Faulkner 2010-12-01 william faulkner 1897 1962 remains the pre eminent literary chronicler of the american south and a giant of american arts and letters creatively obsessed with problems of race identity power politics and family dynamics he wrote novels stories and lectures that continue to shape our understanding of the region s promises and problems his experiments and inventions in form and style have influenced generations of writers originally published in 1974 as a two volume edition and extensively updated and condensed in a 1991 reissue joseph blotner s faulkner a biography remains the quintessential resource on the nobel laureate s life and work the chicago tribune said this is an overwhelming book indispensable for anyone interested in the life and works of our greatest contemporary novelist that invaluable 1991 edition is now back in print blotner a friend and one time colleague of faulkner s brings a vivid personalized tone to the biography as well as a sense of masterful comprehensive scholarship using letters inter views reminiscences critical work and other primary sources blotner creates a detailed and nuanced portrait of faulkner from his birth to his death the revision of the original 1974 biography incorporates commentary on the plethora of faulkner criticism family memoirs and posthumously published works that appeared in the wake of the first version it also examines collections of letters and other materials that only came to light after the original publication featuring a detailed chronology of faulkner s life and a genealogical chart of his family faulkner is authoritative and essential both for literary scholars and for anyone wanting to know about the life of one of the nation s foremost authors blotner s masterpiece is the template for all biographical work on the acclaimed writer

New York State Folklife Reader 2013-09-03 new york and its folklore scholars hold an important place in the history of the discipline in new york dialogue between folklore researchers in the academy and those working in the public arena has been highly productive in this volume the works of new york s academic and public folklorists are presented together unlike some folklore anthologies new york state folklife reader does not follow an organizational plan based on regions or genres because the new york folklore society has always tried to give folklore back to the people the editors decided to divide the edited volume into sections about life processes that all new york state residents share the book begins with five essays on various aspects of folk cultural memory personal family community and historical processes of remembrance expressed through narrative ritual and other forms of folklore following these essays subsequent sections explore aspects of life in new york through the lens of play work resistance and food both the new york folklore society and its journal were as society cofounder louis jones explained intended to reach not just the professional folklorists but those of the general public who were interested in the oral traditions of the state written in an accessible and readable style this volume offers a glimpse into new york state s rich cultural diversity

Encyclopedia of Library and Information Science 1985-02-27 the encyclopedia of library and information science provides an outstanding resource in 33 published volumes with 2 helpful indexes this thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science impeccably researched cross referenced alphabetized by subject and generously illustrated the encyclopedia of library and information science integrates the essential theoretical and practical information accumulating in this rapidly growing field

Education 1965 william faulkner more than any other writer is intimately associated with the south about which he wrote this book reveals the man and his family and the ways in which southern culture and his own life were wound around one another in his greatest works

Hearings 1970 at the dawn of the 1930s a new empowered and liberated image of the female was taking root in popular culture in the west this modern woman archetype was also penetrating into eastern cultures however challenging the chinese and japanese historical norm of the woman as homemaker servant or geisha through a focus on the writings of the western women who engaged with the far east and the eastern writers and personalities who reacted to this new global gender communication by forming their own separate identities katrina gulliver reveals the complex redefining of the self taking place in a crucial time of political and economic upheaval including an analysis of the work of nobel prize laureate pearl s buck the modern woman in china and japan is an important contribution to gender studies and will appeal to historians and scholars of china and east asia as well as to those studying asian and american literature

William Faulkner and Southern History 1993 this book investigates the entire spectrum of techniques for portraying the mental lives of fictional characters in both the stream of consciousness novel and other fiction each chapter deals with one main technique illustrated from a wide range of nineteenth and twentieth century fiction by writers including stendhal dostoevsky james mann kafka joyce proust woolf and sarraute

Modern Women in China and Japan 2012-02-21 debate about self person or individuality has come to be recognized as a crisis of modern times since it is our fashion to call problems that are either poorly formulated or inadequately resolved by empirical investigation philosophic a would be science of personality may be labelled philosophic though they could as easily be called logical or empirical

Transparent Minds 2020-05-05 despite the stodgy stereotypes libraries and librarians themselves can be quite funny the spectrum of library humor from sources inside and outside the profession ranges from the subtle wit of the new yorker to the satire of mad this examination of american library humor over the past 200 years covers a wide range of topics and spans the continuum between light and dark from parodies to portrayals of libraries and their staffs as objects of fear it illuminates different types of librarians the collector the organization person the keeper the change agent and explores stereotypes like the shushing little old lady with a bun the male scholar librarian the library superhero and the anti stereotype of the sexy librarian profiles of the most prominent library humorists round out this lively study

Personality in Social Theory 2017-07-05 dr gruman's book examines the quest for longevity and immortality up to the year 1800 he presents multicultural perspectives and attitudes as depicted in islamic and chinese societies as well as in western civilization this scholarly work contributes to our understanding of the origins of medicine personal hygiene and public health as well as the underlying psychological and social determinants of longevity and humanity's longing for its attainment

The Laughing Librarian 2014-01-10 the dark side of shakespeare trilogy by w ron hess has been his 20 year undertaking to try to fill in many of the gaps in knowledge of shakespeare's personality and times the first two volumes investigated wide ranging topics including the key intellectual attributes that shakespeare exhibited in his works including the social and political events of the 1570s to early 1600s this was when hess believes the bard's works were being originated the earliest phases of artistry from conception or inspiration to the first of multiple iterations of writing hess highlights a peculiar fascination that the bard had with the half brother of spain's philip ii the heroic don juan of austria or in 1571 the victor of lepanto from that fascination as determined by characters based on don juan in the plays e.g the villain don john in much ado and other matters hess even made so bold as to propose a series of phases from the mid 1570s to mid 80s in which he feels each shakespeare play had been originated or some early form of each play then existed if not in writing at least in the bard's imagination thus the creative process hess describes is a vastly more protracted on than most shakespeare scholars would admit to the absurd notion that the bard would jot off the lines of a work in a few days or weeks and then immediately have it performed on the public stage or published shortly thereafter still dominates orthodox dating systems for the canon hess draws on the works of many other scholars for using topical allusions within each work in order to set practical limits for when the origination and subsequent alterations of each play occurred in the trilogy's volume iii hess continues to amplify a heroic knight errant personality type that shakespeare's very pen name may have been drawn from a type which envied and transcended the brutal chivalry of don juan this was channeled into a patriotic anti spanish and pro british imperial spirit particularly with regard to reforming and improving the english language so that it could rival the greco roman italian and french poetic traditions one upping the best that the greats of antiquity and the renaissance had achieved in literature in fact as vast as the story is that hess tells in his three volumes there is a huge volume of material he is making available out of print on his webpage at home earthlink net beornshall index.html and via a volume iv that he plans to offer on cd for a nominal cost via his e mail beornshall earthlink net among this added material is a searchable 1 000 page chronological listing of everything that hess deems relevant to shakespeare and his age or to the providing of the canon to modern times hess feels that discernable patterns can be detected through that chronology that help to illuminate the roles of others in the bard's circle such as anthony munday and thomas heywood the network of 16th and 17th century stationers printers publishers and book sellers and their often curious doings provide many of those patterns hess invites his readers to help to continuously update the chronology and other materials so that those can remain worthwhile research resources for all to use for the mysteries of shakespeare and his age can only be unraveled through fully understanding the patterns within

A History of Ideas About the Prolongation of Life 2003-02-26 balancing the books represents a sophisticated examination of the ongoing engagement of american literature with the economies of slavery through the works of william faulkner and toni morrison both faulkner and morrison write about the relationship between race identity and history and about how the legacies of slavery linger in the lives and actions of their characters although the narrative strategies through which they render these themes ultimately diverge dussere brings considerations of debt and repayment exchange and accounting and capital and the market concepts inseparable from any consideration of race in the construction of the american nation into dialogue with the work of faulkner and morrison to produce an outstanding work of literary and cultural criticism

The Dark Side of Shakespeare: An Elizabethan Courtier, Diplomat, Spymaster, & Epic Hero 2003-10-30 william faulkner was one of the few major writers of the period following world war i to retain a sense of the place of abstractions in life and in art faulkner saw life as a process of flux and change and abstractions as a means of either denying actuality or of coping with change and providing a solid touchstone in the flux william faulkner the abstract and the actual is the first critical study of faulkner to examine in depth the theme of evasion and distortion of existence through abstractions a theme that can be found to a greater or lesser degree in every faulkner novel the book covers the entire seventeen novel canon and includes discussions of a significant number of short stories its thematic

organization points out the unity and continuity of Faulkner's work examining the interrelationships between Faulkner's fiction and modern thinking Panthea Broughton shows the insight Faulkner had into the philosophical problem of the abstract versus the actual she concludes that the central dilemma in Faulkner's fiction resistance to flux or change is also one of the salient problems of the modern world

Balancing the Books 2013-05-24 a penetrating overview of Japan from a historical social political economic and cultural perspective
William Faulkner 1999-03-01 exporting Japanese aesthetics brings together historical and contemporary case studies addressing the evolution of international impacts and influences of Japanese culture and aesthetics the volume draws on a wide range of examples from a multidisciplinary team of scholars exploring transnational regional and global contexts studies include the impact of traditional Japanese theatre and art through to the global popularity of contemporary anime and manga under the banner of soft power or cool Japan cultural commodities that originate in Japan have manifested new meanings outside Japan by re-mapping meanings of selected Japanese cultural forms this volume offers an in-depth examination of how various aspects of Japanese aesthetics have evolved as exportable commodities the motivations behind this diffusion and the extent to which the process of diffusion has been the result of strategic planning each chapter presents a case study that explores perspectives that situate Japanese aesthetics within a wide-ranging field of inquiry including performance tourism and visual arts as well as providing historical contexts the importance of interrogating the export of Japanese aesthetics is validated at the highest levels of government which formed the office of cool Japan in 2010 and which perhaps originated in the 19th century at governmentally endorsed cultural courts at world fairs increased international consumption of contemporary Japanese culture provides a much needed boost to Japan's weakening economy the case studies are timely and topical as host of the 2020/2021 Tokyo Olympic Games and the 2025 Osaka Expo Cool Japan will be under special scrutiny

Japan and the Shackles of the Past 2014 this book presents an intellectual history and theoretical exploration of black humanism since the civil rights era humanism is a human-centered approach to life that considers human beings to be responsible for the world and its course of history both the heavily theistic climate in the United States as well as the dominance of the black church are responsible for black humanism's existence in virtual oblivion for those who believe the world to be one without supernatural interventions human action matters greatly and is the only possible mode for change humanists are thus committed to promoting the public good through human effort rather than through faith black humanism originates from the lived experiences of African Americans in a white hegemonic society viewed from this perspective black humanist cultural expressions are a continuous push to imagine and make room for alternative life options in a racist society Alexandra Hartmann counters religion's hegemonic grasp and uncovers black humanism as a small yet significant tradition in recent African American culture and cultural politics by studying its impact on African American literature and the ensuing anti-racist potentials the book demonstrates that black humanism regards subjectivity as embodied and is thus a worldview that is characterized by a fragile hope regarding the possibility of progress racial and otherwise in the country

Books for Junior College Libraries 1969 this book's premise is that a novel's ideas about the human drama are not necessarily the same as those its author consciously holds meaning that a close reading of Theodore Dreiser's artistic portrayal of modern America in an American tragedy reveals the idea that he transcends the empirical premises of his presumed naturalistic thought to affirm the reality of the self and the importance of selfhood based on this crucial premise and intensive analysis of the novel's text Professor Orlov's study develops an argument offering many original views of the tragedy's meanings and artistry there is new light here on the fact that Dreiser sees the subversion of the idea of self in a highly materialistic society as the heart of his characters' tragic experiences ultimately then this study suggests that an American tragedy is an antinaturalistic statement about the self's intrinsic importance

Exporting Japanese Aesthetics 2020-05-04 originally published in 1993 this was the first volume of essays devoted to the works of Cormac McCarthy immediately it was recognized as a major contribution to studies of this acclaimed American author American literary scholarship hailed it as a model of its kind it has since established itself as an essential source for any McCarthy scholar student or serious reader in 1993 McCarthy had recently published *All the Pretty Horses* 1992 the award-winning first volume of the border trilogy the second volume *The Crossing* appeared in 1994 and the concluding novel *Cities of the Plain* in 1998 the completion of the trilogy one of the most significant artistic achievements in recent American literature calls for further consideration of McCarthy's career this revised volume therefore contains in addition to the original essays an updated version of Gail Morrison's article on *All the Pretty Horses* plus two original essays by the editors of *The Crossing* Luce and *Cities of the Plain* Arnold except for McCarthy's drama *The Stonemason* 1994 all the major publications are covered in this collection Cormac McCarthy is now firmly established as one of the masters of American literature his first four novels his screenplay *The Gardener's Son* and his drama *The Stonemason* are all set in the South starting with *Blood Meridian* 1985 he moved west to the border country of Texas and Old and New Mexico to create masterpieces of the Western genre few writers have so completely and successfully described such different locales customs and people yet McCarthy is no regionalist his work centers on the essential themes of self-determination faith courage and the quest for meaning in an often violent and tragic world for

his readers wishing to know mccarthy s works this collection is both an introduction and an overview

Counterhegemonic Discourse from the Maghreb 1993 this book examines the civil rights movement from the perspective of a single year 1964 the book analyses specific events that occurred in 1964 as benchmarks of the civil right movement making the case that 1964 was a watershed year each chapter considers individually politics rhetoric sports dramatic literature film art and music breaking down the events and illustrating their importance to the social and political life in the united states in 1964 this study emphasizes 1964 as a nodal point in the history of the civil rights movement arguing that it was within this single year that the tide against racism and injustice turned markedly this book will be of great interest to the scholars and students of civil rights theatre and performance art history and drama literature

The Black Humanist Tradition in Anti-Racist Literature 2023-05-13 the problem of the freedom or the bondage of the will was brought to this country by the puritans and it has been one of the unanswerable questions ever since whereas many other books have been written on puritanism and on naturalism in their philosophic and theological manifestations this book traces these ideas through our national literature chapter 1 begins with a brief account of st augustine s views concerning the will continues with a full discussion of john calvin s modifications of augustine s views and ends with a consideration of puritan concepts of the will as found in the writings of michael wigglesworth and jonathan edwards the second chapter looks at the subject of the predestinated will in the fiction of nathaniel hawthorne herman melville and mary wilkins freeman and in the poetry of emily dickinson in the succeeding chapter attention is turned to nineteenth century authors actively hostile to the calvinistic concept of predestination charles brockden brown harriet beecher stowe oliver wendell holmes and mark twain the next two chapters then trace the rise of naturalistic determinism and compare and contrast it with the calvinistic doctrines of predestination and election focus is later directed on the blossoming of literary naturalism in america in the works of stephen crane frank norris jack london and theodore dreiser the combining of naturalism with vestigial calvinism in the novels of ellen glasgow and william faulkner is the next subject of extended discussion in the concluding two chapters attention is turned to libertarian philosophies opposed to predestination and naturalistic determinism including deism transcendentalism pragmatism and humanism the influence of the great russian novelists is presented and william dean howells henry james edith wharton and willa cather are discussed as humanistic writers finally the continuing tension between humanism and scientific determinism is noted in the writings of ernest hemingway the themes of the book are illustrated with many examples from the prose and verse of american writers

An American Tragedy 1998 initiated by the king center in association with standford university

Perspectives on Cormac McCarthy 2009-10-20 no detailed description available for critique of the psycho physical identity theory

1964, A Year in African American Performance History 2024-07-26 constitutionalism in islamic countries between upheaval and continuity examines the question of whether something similar to an islamic constitutionalism has emerged out of the political and constitutional upheaval witnessed in many parts of north africa the middle east and central and southern asia in order to identify its defining features and to assess the challenges that islamic constitutionalism poses to established concepts of constitutionalism this book offers an integrated analysis of the complex frameworks in islamic countries drawing on the methods and insights of comparative constitutional law islamic law international law and legal history european and north american experiences are used as points of reference against which the peculiar challenges and the specific answers given to those challenges in the countries surveyed can be assessed the book also examines ways in which the key concepts of constitutionalism including fundamental rights separation of powers democracy and rule of law may be adapted to an islamic context thus providing valuable new insights on the prospects for a genuine renaissance of constitutionalism in the islamic world in the wake of the arab spring

Bulletin of Information 1965 this review volume consists of an indispensable set of chapters written by leading scholars scientists and researchers in the field of randomness including related subfields specially but not limited to the strong developed connections to the computability and recursion theory highly respected indeed renowned in their areas of specialization many of these contributors are the founders of their fields the scope of randomness through computation is novel each contributor shares his personal views and anecdotes on the various reasons and motivations which led him to the study of the subject they share their visions from their vantage and distinctive viewpoints in summary this is an opportunity to learn about the topic and its various angles from the leading thinkers

Free Will and Determinism in American Literature 2020-08-27 how the insane asylum came to exert such a powerful hold on the american imagination madhouse funny farm psychiatric hospital loony bin nuthouse mental institution no matter what you call it the asylum has a powerful hold on the american imagination stark and foreboding they symbolize mistreatment fear and imprisonment standing as castles of despair and tyranny across the countryside in the asylum of american fiction and film treatments are torture attendants are thugs and psychiatrists are despots in nightmare factories troy rondinone offers the first history of mental hospitals in american popular culture beginning with edgar allan poe s 1845 short story the system of dr tarr and prof fether rondinone surveys

how american novelists poets memoirists reporters and filmmakers have portrayed the asylum and how those representations reflect larger social trends in the united states asylums he argues darkly reflect cultural anxieties and the shortcomings of democracy as well as the ongoing mistreatment of people suffering from mental illness nightmare factories traces the story of the asylum as the masses have witnessed it rondinone shows how works ranging from moby dick and dracula to one flew over the cuckoo s nest halloween and american horror story have all conversed with the asylum drawing from fictional and real accounts movies personal interviews and tours of mental hospitals both active and defunct rondinone uncovers a story at once familiar and bizarre where reality meets fantasy in the foggy landscape of celluloid and pulp

Catalogue of Courses 1962 prolific literature both popular and scholarly depicts america in the period of the high cold war as being obsessed with normality implicitly figuring the postwar period as a return to the way of life that had been put on hold first by the great depression and then by pearl harbor demographic angst argues that mandated normativity as a political agenda and a social ethic precluded explicit expression of the anxiety produced by america s radically reconfigured postwar population alan nadel explores influential non fiction books magazine articles and public documents in conjunction with films such as singin in the rain on the waterfront sunset boulevard and sayonara to examine how these films worked through fresh anxieties that emerged during the 1950s

The Papers of Martin Luther King, Jr., Volume VI 1992 gods missive to the soul the sistine chapel a study in celestial cartography is a highly mystical and contemplative inquiry into the mysteries and esoteric teachings of the catholic church the catholic churchs only onus in the world is to re articulate the sacred scriptures esoterically into as many artistic venues as possible through a comprehensive comparative analysis of the symbolic and esoteric patterns codified to the judeo christian scriptures the landscape of jerusalem chartres cathedral stone and glass dante alighieris la divina commedia pen and ink the sistine chapel mosaics paint and wet plaster and saint peters basilica marble the reader can determine for him or herself the efficacy of the esoteric science which hails from the dawn of the time space continuum as a direct missive from god the author discovered a relatively simple and yet extremely sophisticated mathematical and grammatical system of thought in ancient literature the integration of the seven liberal arts antiquity developed this esoteric science inherent in the soul psyche to codify the word of god esoterically into the worlds sacred literature each letter of the worlds sacred literature is symbolized and alphanumerically structured which makes the interpretation of each word far more important than the sum of its letters the holy writ i e the worlds religious literature is an encyclopedic library of knowledge relating wholly to the soul psyche there is no purpose for esotericisms existence other than for god to have a one on one relationship with the soul psyche why is the soul psyche seemingly in the world how did the soul psyche come to its present state of existence what can the soul psyche do to extricate itself from its plight when the dynamic forces of the world become too oppressive for it to bear

Critique of the Psycho-Physical Identity Theory 2019-05-20 how often in today s environmental debates have you read that the science is in dispute even when there is overwhelming consensus among scientists too often the voice of science is diminished or diluted for the sake of politics and the public is misled now the mauthoritative voice in u s science science magazine brings you currscientific knowledge on today s mpressing environmental challenges from population growth to climate change to biodiversity loss science magazine s state of the planet 2006 2007 is a unique contribution that brings together leading environmental scientists and researchers to give readers a comprehensive yet accessible overview of currissues included are explanatory essays from science magazine editor in chief donald kennedy that tie together the issues and explore the relationships among them each of the book s 18 chapters is written by the world s leading experts such as joel cohen on population peter gleick on water daniel pauly on fisheries thomas karl on climate change science paul portney on energy and developmelinor ostrom and thomas dietz on commons manageminterspersed throughout are science news pieces that highlight particular issues and cases relevant to the main scientific findings an added feature is the inclusion of definitions of key terms and concepts that help students and nonspecialists understand the issues published biennially state of the planet is a clear accessible guide for readers of all levels from students to professionals

Constitutionalism in Islamic Countries: Between Upheaval and Continuity 2012-02-16 special 2018 edition from the new introduction by michelle fine graduate center cuny why now you may ask should i return to a book written in 1988 because in maxine s words when freedom is the question it is always time to begin in the dialectic of freedom maxine greene argues that freedom must be achieved through continuing resistance to the forces that limit condition determine and too frequently oppress examining the interrelationship between freedom possibility and imagination in american education greene taps the fields of philosophy history educational theory and literature in order to discuss the many struggles that have characterized americans quests for freedom in the midst of what is conceived to be a free society accounts of the lives of women immigrants and minority groups highlight the ways in which americans have gone in search of openings in their lived situations learned to look at things as if they could be otherwise and taken action on what they found greene presents a unique overview of american concepts and images of freedom from jefferson s time to the present she examines the ways in which the disenfranchised have historically understood and acted on their freedom or lack of it in dealing with

perceived and real obstacles to expression and empowerment strong emphasis is placed on the focal role of the arts and art experience in releasing human imagination and enabling the young to reach toward their vision of the possible the author concludes with suggestions for approaches to teaching and learning that can provoke both educators and students to take initiatives to transcend limits and to pursue freedom not in solitude but in reciprocity with others not in privacy but in a public space greene triumphs in her search for a critical aesthetic to inform education harvard educational review it is a book that deserves to be read by all who teach journal of aesthetic education

Randomness Through Computation 2011 for 25 years maxine greene has been the philosopher in residence at the innovative lincoln center institute where her work forms the foundation of the institute s aesthetic education practice each summer she addresses teachers from across the country representing all grade levels through lci s intensive professional development sessions variations on a blue guitar contains a selection of these never before published lectures touching on the topics of aesthetic education imagination and transformation educational renewal and reform excellence standards and cultural diversity powerful ideas for today s educators

Nightmare Factories 2019-09-24 this book explores the use and development of man s symbolizing capacities those qualities that make him distinctly human dr whitmont describes the symbolic approach to a dream which takes into account a symptom s meaning in reference to an unfolding wholeness of personality he then presents the view that the instinctual urge for meaning is served by the symbolizing capacities and that this urge has been repressed in our time in the field of psychology this symbolic approach is most fully exemplified by the theories of c g jung the author s contribution includes many differentiations and speculations especially concerning the problems of relatedness

Demographic Angst 2017-12-26 indeed relatively little work has been done on the cretan myth cycle as a whole a mixture of heroic greek legend and savage pre greek elements generally considered to be antithetical to evolved literary languages as a result although ariadne has been extremely important in western art from the time of ancient greece through the nineteenth century she is rarely included in studies of greek myth

Choice 1970 when adam smith wrote in 1776 that england was a nation of shopkeepers he meant that commerce was a major factor in political decisions smith s observation was even more on target for victorian england shopkeepers shops and shopping were a vital part of life those victorians with resources could shop often and had many choices industrialization and their imperial connections gave them an almost unprecedented array of goods even the poor and working classes had more to eat and more to spend as the century progressed here graham explores the world of victorian shops and shopping in colorful detail she offers information on the types of shops and goods they offered the people who owned and operated them those who frequented them and the contribution of shops and shopping to the victorian lifestyle and economy shopping in victorian england reached a level of importance not wholly appreciated even by victorians themselves new types of shops appeared offering an expanding array of goods inventively packaged and displayed for an expanding group of shoppers as the shops grew so did the activity part excursion for provisions part entertainment women shopped most often but men too had their shops victorians could by the end of the 19th century shop without even leaving their homes orders could be placed by mail telegraph or telephone shops catered to all classes the rich the poor and the in between this book will help modern readers envision the victorian shopping experience by taking them inside the shops and up to the counters readers will learn how the shop was organized what services and goods were available and how goods made their way from the shop to the home graham s compelling account provides a vivid glimpse into a vital but largely unappreciated aspect of victorian life
