How to Rebuild Big-Block Ford Engines

2009-09

the photos in this edition are black and white from factory drag racing to the ac cobra to the legendary mustang the history of the ford big block is a long and storied one making its debut in the late 1950s the ford fe big block engine sat between the fenders of factory lightweights cobra jet mustangs 427 cobras cougar eliminators talledega torinos and mach 1s while the fe engines remained in production through the mid 1970s mostly in light truck applications ford had plans for a new engine on the horizon in the late 1960s ford transitioned the fe big block out of production in passenger cars and performance applications in favor of an all new design called the 385 series also known as lima big block originally used in luxury car applications the 429 cubic inch version of this engine found its way into performance applications such as mustangs and torinos starting in 1971 the high compression 4 barrel versions called cobra jet or super cobra jet are some of the most powerful engines ford has ever produced an engine similar in design to the lima series engine the legendary 351 cleveland made its debut in 1970 while technically a small block in many ways its oval ports canted heads and physical size made people think of it more as a mid block than a small block the 351 and 400 cubic inch versions the latter known as m series engines of the cleveland engine were used in passenger car applications and in light trucks starting in 1975 the m stood for modified as the deck height bearing sizes as well as pistons and connecting rods were modified for low compression passenger car and light truck use and they were used all the way through the early 1980s all three engines are covered in full detail in this workbench series rebuild volume included are step by step heavily illustrated instructions that walk you through the entire process of rebuilding your ford engine if you want to breathe new life into your tired old ford engine this is the book for you

Big Block Chevy Engine BuildupsHP1484

2006-03-07
