K2 is the world's second highest mountain but its savage reputation is second to none. The loss of Alison Hargreaves and six companions in 1995 was a grim echo of the multiple deaths in 1986 and of earlier disasters which have become part of climbing legend. K2 has always attracted the greatest names in mountaineering. Wiessner, Houston, Bonatti, Diemberger and Bonington are among those whose lives have been permanently scarred by their experiences on it. At the same time some inspiring new routes have been achieved on the world's most difficult 8000 metre peak. Jim Curran himself, a survivor of 1986, has traced the history of the mountain from the nineteenth century pioneer explorers down to the present and sees a repeating pattern of naked ambition, rivalry, misjudgement and recrimination. He has also found selfless heroism and impressive route making on the mountain that top climbers will always covet as the ultimate prize.

I could never again maintain that I was caught up in this game unwillingly. I knew now what I wanted to do willingly. Would I accept the hardship and fear, the discipline and the sacrifices if only I could be given back the chance to climb that mountain? Joe Tasker lies struck down by a tooth abscess in a damp bug-infested room in the Himalaya, wondering if he will be well enough to climb Dunagiri. His first venture to the big mountains, he is there with Dick Renshaw to attempt to make a two-man ascent of the peak, one of the first true alpine style expeditions to the greater ranges, an attempt that forms part of this tale of adventure in the savage vertical arena of hostile mountains. Joe Tasker was one of Britain's foremost mountaineers, a pioneer of lightweight mountaineering and a superbly gifted writer. In *Savage Arena* he vividly describes his participation in the first British winter ascent of the north face of the Eiger, his first ascent of the west wall of Changabang with Peter Boardman, considered to be a preposterous plan by the established climbing world, the first ascent of the north ridge of Kangchenjunga and his two unsuccessful attempts to climb K2, the second highest mountain in the world. This is a story of single-minded determination, strength and courage in a pursuit which owes much of its value and compulsion to the risks entailed, risks which often stimulate superlative performances. It is also a story of the stresses, strains and tensions of living in constant anxiety, often with only one other person for long periods in which one is never far from moments of terror and of the close and vital human relationships which spring from those circumstances. It is a moving, exciting and inspirational book about the adventuring spirit which seeks endless new climbing challenges, to face alluring problems to solve and difficulties to overcome. For it is not reaching the summit which is important, but the journey to it. Joe Tasker and Peter Boardman died on Everest in 1982 while attempting a new and unclimbed line. Both men were superb mountaineers and talented writers. Tasker's first book, *Everest the Cruel Way*, was first published in 1981. *Savage Arena*, his second book, was completed just before he left for Everest. Both books have become mountaineering classics. The literary legacy of Tasker and Boardman lives on through the Boardman-Tasker Prize for Mountain Literature, established by family and friends in 1983 and presented annually to the author or co-authors of an original work which has made an outstanding contribution to mountain literature. For more information about the Boardman-Tasker Prize, visit boardmantasker.com. The most riveting book on climbing that I have ever read. Chris Bonington, a gripping story of tremendous courage and unbelievable endurance. Sir Edmund Hillary.

K2 is almost 800ft shorter than Everest yet it's a far harder climb. Many great mountaineers became obsessed with reaching its summit, not all of them lived to tell of their adventures. Capturing the depth of their obsession, the heart-stopping tension of the climb, and delving into the controversy that still surrounds the first ascent, Mick Conefrey delivers the definitive account of the Savage Mountain, from drug-addicted occultist Aleister Crowley to the brilliant but tortured expedition leader Charlie Houston, and later the Italian duo who finally made it to the top. Conefrey resurrects the tragic heroes, eccentric dreamers, and uncompromising rivalries forever instilled in K2's legacy. This is the riveting, groundbreaking story of the world's deadliest mountain.
