The Cnidaria, Past, Present and Future 2016-09-07

this volume presents a broad panorama of the current status of research of invertebrate animals considered belonging to the phylum cnidaria such as hydra jellyfish sea anemone and coral in this book the cnidarians are traced from the earth's primordial oceans to their response to the warming and acidifying oceans due to the role of corals in the carbon and calcium cycles various aspects of cnidarian calcification are discussed the relation of the cnidaria with mankind is approached in accordance with the editors philosophy of bridging the artificial schism between science arts and humanities cnidarians encounters with humans result in a broad spectrum of medical emergencies that are reviewed the final section of the volume is devoted to the role of hydra and medusa in mythology and art

Israel's Past in Present Research 1999-06-23

the debate over history history writing and the scientific study of history is reaching an apex in the late twentieth century and shows no signs of abating in the near future the literature on the topic is prodigious the time is thus ripe for an anthology of essays of the sort that professor long has collected essays that trace the history of the issues that have fed into the debate the classic and contemporary essays presented here provide an overview and introduction to the topic bringing together the most essential of these in a handy compilation the book is organized in six sections 1 the state of old testament historiography 2 ancient near eastern historiography 3 ancient israelite historiography 4 method in the study of ancient israelite historiography 5 the historical impulse in the old testament 6 the future of israel's past long's goal is to provide a context for israelite history writing within the milieu of the ancient near east expose the methodologies and assumptions of various approaches and perspectives on historiography and provide access to essays that examine the contribution of the hebrew scriptures themselves to the origins of history writing the final essay by long points the way to future research and topics that will move the discussion forward into the next millennium professor v philips long teaches old testament at covenant theological seminary st louis

Women Writers and the Nation's Past 1790-1860 2018-12-27

1790 saw the publication of edmund burke s reflections on the revolution in france the definitive tract of modern conservatism as a political philosophy though women of the period wrote texts that clearly responded to and reacted against burke s conception of english history and to the contemporary political events that continued to shape it this conversation was largely ignored or dismissed and much of it remains to be reconsidered today examining the works of women writers from jane austen and mary wollstonecraft to the strickland sisters and mary anne everett green this book begins to recuperate that conversation and in doing so uncovers a more complete and nuanced picture of women s participation in the writing of history professor mary spongberg puts forward an alternate feminized historiography of britain that demonstrates how women writers recourse to history caused them to become generically innovative and allowed them to participate in the political debates that framed the emergence of modern british historiography and to push back against the whig interpretation of history that predominated from 1790 1860

Rethinking Labour's Past 2022-01-13

the labour party after jeremy corbyn is charting a new direction here nathan yeowell has brought together a remarkable array of contributors to provide expert insight into twentieth century british history and labour politics and how they might shape thinking about labour s future reframing the span of labour history and its effects on contemporary british politics the book provides fresh thinking and analysis of various traditions themes and individuals these include the shifting significance of 1945 the need for more grounded interpretations of tony blair s legacy and the enduring importance of place identity and aspiration to the evolution of the party contributions from leading historians such as patrick diamond steven fielding ben jackson glen o hara and florence sutcliffe braithwaite are supplemented by those with experience of labour electoral politics such as rachel reeves and nick thomas symonds the result is an intellectually rich and politically relevant roadmap for labour s future

Possessing the Past 1996

a major scholarly work published in conjunction with the exhibition titled splendors of imperial china treasures from the national palace museum taipei on display at the metropolitan museum of art during 1996 and scheduled for several other american cities during 1996 1997 written by scholars of both chinese and western cultural backgrounds and conceived as a cultural history the book synthesizes scholarship of the past three decades to present the historical and cultural significance of individual works of art and analyses of their aesthetic content as well as reevaluation of the cultural dynamics of chinese history includes some 600 illustrations 436 in color annotation copyright by book news inc portland or

Past and Future Presence 2024-05-14

while uses and studies of xr technology within stem based education have been plentiful in recent years there has been lesser or even at times a lack of coverage for this novel learning tool in the arts and humanities past and future presence aims to bridge some of that gap by presenting research based theory and case studies of successful application and implementation of xr technology into postsecondary educational settings ranging in topics from ancient to modern languages classical and contemporary art and reenvisioned historical scenes and events presented in ways never seen before the studies also contemplate how this novel medium can enhance and supplement learning in classrooms and other formal or informal learning environments the volume as a whole is intended to demonstrate to educators scholars and researchers in higher education the

potential value of integrating xr technology into their classrooms and to provide a strong argument for college and university administrators to invest in training and development of new research and content for classrooms inside and outside of stem the authors of these chapters come from a diverse range of backgrounds at different stages of their careers providing a broad crosssection of scholastic work within the humanities and arts each chapter offers a different angle or approach to incorporating xr technology into teaching or research within different subject areas as the volume suggests this technology also places additional emphasis on the humanity within the humanities by focusing on increasing connection between users and different cultures time periods and perspectives

Russia's Theatrical Past 2021-06-01

in the 17th century only moscow s elite had access to the magical vibrant world of the theater in russia s theatrical past claudia jensen ingrid maier stepan shamin and daniel c waugh mine russian and western archival sources to document the history of these productions as they developed at the court of the russian tsar using such sources as european newspapers diplomats reports foreign travel accounts witness accounts and payment records they also uncover unique aspects of local culture and politics of the time focusing on northern european theatrical traditions the authors explore the concept of intertheater which describes transmissions between performing traditions and reveal how the muscovite court s interest in theater and other musical entertainment was strongly influenced by diplomatic contacts russia s theatrical past made possible by an international research collaborative offers fresh insight into how and why russians went to such great efforts to rapidly develop court theater in the 17th century

The Measure of Times Past 1987

in this extraordinary work donald j wilcox seeks to discover an approach to narrative and history consistent with the discontinuous relative time of the twentieth century he shows how our b c a d system intimately connected to newtonian concepts of continuous objective and absolute time has affected our conception and experience of the past he demonstrates absolute time s centrality to modern historical methodologies and the problems it has created in the selection and interpretation of facts inspired by contemporary fiction and einsteinian concepts of relativity he concludes his analysis with a comparison of our system with earlier pre newtonian time schemes to create a radical new critique of historical objectivity

The Southern Past 2009-07

since the civil war whites and blacks have struggled over the meanings and uses of the southern past indeed today s controversies over flying the confederate flag renaming schools and streets and commemorating the civil war and the civil rights movement are only the latest examples of this ongoing divisive contest over issues of regional identity and heritage the southern past argues that these battles are ultimately about who has the power to determine what we remember of the past and whether that remembrance will honor all southerners or only select groups for more than a century after the civil war

elite white southerners systematically refined a version of the past that sanctioned their racial privilege and power in the process they filled public spaces with museums and monuments that made their version of the past sacrosanct yet even as segregation and racial discrimination worsened blacks contested the white version of southern history and demanded inclusion streets became sites for elaborate commemorations of emancipation and schools became centers for the study of black history this counter memory surged forth and became a potent inspiration for the civil rights movement and the black struggle to share a common southern past rather than a divided one w fitzhugh brundage s searing exploration of how those who have the political power to represent the past simultaneously shape the present and determine the future is a valuable lesson as we confront our national past to meet the challenge of current realities

Second Russian Reader 2019-07-03

a private detective is following the girl he is in love with a former air force pilot he is discovering some sides in the human nature he can t deal with if you already have background with russian language this book is the best one to try it makes use of the so called alarm or approved learning automatic remembering method to efficiently teach its reader russian words sentences and grammar through this method a person will be able to enhance his or her ability to remember the words that has been incorporated into consequent sentences from time to time the book is equipped with the audio tracks the address of the home page of the book on the internet where audio files are available for listening and downloading is listed at the beginning of the book on the copyright page

The Unpredictability of the Past 2007-08-21

in the unpredictability of the past an international group of historians examines how collective memories of the asia pacific war continue to affect relations among china japan and the united states the contributors are primarily concerned with the history of international relations broadly conceived to encompass not only governments but also nongovernmental groups and organizations that influence the interactions of peoples across the pacific taken together the essays provide a rich multifaceted analysis of how the dynamic interplay between past and present is manifest in policymaking popular culture public commemorations and other arenas the contributors interpret mass media sources museum displays monuments film and literature as well as the archival sources traditionally used by historians they explore how american ideas about japanese history shaped u s occupation policy following japan s surrender in 1945 and how memories of the asia pacific war influenced washington and tokyo policymakers reactions to the postwar rise of soviet power they investigate topics from the resurgence of pearl harbor images in the u s media in the decade before september 11 2001 to the role of chinese war museums both within china and in chinese japanese relations and from the controversy over the smithsonian institution s enola gay exhibit to japanese tourists reactions to the uss arizona memorial at pearl harbor one contributor traces how a narrative commemorating african americans military service during world war ii eclipsed the history of their significant early twentieth century appreciation of japan as an ally in the fight against white supremacy another looks at the growing recognition and acknowledgment in both the united states and japan of the chinese dimension of world war ii by focusing on how memories of the asia pacific war have been contested imposed resisted distorted and revised the unpredictability of the past demonstrates

the crucial role that interpretations of the past play in the present contributors marc gallicchio waldo heinrichs haruo iguchi xiaohua ma frank ninkovich emily s rosenberg takuya sasaki yujin yaguchi daqing yang

Past Climate Variability in South America and Surrounding Regions 2009-08-04

south america is a unique place where a number of past climate archives are available from tropical to high latitude regions it thus offers a unique opportunity to explore past climate variability along a latitudinal transect from the equator to polar regions and to study climate teleconnections most climate records from tropical and subtropical south america for the past 20 000 years have been interpreted as local responses to shift in the mean position and intensity of the intertropical convergence zone due to tropical and extratropical forcings or to changes in the south american summer monsoon further south the role of the southern hemisphere westerly winds on global climate has been highly investigated with both paleodata and coupled climate models however the regional response over south america during the last 20 000 years is much more variable from place to place than previously thought the factors that govern the spatial patterns of variability on millennial scale resolution are still to be understood the question of past natural rates and ranges of climate conditions over south america is therefore of special relevance in this context since today millions of people live under climates where any changes in monsoon rainfall can lead to catastrophic consequences

Sexualities: Past Reflections, Future Directions 2012-05-09

this collection examines recent theoretical and methodological debates shifts in law and policy and social and cultural changes around sexuality it sets out new ways of conceptualizing and researching sexuality and explores persistently marginalised and re-traditionalised sexual practices subjectivities and identities

Welfare's Forgotten Past 2009-12-16

that poor law was law is a fact that has slipped from the consciousness of historians of welfare in england and wales and in north america welfare's forgotten past remedies this situation by tracing the history of the legal right of the settled poor to relief when destitute poor law was not simply local custom but consisted of legal rights duties and obligations that went beyond social altruism this legal truth is however still ignored or rejected by some historians and thus lost to social welfare policy makers this forgetting or minimising of a legal enforceable right to relief has not only led to a misunderstanding of welfare's past it has also contributed to the stigmatisation of poverty and the emergence and persistence of the idea that its relief is a gift from the state documenting the history and the effects of this forgetting whilst also providing a legal history of welfare lorie charlesworth argues that it is timely for social policy makers and reformists in britain the united states and elsewhere to reconsider an alternative welfare model based on the more positive legal aspects of welfare's 400 year legal history

Senate Documents, Otherwise Publ. as Public Documents and Executive Documents 1857

in this story readers will discover the solutions to several sherlockian mysteries why are there so few cases from the middle 1880s why did such a ladies man as john h watson wait so long to take himself a wife what about those puzzling canonical references to a wife who can t be mary morstan travel with the doctor to america where you ll meet the beautiful young woman who preceded mary as well as watson s black sheep brother henry and characters who figure in such cases as the blue carbuncle and the five orange pips here is a literally haunting tale that publishers weekly called a standout this is the 13th story from the art of sherlock holmes project and first appeared in the mx book of new sherlock holmes stories part vii the artist was nune asatryan creating the art from the story the original painting measures 18 x 24 and is an oil on canvas you can view the original in the art of sherlock holmes virtual gallery

A Ghost From Christmas Past 2022-12-14

between its founding in 1854 and its collapse in 1952 the chinese maritime customs service delivered one third to one half of all revenue collected by china s central authorities much more than a tax collector the institution managed china s harbors erected lighthouses and surveyed the chinese coast it funded and oversaw the translator s college which trained chinese diplomats while its staff translated chinese classics novels and poetry and wrote important studies on the chinese economy its financial system its trade its history and its government it organized contributions to international exhibitions developed its own shadow diplomacy pioneered china s modern postal system and even maintained its own armed force after the 1911 revolution the agency became deeply involved in the management of china s international loans and domestic bond issues in other words the customs service was pivotal to china s post taiping integration into the world of modern nation states and twentieth century trade and finance if the customs service introduced the modern governance of trade to china it also made chinese legible to foreign audiences following the activities of the inspectors general who were virtual autocrats within the service and communicated regularly with senior chinese officials and foreign diplomats this history tracks the customs service as it transformed china and its relationship to the world the customs service often kept china together when little else did this book reveals the role of the agency in influencing the outcomes of the sino french war the boxer rebellion and the 1911 revolution as well as the rise of the nationalists in the 1920s and concludes with the customs service purges of the early 1950s when the relentless logic of revolution dismantled the agency for good

europa discusses views and visions of science education research deals with research on scientific literacy on students and teachers conceptions on conceptual change and on instructional media and lab work

Research in Science Education – Past, Present, and Future 2016-09-16

human actions are often deeply intertwined with religion and can be understood in a strictly religious context yet many volumes and articles pertaining to discussions of religion in the archaeological past have focused primarily on the sociopolitical implications of such remains the authors in this volume argue that while these interpretations certainly have a meaningful place in understanding the human past they provide only part of the picture because strictly religious contexts have often been ignored this has resulted in an incomplete assessment of religious behavior in the past this volume considers exciting new directions for considering an archaeology of religion offering examples from theory tangible archaeological remains and ethnography

Belief in the Past 2000-01-01

oh that i had wings i would fly like a dove and be at rest i would fly out of this asylum so wrote ralph m a patient at the toronto hospital for the insane from 1889 until his death in 1911 winston o another inmate at the toronto asylum actually sought to build wings like ralph so longed for after crafting violins that he played and building from scratch an automobile he was allowed to drive on the hospital grounds winston was reported to be working on the construction of an aeroplane in remembrance of patients past historian geoffrey reame chronicles seventy years of daily life at the institution known as 999 the toronto hospital for the insane at 999 queen street west his narrative stretches from 1870 to 1940 and examines such aspects as diagnosis and admission daily routine and relationships leisure patients labor family and community responses and discharge and death mental patients were at times abused and they led lives of tedious monotony that could tend to flatten personality yet many of these women and men worked hard at institutional jobs for years and decades on end created their own entertainment and formed meaningful relationships with other patients and staff a moving chronicle the book is also an important argument for flexibility in treatment for mental illnesses and a challenge to the view that traditional mental institutions were of little help to their patients

man past and present 2023-04-17

this book presents a collection of meta studies reviews and scientometric analyses that together reveal a fresh picture about the past present and future of computing education research cer as a field of science the book begins with three chapters that discuss and summarise meta research about the foundations of cer its disciplinary identity and use of research methodologies and theories based on this the book proceeds with several scientometric analyses which explore authors and their collaboration networks dissemination practices international collaboration and shifts in research focus over the years analyses of dissemination are deepened in two chapters that focus on some of the most influential publication venues of cer the book also contains a series of country or region level analyses including chapters that focus on the evolution of cer in

the baltic region finland australasia israel and in the uk ireland two chapters present case studies of influential cer initiatives in sweden and namibia this book also includes chapters that focus on cer conducted at school level and cover crucially important issues such as technology ethics algorithmic bias and their implications for cer in all this book contributes to building an understanding of the past present and future of cer this book also contributes new practical guidelines highlights topical areas of research shows who to connect with where to publish and gives ideas of innovative research niches the book takes a unique methodological approach by presenting a combination of meta studies scientometric analyses of publication metadata and large scale studies about the evolution of cer in different geographical regions this book is intended for educational practitioners researchers students and anyone interested in cer this book was written in collaboration with some of the leading experts of the field

Remembrance of Patients Past 2007-01-01

in the forty year period between 1951 and 1991 canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption the chequered past is the story of the struggle over power and purpose within the canadian auto sport that led to this transformation the first comprehensive history of sports car racing and rallying in canada the chequered past traces the efforts of the national governing body the canadian auto sport clubs casc to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century david charters traces the social origins of the sport and the major trends that shaped it professionalism technological change rising costs and the influence of commercial sponsors charters argues that while early enthusiasts set the sport on a course toward professionalism that would eventually produce world class canadian events and racers that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment as technological innovations drove up the costs of competing at the top ranks racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport the end result charters argues was the marginalization of the amateur competitor and of the casc itself based on extensive research into the casc s records and dozens of interviews with former competitors and officials the chequered past opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in canadian sports history

Past, Present and Future of Computing Education Research 2013-11-05

it is now clear the controversy on rapture is over as god sent joseph onyebuchi azubuikwe declares that jesus teaching on his second coming is the ultimate he is coming post trib immediately after not before the tribulation of those days matt 24 29 31 all other views including the most popular pretrib are assumption based there is no single scripture that suggests rapture before the tribulation of those days but assumption which is not the word of god can work it out for you therefore whose report will you believe we have swallowed enough heresies in the past but it has come to an end today because the structures refute the heresies do not hesitate to pick the book and you will be glad you did

The Chequered Past 1995-01-01

the thoroughly revised updated 3rd edition of the book samanya gyan capsule 2019 offers a variety of information on various subjects in a very precise crisp format the various subjects included are history geography polity economy general science ecology environment computers miscellaneous indian panorama etc a special section has also been provided on current affairs containing the coverage of latest events issues ideas people the highlighting feature of the book is the collection of the most relevant information and latest authentic data useful for all your needs the content has been made engaging with the use of charts graphics and tables

Rapture: the Past, Present and What to Expect in the Future 2018-11-05

in recent years the peasant household has become a central focal point of social history this is true not only because the peasant represents the major element of european society through the nineteenth century but also because many of the main issues in modern historical debate can be studied within the sphere of the peasant family this book deals with the european peasant family during the period of transformation from agrarian to industrial society the time called by some the period of protoindustrialization the essays in this volume explore some of the major issues concerning the influence of the economy society and institutions on the peasant household and conversely the influence of the peasant household on the outside world themes dealt with include the ways in which the physical environment and the economy may make for very different family structures and even affect intra family relationships the effects of inheritance marriage and kinship strategies as well as social pressure on peasant family structure and demography the debate about changing gender roles and status the debate over the manner and effects of class formation questions of social and political agency the nature of gender and parent child relations the validity of protoindustrial theory and the role of peasants in initiating industrialization as consumers producers and as a labor force in examining these themes the essays provide both case studies and innovative analysis by preeminent international scholars in the fields of family and women s history economic history and demography

TARGET MH-CET (MBA / MMS) 2019 - Past (2018 - 2007) + 5 Mock Tests 10th Edition
