we live in a broken world with broken people often it is easy to ignore the needs of the people around us but what would god want us to do in his ministry here on earth jesus reached out to the most hurt most abused and most reviled members of his community he healed not only their bodies but their spirits should we do any less the seventh day adventist church has a unique opportunity to serve the hurting in their community through a home based care ministry with our mission to love serve and teach and with the numerous church resources already available we can do what many others cannot be the safe haven of health and healing that god intends his church to be while this book focuses on ministry to individuals and their families dealing with hiv and aids the principles found here can be applied to anyone with a terminal illness who finds himself herself on the other side of accepted society it shows us that instead of being critical we should accept where people and their choices have led them doing our best to minister with the love and care of jesus

the relationship between the adventist church and society at large has always been ambiguous one reason for this has been the church's inarticulate social ethics while the church upheld the concept of human dignity promoted religious liberty and sided with the poor nationalism and racism developed among its members women in the church were also unfairly treated zdravko plantak confronts this problem head on he begins by looking at the church's history theology and ethics in order to discover reasons for the inconsistencies in its approach to human rights and then moves on to propose a more comprehensive approach to its social ethics

adventism and the american republic tells how their convictions led adventist adherents to become champions of religious liberty and the separation of church and state all in the interest of delaying the fulfillment of a prophecy that foresees the abolition of most freedoms through publication of liberty magazine lobbying of legislatures and pressing court cases adventists have been libertarian activists for more than a century and in recent times this stance has translated into strong resistance to the political agendas of christian conservatives drawing on adventist writings that have never been incorporated into a scholarly study morgan shows how the movement has struggled successfully to maintain its identifying beliefs with some modifications and how their sectarian exclusiveness and support of liberty has led to some tensions and inconsistencies book jacket

rather than representing the book of revelation as a single apocalyptic genre kendra haloviak valentine demonstrates that the work in fact reflects several genres apocalyptic prophetic and liturgical within the overall framework of an epistle this study focuses on the sixteen hymns a largely neglected part of the literary construction of the work responding to the insight of mikhail bakhtin that literary genres carry ways of thinking about the world this important study calls attention to the multiple voices within the text that need to be heard voices that soften the book s transcendent future focus so that it is not allowed complete dominance hymns as the sites of colliding

and collaborating genres engage the reader worlds at war nations in song explores the role of these liturgical elements within the moral enterprise to suggest that the book of revelation provides readers with a moral vision linking the future with the present readers are called to respond in worship and witness by calling attention to the multiple voices within revelation haloviak valentine demonstrates the invalidity of seeking one correct interpretation recognizing this dialogic approach may help prevent the misinterpretations that led to such tragedies as waco and jonestown
