evaluate overall executive branch organization and efficiency hearing includes reports by citizens board of inquiry into hunger and malnutrition in the u s hunger u s a 1968 p 349 450 and by edgar s and jean camper cahn the new sovereign immunity 1968 p 477 541 when president george w bush came into office in january 2001 he arrived from a campaign in which he had emphasised efficiency in government particularly through the use of information technology but had not revealed any plans for reorganising the executive branch then in the aftermath of the september 11 2001 terrorist attacks on the world trade center and the pentagon the organisation of the federal government for maintaining homeland security and combating terrorism became an important consideration for both the president and the 107th congress establishment of the office of homeland security in october 2001 as a co ordinating entity as an important first step followed by the president s june 6 2002 call for the creation of a department of homeland security this book regards reorganisation and management as involving the alteration of the program administrative structure and operations of the executive branch the lobbying disclosure act create a central eb disclosure database take no action appendix cabinet level exec dept s recovery act websites the presidency and the agencies of the executive branch are deeply interwoven with other core institutions of american government and politics while the framers of the constitution granted power to the president they likewise imbued the legislative and judicial branches of government with the powers necessary to hold the executive in check the executive branch edited by joel d aberbach and mark a peterson examines the delicate and shifting balance among the three branches of government which is constantly renegotiated as political leaders contend with the public s paradoxical sentiments yearning for strong executive leadership yet fearing too much executive power and welcoming the benefits of public programs yet uneasy about and indeed often distrusting big government the executive branch a collection of essays by some of the nation s leading political scientists and public policy scholars examines the historical emergence and contemporary performance of the presidency and bureaucracy as well as their respective relationships with the congress the courts political parties and american federalism presidential elections are defining moments for the nation s democracy by linking citizens directly to their government elections serve as a mechanism for exercising collective public choice after the election however the work of government begins and involves elected and appointed political leaders at all levels of government career civil servants government contractors interest organizations the media and engaged citizens the essays in this volume delve deeply into the organizations and politics that make the executive branch such a complex and fascinating part of american government the volume provides an assessment from the past to the present of the role and development of the presidency and executive branch agencies including analysis of the favorable and problematic strategies and personal attributes that presidents have brought to the challenge of leadership it examines the presidency and the executive agencies both separately and together as they influence or are influenced by other major institutions of american government and politics with close attention to how they relate to civic participation and democracy this monograph offers a theoretical foundation of the executive branch in western democracies and argues that the tension between dominance and submission is maintained by the adoption of various forms of fuzziness under which a guise of legality masks the absence of the substantive limitation of power in this lively accessible and highly informative survey readers come to understand the workings of american representative democracy they learn about the constitution checks and balances and how the executive branch of government is organized the president and vice president s powers are studied as well as those of the cabinet and staff who offer help to the executive office readers discover the power of the veto how policy is crafted how the president carries out enumerated and implied powers that are mentioned in the constitution and what happens when a departing president hands over the office to the new president cabinets and counselors the president and the executive branch second edition details the history structure and functions of the white house staff supporting executive branch organizations and the cabinet the book also gives an overview of the origins development and modern day structure of every executive department independent federal agency and government corporation the contributions of presidential commissions to the white house decision making process are also discussed the scope of presidential authority has been a constant focus of constitutional dispute since the framing the bases for presidential appointment and removal the responsibility of the executive to choose between the will of congress and the president the extent of unitary powers over the military even

the ability of the president to keep secret the identity of those consulted in policy making decisions have all been the subject of intense controversy the scope of that power and the manner of its exercise affect not only the actions of the president and the white house staff but also all staff employed by the executive agencies there is a clear need to examine the law of the entire executive branch the law of the executive branch presidential power places the law of the executive branch firmly in the context of constitutional language framers intent and more than two centuries of practice in this book louis fisher strives to separate legitimate from illegitimate sources of power through analysis that is informed by litigation as well as shaped by presidential initiatives statutory policy judicial interpretations and public and international pressures each provision of the us constitution is analyzed to reveal its contemporary meaning in concert with the application of presidential power controversial issues covered in the book include unilateral presidential wars the state secrets privilege extraordinary rendition claims of inherent presidential powers that may not be checked by other branches and executive privilege starts with a chronology then provides a chapter on the roles and functions of the american president succeeding chapters look at the evolution of the presidency through several lenses profiles of a handful of presidents who effected truly momentous changes in the presidency s 200 year development washington lincoln the two roosevelts and nixon a discussion of presidential generations and an analysis of five presidential elections edited highlights from inaugural addresses comprise the volume s second half what are the powers and duties of the president how did the executive branch begin what does the cabinet do answers to those questions and more are revealed through interesting and informative activities that help students understand how their government works the authors examine some of the key strategies past presidents have used to lead the departments and agencies of the executive branch although centralizing power among the white house staff became the preferred alternative during the 20th century the authors argue that this strategy insulates the president from valuable knowledge and experience in the departments and agencies this shortcoming combined with the unchecked proliferation of departments and agencies has made it difficult for the president to develop meaningful trusting relationships with each cabinet member a comprehensive reorganization such as the one recommended in 2003 by the national commission on the public service also known as the volcker commission could redress some of the inherent limitations of centralizing power in the white house reducing the number of cabinet secretaries for instance could improve the chances that these secretaries will develop more effective direct and hands on relationships with future presidents missing from the case for comprehensive reorganization however is a systematic study of cabinet agency performance before launching into large scale reorganization a careful inquiry should be undertaken of the successes and failures of the largest cabinet agencies the departments of defense health and human services and homeland security using the classification and numbering system of the official illinois compiled statutes effective january 1 1993
