latin explorations first published in 1963 offers a fresh approach to roman poetry from catullus to ovid traditionally the period is divided for specialist studies lyric epic and elegy in each of them techniques of interpretation prevail isolated from contemporary ideas about poetry and dominated by barriers between textual exegetical and aesthetic criticism kenneth quinn discerns in roman poetry of this period the adolescence maturity and decay of a single coherent tradition whose internal unity surpasses differences of form his argument attempts to reverse the dissociation of purely academic research from appreciative criticism whilst also incorporating the work of textual scholars each chapter is supported by a detailed analysis of the texts nearly 700 lines of poetry are discussed and translated latin explorations will be of significant value not only to students of the classics but also to the latinless general reader who is interested in roman literature

Latin Explorations (Routledge Revivals) 2014-06-17

the routledge international handbook of critical education is the first authoritative reference work to provide an international analysis of the relationship between power knowledge education and schooling rather than focusing solely on questions of how we teach efficiently and effectively contributors to this volume push further to also think critically about education s relationship to economic political and cultural power the various sections of this book integrate into their analyses the conceptual political pedagogic and practical histories tensions and resources that have established critical education as one of the most vital and growing movements within the field of education including topics such as social movements and pedagogic work critical research methods for critical education the politics of practice and the recreation of theory the freirian legacy with a comprehensive introduction by michael w apple wayne au and luis armando gandin along with thirty five newly commissioned pieces by some of the most prestigious education scholars in the world this handbook provides the definitive statement on the state of critical education and on its possibilities for the future

The Routledge International Handbook of Critical Education 2009-02-17

slavoj zizek is no ordinary philosopher approaching critical theory and psychoanalysis in a recklessly entertaining fashion zizek s critical eye alights upon a bewildering and exhilarating range of subjects from the political apathy of contemporary life to a joke about the man who thinks he s a chicken from the ethicial heroism of keanu reeves in speed to what toilet designs reveal about the national psyche tony myers provides a clear and engaging guide to zizek s key ideas explaining the main influences on zizek s thought most crucially his engagement with lacanian psychoanalysis using examples drawn from popular culture and everyday life myers outlines the key issues that zizek s work has tackled including what is a subject and why is it so important the imaginary the symbolic and the real what is so terrible about postmodernity how can we distinguish reality from ideology what is the relationship between men and women why is racism always a fantasy slavoj zizek is essential reading for anyone wanting to understand the thought of the critic whom terry eagleton has described as the most formidably brilliant exponent of psychoanalysis indeed of cultural theory in general to have emerged in europe for some decades

Slavoj Zizek 2004-06-02

Foundations of Critical Media and Information Studies **2011-03-01**

this book analyses the complex postcolonial historical and cultural consciousnesses felt across societies in asia bringing these factors to bear on the changing terrain of knowledge subjectivities and power relations constructed in schools and across the public sphere this book was originally published as a special issue of curriculum inquiry

Critical Studies of Education in Asia 2019

in the spirit of ivan illich s 1968 speech to hell with good intentions the book takes aim at a ubiquitous form of contemporary ideology namely the concept of global citizenship its characteristic discourse can be found inhabiting a nexus of four complexes of ruling institutions namely universities with their international service learning the united nations and allied international institutions bent on global citizenship education international non governmental organizations and foundations promoting social entrepreneurship and global corporations and their mouthpieces pitching corporate social responsibility and sustainable development the question is in the context of northern or western imperialism and us led neoliberal global corporate capitalism and the planetary armageddon they are wringing what is the concept of global citizenship doing for these institutions the studies in the book put this question to each of these four institutional complexes from broadly political economic and post colonial premises focusing on the concept s discursive use against the background of the mounting production of the global non citizen as the global citizen s other addressed to all users of the concept of global citizenship from university students and faculty in global studies to social entrepreneurs and united nations bureaucrats the book s studies ultimately ask whether the idea helps or hinders the global quest for social and economic justice

The Global Citizenship Nexus 2020-04-08

this book brings together public services policy and public services management in a novel way that is likely to resonate with academics policy makers and practitioners engaged in the organization of public services delivery as it is from a perspective that challenges many received ideas in this field starting from the perspective of critical management studies the contributors to this volume embed a critical perspective on policy orthodoxy around critical public services policy and management studies cpmms in so doing the authors bring together previous disparate fields of public services policy and public services management but more importantly debate and present what critical constitutes when applied to public services policy and management this edited collection presents chapters from a broad range of public services domains including health education prisons local and central government and deals with a range of contemporary issues facing public services managers are examined including regulation of professions risk management user involvement marketing and leadership

Making Public Services Management Critical 2015-09-03

this book aims to engage with contemporary security discourses from a critical perspective it argues that rather than being a radical analytical outlook much critical security theory fails to fulfil its promise to pose a challenge to contemporary power relations in general critical security theories and dialogues are understood to be progressive theoretical frameworks that offer a trenchant evaluation and analysis of contemporary international and national security policy tara mccormack investigates the limitations of contemporary critical and emancipatory theorising and its relationship with contemporary power structures beginning with a theoretical critique and moving into a case study of the critical approaches to the break up of the former yugoslavia this book assesses the policies adopted by the international community at the time to show that much contemporary critical security theory and discourse in fact mirrors shifts in post cold war international and national security policy far from challenging international power inequalities and offering an emancipatory framework contemporary critical security theory inadvertently ends up serving as a theoretical justification for an unequal international order this book will be of much interest to students of critical security studies international relations and security studies tara mccormack is lecturer in international politics at the university of leicester and has a phd in international relations from the university of westminster

Critique, Security and Power 2009-09-10

this volume provides a thoughtful and wide ranging exploration of approaches to the critical study of advertising current and impending practices of advertising have in many ways exceeded the grasp of traditional modes of critique due at least in part to their being formulated in very different historical conditions to begin to address this lag this edited collection explores through critical discussion and application a variety of critical approaches to advertising authors address a variety of concrete examples in their chapters drawing on existing research while presenting new findings where relevant in order to maintain the relevance of this collection past this particular historical moment however chapters do not simply report on empirical work but develop a theoretical argument

Multilingual Texts and Practices in Early Modern Europe 2023

in response to the growth of a critical perspective on contemporary issues of terrorism this edited volume brings together a number of leading scholars to debate the new subfield of critical terrorism studies in the years since the 9 11 attacks terrorism studies has undergone a major transformation from minor subfield of security studies into a large stand alone field and is probably one of the fastest expanding areas of research in the western academic world however much of the literature is beset by a number of problems limiting its potential for producing rigorous empirical findings and genuine theoretical advancement in response to these weaknesses in the broader field a small but increasing number of scholars have begun to articulate a critical perspective on contemporary issues of terrorism this volume brings together a number of leading scholars to debate the need for and the shape of this exciting new subfield the first part of the volume examines some of the main shortcomings and limitations of orthodox terrorism studies while the second examines exactly what a critical terrorism studies would look like contributors from a variety of methodological and disciplinary perspectives give this volume diversity and it will lay the foundations for and provoke debate about the future research agenda of this new field this book will be of much interest to students of critical security studies terrorism studies and ir theory in general richard jackson is reader in the department of international politics aberystwyth university where he is also senior researcher at the centre for the study of radicalisation and contemporary political violence csrv he is the founding editor of the journal critical studies on terrorism marie breen smyth is director of the centre for the study of radicalisation and contemporary political violence csrv at aberystwyth university she is a reader in international politics and co editor of the journal critical studies on terrorism jeroen gunning is lecturer in international politics at aberystwyth university deputy director of the centre for the study of radicalisation and contemporary political violence and co editor of the journal critical studies on terrorism

Explorations in Critical Studies of Advertising 2016-10-26
