research disclosed the dynamic changing nature of learner internal and learner external variables that influence strategic competence for developing efl esl writers this competence was found necessary for international graduate students to move from writer centered learning to reader centered communication the research instruments proved to be practical tools for guiding learners processes of learning and writing a scholarly paper or article and avoiding plagiarism the implication for teachers and program administrators is a systematic approach for developing self regulation control in efl esl writing the first part of the book reports on the mixed methods quantitative and qualitative research the second part gives an in depth report of the 6 cases used in the research the third part presents tools for systematically developing self regulation in scholarly and academic writing with a student and teacher checklists for formative assessment that are valid and reliable and b a model syllabus for teachers that can be adapted across disciplines and genres these tools deal with learning strategies and their applications to writing and writing instruction
