Motor Imported Car Repair Manual 1983 1983

User's Manual to the International Annual Reports Collection 1988 this is an exceptional book it tempted me to throw out most of my collected works on the management of change because the author has somehow succeeded by including almost every aspect of educational change that any practitioner would wish to consider overall this is a very stimulating book it is packed with information and the ideas and concepts contained could pack a school development plan for many years school leadership and management the theories and practices from the literature on business manufacturing and commerce which inform principles for managing change in education are identified in this book the author shows how the complexity of change can be addressed effectively one principle of effective management of change is its potential to empower the individuals and organizations its power to create and operate win win situations that can only be done by addressing the human side of organizations the strength of the business literature is that far from advocating the austere over rationalized dehumanized and objective pursuit of profit at all costs it suggests that the effective management of

change is an affirmation of the humanity of business
