World of Art 1987 Henry Sayre's art appreciation text, *The World of Art*, is an amazing introduction to the world of art. Students with little background in the arts routinely reach out to Henry to share how the text has influenced their lives. This is so meaningful because Henry's inspiration for *A World of Art* was his own students. His students wanted to see themselves reflected in their textbook. Henry decided to write an art appreciation textbook that represented all artists, not just the Western canon found at that time. In the other texts he also created a text that fostered critical thinking through looking at, talking about, and questioning works of art. For his students, the result was *A World of Art*, and the new seventh edition continues to build on those two themes: coverage of contemporary global art and a strong critical thinking framework throughout the text. This edition includes new ways for students to experience art with the new MyArtsLab, which includes art 21 videos, discovering art simulations, closer look tours, and an eText of writing about art.
