Wonders and Mysteries of Ancient Egypt | Ancient Civilization | Egypt for Kids | Fourth Grade Social Studies | Children's Geography & Cultures Books 2019-08

this report of the evaluation study provides a greater focus on measuring the impact of the larger takaful program and also attempts to measure the impact of the much smaller karama program in addition ifpri will conduct a qualitative assessment of the takaful and karama program focused on learning about the experience with the program among the poorest beneficiary households this qualitative assessment will also draw lessons from the quantitative survey to provide another report on the experience of very poor households the remainder of this report is organized as follows chapter 2 provides an overview of the takaful and karama program chapter 3 summarizes the impact evaluation design chapter 4 describes the evaluation survey and sample chapter 5 provides context for the program by using the survey data to summarize the characteristics of beneficiary and non beneficiary households and describe beneficiaries experience with program implementation chapter 6 presents the impact estimates for takaful and chapter 7 the estimates for karama chapter 8 uses data from a separate representative sample of households collected during the survey to assess the targeting performance of the program chapter 9 concludes and discusses implications for social policy in egypt

Wonders and Mysteries of Ancient Egypt - Ancient Civilization - Egypt for Kids - Fourth Grade Social Studies - Children's Geography & Cultures Books 2019-11-22

this qualitative evaluation of the takaful cash transfer program was conducted between january and april 2018 by a team of researchers trained in qualitative methods the evaluation sought to further delve into and explain dimensions of the takaful transfers impact on beneficiaries that were previously under investigated in the quantitative survey in so doing the quantitative components findings were also further contextualized and clarified this qualitative component s main goals therefore were to explore the differences between the transfers impact on ultra poor households and households near the threshold the differences in how the two household types use the transfer and the impact of the transfers on intrahousehold decision making with special focus on women

Impact evaluation study for Egypt's Takaful and Karama cash transfer program: Part 1: Quantitative report ***2018-10-19***

curriculum mapping initiatives are started with the essential goal of improving student achievement yet the mapping process can be challenging to navigate or lead while the main work of curriculum

mapping is conducted by classroom teachers administrators must be actively involved and they must also take into account the demands curriculum mapping places on teachers this book provides administrators with the foundational understandings and specific guidance and strategies to effectively support a curriculum mapping initiative in their schools and districts the authors discuss administrative leadership for curriculum mapping including the roles and responsibilities of various administrative positions such as the superintendent headteacher and curriculum director and provide protocols and procedures for writing administrative maps a leader s guide to curriculum mapping offers concrete information and suggestions for moving a curriculum mapping initiative forward in a positive manner and ultimately ensuring that curriculum mapping is not only sustained but is embedded in the cultural consciousness and becomes the natural way of conducting professional curriculum work throughout a learning organization the book includes brief but necessary coverage of theory and foundational concept focuses on administrative leadership with curriculum design in mind and administrative support for systemic change provides administrators with guidance protocols and step by step directions for the stages of a curriculum mapping initiative offers practical applications realistic expectations and real life examples addresses significant concerns such as time and resources necessary for sustainability

Impact evaluation study for Egypt's Takaful and Karama cash transfer program: Part 2: Qualitative Report

2018-10-25

this is an up to the moment engaging multicultural introduction to education and teaching and the challenges and opportunities they present together the four authors bring a rich blend of theory and practical application to this groundbreaking text jeannie oakes is a leading education researcher and former director of the ucla teacher education program martin lipton is an education writer and consultant and has taught in public schools for 31 years lauren anderson and jamy stillman are former public school teachers now working as teacher educators this unique comprehensive foundational text considers the values and politics that pervade the u s education system explains the roots of conventional thinking about schooling and teaching asks critical questions about how issues of power and privilege have shaped and continue to shape educational opportunity and presents powerful examples of real teachers working for equity and justice taking the position that a hopeful democratic future depends on ensuring that all students learn the text pays particular attention to inequalities associated with race social class language gender and other social categories and explores teachers role in addressing them the text provides a research based and practical treatment of essential topics and it situates those topics in relation to democratic values issues of diversity and cognitive sociocultural and constructivist perspectives on learning the text shows how knowledge of education foundations and history can help teachers understand the organization of today s schools the content of contemporary curriculum and the methods of modern teaching it likewise shows how teachers can use such knowledge when thinking about and responding to headline issues like charter schools vouchers standards testing and bilingual education to name just a few central to this text is a belief that schools can and must be places of

extraordinary educational quality and institutions in the service of social justice thus the authors address head on tensions between principles of democratic schooling and competition for always scarce high quality opportunities woven through the text are the voices of a diverse group of teachers who share their analyses and personal anecdotes concerning what teaching to change the world means and involves click here for book website pedagogical features digging deeper sections referenced at the end of each chapter and featured online include supplementary readings and resources from scholars and practitioners who are addressing issues raised in the text instructor s manual offers insights about how to teach course content in ways that are consistent with cognitive and sociocultural learning theories culturally diverse pedagogy and authentic assessment new to this edition

An Educational Leader's Guide to Curriculum Mapping

2010-06-28

the swiss agency for development and cooperation sdc funded improving employment and income through development of egypt s aquaculture sector ieideas project was implemented by worldfish in partnership with care egypt and the egyptian ministry of agriculture and land reclamation from 2011 to 2014 and later extended to november 2015 the project focused on four governorates with significant aquaculture production kafr el sheikh behera sharkia and fayoum and one governorate el mineya where aquaculture was a new activity the project was based on a value chain analysis conducted by worldfish in september 2011 that identified the aquaculture value chain as a

significant employer particularly in rural areas the analysis suggested that there was scope to increase employment of youth and women in the aquaculture sector the main objective was to increase aquaculture production by 10 and create 10 000 jobs other objectives included improving profitability for existing producers securing employment for women fish retailers expanding aquaculture in el mineya and improving the policy environment for aquaculture

We're Born to Learn 2017-12-14

typical life circumstances for military families may impact their participation in prevention programs yet little is known about what factors influence their participation the current study examined predictors of attendance in the strengthening families program for parents and youth 10 14 for military families a universal in person program designed to improve family functioning and reduce youth substance misuse and other problem behaviors participants included 159 parent child dyads randomly selected to be offered the 7 week family program analyses examined demographic characteristics deployment experiences time spent waiting for the program to begin and psychosocial functioning as predictors of attendance in a series of regression models of the 39 percent of families that attended any program sessions the majority 71 percent attended at least four of the seven sessions attendance varied significantly across the geographic areas in which

groups were held prior service utilization youth conduct problem behavior parental history of deployment and family conflict were each positively associated with attendance whereas parent tobacco use was negatively associated with attendance these results highlight the challenges in recruiting military families into in person prevention programs and suggest that extra efforts may be needed to engage families that do not perceive that they have a need for support

Handbook of Research on Instructional Technologies in Health Education and Allied Disciplines 2013-02-01

agri-food value chains of small and medium sized producers in the near east and north africa region have the potential to generate more value through improved access to high value markets limited logistics capacity in the region coupled with lack of access to continuous cold chain has resulted in weak supply chain management high level of food loss lack of compliance with food quality and

safety standards information asymmetries and unfair value distribution affecting income and livelihood of small and medium sized producers improving traceability and transparency along the agrifood value chains can help building consumers trust by better tracking the origin of food identifying detecting and mitigating the impact of food safety and quality issues in a timely manner and enhancing price visibility and information sharing on value distribution in each stage of the value chain digital technologies can play an important role in enhancing traceability and transparency by ensuring the collection of comprehensive consistent and reliable data along the supply chain real time tracking easy aggregation integration analysis and sharing of data despite the recognition of game changing potential few studies have analysed the feasibility of application of these technologies to improve traceability and transparency of value chains from farm gate to market in the region to fill this gap in knowledge this study was conducted to understand the digital landscape in the region examine barriers and incentives for uptake of these technologies and to propose solutions that can improve the adoption rate and sustainability of digital technologies for small and medium sized producers
