Conversations with Ray Bradbury

2024-05-21

the meaning of things is a study of the significance of material possessions in contemporary urban life and of the ways people carve meaning out of their domestic environment drawing on a survey of eighty families in chicago who were interviewed on the subject of their feelings about common household objects mihaly csikszentmihalyi and eugene rochberg halton provide a unique perspective on materialism american culture and the self they begin by reviewing what social scientists and philosophers have said about the transactions between people and things in the model of personhood that the authors develop goal directed action and the cultivation of meaning through signs assume central importance they then relate theoretical issues to the results of their survey an important finding is the distinction between objects valued for action and those valued for contemplation the authors compare families who have warm emotional attachments to their homes with those in which a common set of positive meanings is lacking and interpret the different patterns of involvement they then trace the cultivation of meaning in case studies of four families finally the authors address what they describe as the current crisis of environmental and material exploitation and suggest that human capacities for the creation and redirection of meaning offer the only hope for survival a wide range of scholars urban and family sociologists clinical developmental and environmental psychologists cultural anthropologists and philosophers and many general readers will find this book stimulating and compelling

seminar paper from the year 2018 in the subject american studies literature grade 1 0 birmingham city university language english abstract this essay aims at calling attention to the ravages of power relationships which drive disaster and subsequently the ascendance of dystopian post apocalyptic worlds in the texts chosen all responsible writers have become involuntary criers of doom because doom is in the wind but science fiction more so since science fiction has always been a protest medium the renowned author philip k dick commented on the purpose of writing science fiction science fiction offers writers a platform to emphasise and magnify social inequalities target issues identify victims and encourage change the texts discussed in this essay include ray bradbury s short story there will come soft rains which tells of a technically elaborate house that seems to be the lone survivor after an atomic blast philip k dick s novel the man in the high castle that imagines a world in which the axis powers triumph over the allies and totalitarianism is established as the prevailing governmental system and third raccoona sheldon s short story the screwfly solution which describes the devastating effects of a pandemic that causes men to kill off womankind first the terminology relevant to this essay will be established in order to provide a better understanding of the terms used as the function of this essay is to analyse how and to what effect science fiction texts imagine disaster the main part will be divided into two sections in the first section the portrayal of disasters in the three texts will be explored by looking into the power relations which inform the conflicts in the second part the effect of the emergence of dystopia will be discussed by reflecting about the texts intentions the main ideas will be summarised in a final conclusion

The Oxford Book of American Short Stories

1981-10-30

winner of the 2023 emily toth award for best single work in women s studies all electric narratives is the first in depth study of time saving electrical appliances in american literature it examines the literary depiction of refrigerators vacuum cleaners oven ranges washing machines dryers dishwashers toasters blenders standing and hand held mixers and microwave ovens between 1945 when the all electric home came to be associated with the nation s hard won victory and 2020 as contemporary writers consider the enduring material and spiritual effects of these objects in the 21st century the appropriation and subversion of the rhetoric of domestic electrification and time saving comprises a crucial but overlooked element in 20th century literary forms and genres including beat literature black american literature second wave feminist fiction science fiction and postmodernist fiction through close readings of dozens of literary texts alongside print and television ads from this period dini shows how u s writers have unearthed the paradoxes inherent to claims of appliances capacity to give back time to their user transport them into a technologically progressive future or return them to some pastoral past in so doing she reveals literary appliances role in raising questions about gender norms and sexuality racial exclusion and erasure class anxieties the ramifications of mechanization the perils and possibilities of conformity the limitations of patriotism and the inevitable fallacy of utopian thinking while both shaping and radically disrupting the literary forms in which they operated

How and to what Effect Do Science Fiction Texts Imagine Disaster?

2021-10-07

who was wallace wood the maddest artist of mad magazine the man behind marvel's daredevil the life and legend is an incisive look back at the life and career of one of the greatest and most mythic figures of cartooning edited over the course of thirty years by former wood assistant bhob stewart the life and legend is a biographical portrait generously illustrated with wood's gorgeous art as well as little seen personal photos and childhood ephemera also remembrances by wood's friends colleagues assistants and loved ones this collective biographical and critical portrait explores the humorous spirit dark detours and psychological twists of a gifted maverick in american pop culture

“All-Electric” Narratives

2006

visions of the american city in post apocalyptic ruin permeate literary and popular fiction across print visual audio and digital media american cities in post apocalyptic science fiction explores the prevalence of these representations in american culture drawing from a wide range of primary and critical works from the early twentieth century to

today beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises robert yeates argues that post apocalyptic representations of the american city are uniquely suited for explorations of contemporary urban issues examining how the post apocalyptic american city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in american fiction original in its scope and cross media approach american cities in post apocalyptic science fiction both illuminates little studied texts and provides provocative new readings of familiar works such as blade runner and the walking dead placing them within the larger historical context of imaginings of the american city in ruins

Poetry: Discovering Genre

2013-10-30

life s garden of weekly wisdom is a charming and delightful word garden filled with tasty bites for one s soul this garden promises to give the reader years of spiritual nourishment each chapter explores a practical application of principle sandy writes with clarity love and self awareness a great book for both a spiritual seeker unfamiliar with science of mind principles and the spiritually mature my purpose in writing this book is to speak to those people who feel they are spiritual but don t fit into a typical church philosophy everyone has a sense of spirituality some just haven t met it yet if you are looking for a new way to view life i invite you to check out centers for spiritual living

at csl org i also encourage speakers ministers teachers and others to share these ideas in your own way to inspire other people to this end i invite you to explore one lesson each week by yourself or in a group i hope you enjoy reading these thoughts on spirituality as much as i enjoyed writing them

presents a collection of critical essays about the works of ray bradbury

The Life and Legend of Wallace Wood

2021-11-15

the poetry book is more than a collection of poems it is instructive as to poetic technique and convention as well as

types of poetry in it there are no prose paragraphs that have been restructured into stanzas or mysteriously configured and presented as poems with diction and subject little more interesting than closed garage doors in a tract home subdivision there is free verse here and traditional rhythm and rhyme but it is all poetry and it is poetry not because the author wants it to be but because of the poetic techniques and conventions he has employed a stanza does not a poem make nor does bombastic delivery if the traditions rules of writing and conventions of literary history are of no value to poetry then there is no poetry

American Cities in Post-Apocalyptic Science Fiction

2014-12-01

why are you still alive at the end of the world what determines you so hard to survive at the very end of the world can it be raw instinct along with greed and revenge or can it be love the sweet feeling of love to have emerged right now right at the end as an irony of life to overwhelm you now in powerful feelings of joy and temptation at the very end of the world the culling unfolds now in death chaos loss and destruction and throughout these incredible events dickens a young and highly aspiring poet has to live his life moment by moment throughout the ever present loss and exasperation of these atrocious times while he is forced to experience it all through the intense feelings of his tender sensitive soul carried throughout chains of unexpected events dickens discovers the incredible meanings and circumstances of the world at its end not only through the brute need for survival present in everyone around but he arrives to discover the consistent true nature of life all around perspective that he gains directly through his inquiring nature perspective that he would have never achieved in a normal life how far can dickens hold on throughout his

extraordinary encounters at the very end of the world and at the very threshold between life and death you would never believe

2011

c russell price s debut collection is a somatic grimoire exploring desire gender and sexuality it asks what is radical vengeance does true survivorship from sexual trauma exist only in fantasy or is it an attainable reality

The Penguin Anthology of Twentieth-century American Poetry

2010

a first of its kind gathering of the essential texts of the american antiwar tradition from the revolution to the war on terror over 150 eloquent provocative voices for peace library of america presents an unprecedented tribute to a great american literary tradition war has been a reality of the american experience from the founding of the nation and in every generation there have been dedicated and passionate visionaries who have responded to this reality with vital calls for peace spanning from the revolution to the war on terror war no more gathers the essential texts of this uniquely american antiwar tradition in one volume for the first time classic expressions of conscience like thoreau s seminal civil disobedience lay the groundwork for such influential modern theorists of nonviolence as david dellinger

thomas merton and barbara deming the long arc of the american antiwar movement is vividly traced in the urgent appeals of activists made in soaring oratory and galvanizing song and in dramatic dispatches from the front lines of antiwar protests the voices of veterans from the civil war to the iraq war are prominently represented as is the firsthand testimony of conscientious objectors contemporary writers including barbara kingsolver jonathan schell nicholson baker and jane hirshfield demonstrate the ongoing richness of this literature in the years since september 11 2001 featuring more than 150 eloquent and provocative writers in all war no more is a bible for activists a go to resource for scholars and students and an inspiring and fascinating story for every reader interested in the crosscurrents of war and peace in american history from the hardcover edition

presents a collection of poetry covering a wide range of subjects themes and emotions

War No More: Three Centuries of American Antiwar and Peace Writing

2014-01-23

this book examines science fiction s relationship to religion and the sacred through the lens of significant books films and television shows it provides a clear account of the larger cultural and philosophical significance of science fiction and explores its potential sacrality in today s secular world by analyzing material such as ray bradbury s classic novel the martian chronicles films the abyss and 2001 a space odyssey and also the star trek universe richard grigg argues that science fiction is born of nostalgia for a truly other reality that is no longer available to us and that the most accurate way to see the relationship between science fiction and traditional approaches to the sacred is as an imitation of true sacrality this he suggests is the best option in a secular age he demonstrates this by setting forth five definitions of the sacred and then in consecutive chapters investigating particular works of science fiction and showing just how

they incarnate those definitions science fiction and the imitation of the sacred also considers the qualifiers that suggest that science fiction can only imitate the sacred not genuinely replicate it and assesses the implications of this investigation for our understanding of secularity and science fiction
