ballad and the chapbook for instance captain kidd as a ballad hero properly belongs to this volume as the compiler has planned it even though the eccentric pirate flourished in the eighteenth century so does mother shipton in her quality as a chapbook heroine though her fame was established in the seventeenth century so do uncle sam and brother jonathan because they are of purely popular origin a distinction worth noting occurs in the case of john bull name and character were originally invented by john arbuthnot in a purely literary pasquinade in his original form therefore master bull belongs to volume i but that original and purely literary form has been so transmogrified in the popular imagination has gathered such an accretion of details from a hundred unidentifiable sources that the john bull of to day the protagonist of cartoon and caricature is a totally different being from the john bull of arbuthnot s creation therefore this secondary character also obtains a niche in the present volume other heroes and heroines have won for themselves a dual immortality of a similar sort cleopatra and julius cæsar for example are historic characters belonging to the classic period of antiquity but they have obtruded themselves into modern fiction about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
