intended for all readers including magicians
detectives musicians orthopedic surgeons and
anthropologists this book offers a thorough account of
that most intriguing and most human of appendages
the hand in this illustrated work john napier explores
a wide range of absorbing subjects such as
fingerprints handedness gestures fossil remains and
the making and using of tools to speak about art is to
evoke the hand of the creator who produced the work
it is to confer to its gestures the importance of
thought and to explore their point of convergence on
the canvas or the stone with this text henri focillon
delivers one of the most beautiful odes to the hand
and simultaneously to the talent of artists studying
hokusai cézanne and even rodin a startling argument
provocative absorbing the boston globe ambitious
arresting celebrates the importance of hands to our
lives today as well as to the history of our species the
new york times book review the human hand is a
miracle of biomechanics one of the most remarkable
adaptations in the history of evolution the hands of a
concert pianist can elicit glorious sound and stir
emotion those of a surgeon can perform the most
delicate operations those of a rock climber allow him
to scale a vertical mountain wall neurologist computer

~~and then incendiary witnesses of the saving power of~~
the lord jesus christ to a lost and desperate
disillusioned world someone has to address our
complacency and compromise without apology and
this book does just that the inimitable marvel of the
baptism of the holy spirit and incomparable personal
encounter with the power of god can transform our
entire life and character and attitude resuscitate and
rekindle our contemporary worldly conciliatory
christianity and then progressively and resolutely
develop us into the ardent disciples of jesus christ we
were intended to be this work endeavors to accurately
and appropriately return the emphasis of the baptism
of the holy ghost to god s evangelical perspective and
ye shall be witnesses unto me acts 1 8 this book
serves as a practical text on the subject of hand
surgery that covers all of the practical mechanical
principles in a nonthreatening way the book covers all
of the basic elements of the forces that result in
movement of the hand and all the forces that hinder
its movement the authors quantify those elements in
manner in which surgeons and therapists can judge
their own measure of success or failure as they try to
repair and restore movement to damaged hands an
introduction to hands what they are used for and how
to take care of them discusses the hand and its lore
including structure right and left handedness gestures
sign language fingerprints hand games finger math
wounds handwriting and palm reading simple text
introduces the functions of the human hand as computer

Of Laying on of Hands. Hebr. 6. 2. Or, a discourse [by J. Gosnold?]. 1656

this book was initially birthed out of my personal bible study as i contemplated the infilling and the baptism of the holy ghost god's established preference or propensity if you will to employ the phenomenon of the laying on of hands for healing and for the impartation of the gift of the holy ghost has always intrigued me specifically god's use of his chosen disciple from damascus named ananias to lay hands upon saul of tarsus so that he might receive his sight and be filled with the holy ghost has fascinated me since i was a young boy in sunday school the entire road to damascus narrative and the lord jesus christ's singular even dreadful awe inspiring appearance to the mean spirited pharisee saul engaged and captivated me this book addresses religious bigotry

and the innate inescapable pride and prejudice and perceived spiritual superiority of sectarian indoctrination although i originally set out to study the dynamic wonder of god choosing to employ men to minister unto other men and his utilizing the laying on of hands to impart the infilling of the holy ghost the emphasis of my study quickly and seamlessly transitioned from the importance of men to focus on the gift of god the gift of god of himself the gift of the holy ghost god gives himself away in and by the comprehensive christ both the father and the son by the holy ghost it is my desire to magnify the lord jesus christ by focusing upon the purposeful evangelical outreach of god s love that the father might be glorified in the son it concerns and distresses me that as a nation we have waned in our desire for more of god broadly we have settled for gimmicks and questionable entertainment and have silently colluded with one another in spiritual compromise so that we can have more of what the world has we have settled for shiny things and an unsustainable and unrealistic social acceptance rather than seeking god broadly we no longer wait upon god or tarry for the gift of the holy ghost or for the refreshing which would reignite us as viable zealous and then incendiary witnesses of the saving power of the lord jesus christ to a lost and desperate disillusioned world someone has to address our complacency and compromise without apology and this book does just that the inimitable marvel of the baptism of the holy spirit and incomparable personal encounter with the power of god can

transform our entire life and character and attitude
resuscitate and rekindle our contemporary worldly
conciliatory christianity and then progressively and
resolutely develop us into the ardent disciples of jesus
christ we were intended to be this work endeavors to
accurately and appropriately return the emphasis of
the baptism of the holy ghost to god s evangelical
perspective and ye shall be witnesses unto me acts 1 8
