in 2001 george w bush created the white house office of faith based and community initiatives the

driving force behind the policy was to create a level playing field where faith based organizations could compete on an equal footing with secular organizations for government funding of social aid programs given on the one hand the continuation of faith based policy under barack obama and on the other the continued support by the vast majority of the american people for some form of such policy the need has emerged to clearly understand what this policy is and the issues that it raises why first because the policy reveals new paradigms that explode traditional political and religious designations such as conservative liberal or evangelical progressive secondly it is a policy which is setting precedents that with time will only become more entrenched in the institutional fabric of american government and the values of the culture finally it does not seem to be a policy that is likely to just go away and if it won t go away then how should responsible policy be conducted while john chandler s faith based policy a litmus test for understanding contemporary america responds to this need to understand it also acknowledges that there is already a substantial amount of documentation available which taken together provides a comprehensive though sometimes biased picture of faith based policy this book contributes a relatively brief impartial analysis that draws on and synthesizes the available information more specifically in order to dissipate the confusion surrounding the perceptions that many have had concerning the intention and meaning of the policy this book provides insight into 1 the theological visions of the faith based actors behind the policy 2 how these actors have tried to apply these visions as the program has evolved in the 2000s 3 the divisiveness and debate that has characterized the faith based experiment and 4 how all of the above may be held up for contemplation by the reader as a mirror of developing american culture

life confronts us with an endless stream of questions some are trivial but some draw us into the deepest dimensions of human inquiry a place where our decisions have profound implications for life and faith is there a god and if so how can i know anything about who or what god is is the quest for truth an elusive dream how should i live and what should i value what happens at the end of my biological existence these questions lead people of every creed and belief to consider important existential concepts but many people wrestle with the relationship between faith and reason as they dig into the roots of this theological and philosophical pursuit does a shared interest in a common set of questions indicate that philosophy and theology are close kin and allies or are they competitors vying for our souls each requiring a loyalty that excludes the other in this spectrum multiview volume steve wilkens edits a debate between three different understandings of the relationship between faith and reason between theology and philosophy the first viewpoint faith and philosophy in tension proposes faith and reason as hostile exclusive opposites each dangerous to the integrity of the other the second faith seeking understanding suggests that faithful christians are called to make full use of their rational faculties to aid

in the understanding and interpretation of what they believe by faith in the third stance thomistic synthesis natural reason acts as a handmaiden to theology by actively pointing people toward salvation and deeper knowledge of spiritual truths bringing together multiple views on the relationship between faith philosophy and reason this introduction to a timeless quandary will help you navigate with rigor and joy one of the most significant discussions of the christian community spectrum multiview books offer a range of viewpoints on contested topics within christianity giving contributors the opportunity to present their position and also respond to others in this dynamic publishing format
