when sonia nassery cole set out to film the black tulip in her homeland of afghanistan she knew the odds were against her she was told time and time again that filming inside a war zone would be impossible what she didn t anticipate was how intent the taliban and its sympathizers were on halting the film s production the crew encountered extortion government corruption kidnapping attempts and death threats even with around the clock security her cinematographer fled after two days and many others followed after 9 11 cole wrote the black tulip based on a true story of a real afghan family the plot was simple after 2001 when the taliban was routed an afghan family opened the poet s corner a restaurant with an open microphone for all to read poetry perform music and tell their stories but the taliban didn t approve and the family s new found hope proved fleeting as it struggled to maintain the restaurant and its vibrant way of life selected as afghanistan s official submission for the best foreign language film at the 2010 academy awards the black tulip is a modern

portrait of afghanistan that captures the plight and resilience of its people without financial support from a studio or anyone else cole self financed the film by mortgaging her home and selling her belongings then with everything on the line she left for kabul to make the impossible possible and set out to gather the right people who would risk their lives and willingly be part of the production in will i live tomorrow cole gives an intimate look into what went on behind the scenes of making a controversial film in the heart of a war ravaged country the looming terror the taliban creates among afghans everywhere and the challenges and fear the cast and crew faced every day will i live tomorrow is a memoir about one woman s struggle to make a difference in a violent world

among urban designers and municipal officials the term encroachment is defined as a deviation from the official master plan but in cities today such informal modifications to the urban fabric are deeply enmeshed with formal planning procedures master plans and encroachments examines informality in the high modernist city of islamabad as a strategic conformity to official schemes and regulations rather than as a deviation from them for the new administrative capital of pakistan designed in 1959 by greek architect and planner constantinos a doxiadis islamabad s master plan offers a clear template of formal urban design within which informal spaces and processes have been articulated drawing on deep archival research wide ranging interviews and an array of visual material including photographs maps and architectural drawings faiza moatasim shows how islamabad s master plan is not simply a blueprint that guides future urban development or makes its violations apparent it is used by both city officials and citizens to develop informal spaces that accommodate unfulfilled needs and desires of those living and working in the city master plans and encroachments is the first book that examines the informal practices of both the privileged and the underprivileged the book highlights how low middle and upper income people do not randomly build informal spaces they strategically use architectural techniques to support their informal claims to space which are often met with the government s tacit approval by focusing on those spaces in islamabad s urban fabric that are not part of its official master plan the book demonstrates how planning actually works in complex ways

## Micro Credit Management by Women's Self-help Groups

2021-08-19

entrepreneurs and entrepreneurial companies live or die by the quality of their plans and proposals whether it is to get funding for a new product line or business from a client writing hard hitting prose that answers essential questions and makes specific requests is an indispensable skill entrepreneur ad man and writing teacher dennis chambers shows how entrepreneurs can persuade people through skillful writing to pony up capital or contracts this ability which can be learned is rare in today's media saturated world but it counts more than ever if an entrepreneur wants to make it over the magical five year hump and on into lasting business success numerous examples and exercises ensure that entrepreneurs understand how the writing game is played and that they play it well unfortunately most don't play this game well most business writers mistakenly believe their task is to inform they write to fill an information gap or to update the reader on a particular project or they write about what's important to them what these writers do not take into account is that the speed of today's work world has reached overdrive the typical reader simply doesn't have time to ponder dense poorly organized information and intuit the appropriate action and readers don't give a hoot about what's important to the writer they want to know what's in it for themselves business writers need to use all the tools at their command to persuade inspire action and in general move a project forward this book is about how to be persuasive in two key skills in business writing proposals and writing business plans step by step dennis chambers illustrates the techniques of effective business writing with numerous examples throughout whether the objective is to secure financing from an investor lay out a marketing strategy or secure a large contract getting results requires crafting an effective structure for the proposal and using words that sell chambers is an able guide in saving entrepreneurs time and undue effort while reaching the goal of long term business success

## E-Commerce Business, Shopify & Amazon FBA

2007-12-30

entrepreneurship is often focused on understanding new ventures but the entrepreneurial flame is required in growing organisations too this textbook examines how organisations can become more entrepreneurial to achieve sustainable growth the authors show how entrepreneurship can be used to address crisis points of growth within small firms and to overcome the limitations of stagnation within large firms by integrating entrepreneurship and innovation management the book presents a framework to diagnose entrepreneurial behaviour within existing firms drawing upon research and reflecting practice across a range of industries from football through silicon valley to the retail sector it includes insights from leading practitioners the authors build an understanding of entrepreneurship in context to provide diagnostic tools to help organisations make entrepreneurship central to their culture this unique text is therefore useful reading for business students from advanced undergraduate to executive education
