swat commander lieutenant william peterson finds himself under investigation from the police and is forced to defend his honor his career and his team against a supervisor determined to bring him down of claire berlinski s marvelous debut novel loose lips a perfect blend of satire romance and suspense featuring a young female cia operative book critic frank bascombe observed it s more than a little obvious that protagonist selena keller is claire berlinski despite her assertions to the contrary berlinski isn t above poking fun at that notion in her hilarious and intriguing new novel in lion eyes a fictional claire the author of a novel about love among young cia trainees is unsuccessfully dodging a deadly paris heat wave and her even deadlier ex boyfriend when she receives an e mail from an iranian admirer who wonders how to obtain a copy of loose lips in his native city of esfahan claire wastes no time in replying her correspondence with the mysterious stranger arsalan whose name means the lion in persian quickly becomes personal then intimate then obsessive as claire heads to istanbul to find relief from the heat her electronic flirtation with arsalan begins inevitably to consume her the boundary between reality and her imagination blurs and then disappears the lion meanwhile is nurturing his own powerful fantasies about the author to satisfy their growing passion they agree to meet back in paris but claire soon learns that someone is secretly intercepting their communications suddenly claire s romantic dreams start to dissolve as events take an unimagined turn and as life begins menacingly to imitate art claire discovers that the lion is not who she thinks he is clever and witty lion eyes showcases intriguing characters exotic locales snappy double entendres clever spy games and the forbidden pleasure of reading other people s mail claire berlinski the real claire berlinshi that is expertly plots out chance and chase love and lies and brings it all together with intelligence counterintelligence and a dossier full of humor a collection of stories passed down orally for generations reflecting the customs and traditional beliefs of the pueblo people it was a new skill one that might change the world what could a person do who could track empathy his friends call him lion he is the first of his kind some describe it as emotional foresight but really he can see cultural trends before they emerge what he didn t expect was for big pharma to come calling in 2025 technology has made massive leaps forward not every group wants to use it for good artic pharmaceuticals has a new drug and a bad idea they call on lion because he is the key to getting the formula they need but when he starts to sense their hidden agenda will they take drastic action then lion discovers a decapitated human head is he being hunted can he stop a global disaster you ll love this edge of your seat cyberpunk thriller because it will keep you turning the pages late into the night get it now this edited book examines names and naming policies trends and practices in a variety of multicultural contexts across america europe africa and asia in the first part of the book the authors take theoretical and practical approaches to the study of names and naming in these settings exploring legal societal political and other factors in the second part of the book the authors explore ways in which names mirror and contribute to the construction of identity in areas defined by multiculturalism the book takes an interdisciplinary approach to onomastics and it will be of interest to scholars working across a number of fields including linguistics sociology anthropology politics geography history religion and cultural studies new york times bestselling author steven kotler s follow up to last tango in cyberspace a near future thriller about the evolution of empathy in the tradition of william gibson and Neal Stephenson hard to say exactly when the human species fractured harder to say when this new talent arrived but lion zorn protagonist of last tango in cyberspace is the first of his kind an empathy tracker an emotional forecaster with a felt sense for how culture evolves and the future arrives it s also a useful skill in today s competitive business market in the devil s dictionary when a routine em tracking job goes sideways and em trackers themselves start disappearing lion finds himself not knowing who to trust in a life and death race to uncover the truth and when the trail leads to the world s first mega linkage a continent wide national park advertised as the best way to stave off environmental collapse and exotic animals unlike any on earth start showing up lion s quest for truth becomes a fight for the survival of the species packed with intrigue and heart pounding action marked by unforgettable characters and vivid storytelling filled with science based brilliance and cult comic touches the devil s dictionary is steven kotler at his thrilling science fiction best throughout her childhood safiya sinclair s father a volatile reggae musician and militant adherent to a strict sect of rastafari became obsessed with her purity in particular with the threat of what rastas call babylon the immoral and corrupting influences of the western world outside their home he worried that womanhood would make safiya and her sisters morally weak and impure and believed a woman s highest virtue was her obedience in an effort to keep babylon outside the gate he forbade almost everything in place of pants the women in her family were made to wear long skirts and dresses to cover their arms and legs head wraps to cover their hair no make up no jewelry no opinions no friends safiya s mother while loyal to her father nonetheless gave safiya and her siblings the gift of books including poetry to which safiya latched on for dear life and as safiya watched her mother struggle voicelessly for years under housework and the rigidity of her father s beliefs she increasingly used her education as a sharp tool with which to find her voice and break free inevitably with her rebellion comes clashes with her father whose rage and paranoia explodes in increasing violence as safiya s voice grows lyrically and poetically a collision course is set between them the cigarette is the deadliest artifact in the history of human civilization it is also one of the most beguiling thanks to more than a century of manipulation at the hands of tobacco industry chemists in golden holocaust robert n proctor draws on reams of formerly secret industry documents to explore how the cigarette came to be the most widely used drug on the planet with six trillion sticks sold per year he paints a harrowing picture of tobacco manufacturers conspiring to block the recognition of tobacco cancer hazards even as they ensnare legions of scientists and politicians in a web of denial proctor tells heretofore untold stories of fraud and subterfuge and he makes the strongest case to date for a simple yet ambitious remedy a ban on the manufacture and sale of cigarettes everett emerson s gone looking for trouble there s an
