lebanon is an exceptionally misunderstood country its religious politics are typically misrepresented and denigrated in western political commentary politics and war in lebanon offers a lucid examination of lebanese society and politics mordechai nisan examines lebanon in its own terms on its own cultural turf he then points to the causes of political disintegration in 1975 and explores the capacity of lebanon to recover and retain its unique national poise avoiding disorienting western stereotypes nisan presents lebanon in its own native frame of reference as a multi ethnic country that operates according to its immutable and enigmatic political forms lebanon is different from other arab countries as demonstrated through its very complex

electoral system its tradition of cross elite cooperation and its special sense of lebanese national identity that differentiates it from its overbearing syrian neighbor nisan explores intra maronite christian feuds identifies syria s occupation strategy analyzes the violence of the palestinians and studies israel s failed policy strategy and the role of hezbollah in the lebanese power equation lebanon is caught between its special historical identity as a country ofpoise creativity and liberty and the interminable warfare in the streets and villages of the country although its future appears dim its resilience enabled it to prevail in the past and may yet continue to do so

a country often neglected in discussions of latin america ecuador offers intriguing insights into the interwoven patterns of continuity and change characteristic of the region in this introduction to ecuador dr schodt begins with a discussion of culture and geography especially critical for understanding this country where the physical partitioning by the andes has had profound economic and political consequences and where cultural and linguistic differences further divide the population the author then

considers ecuador s early history emphasizing the importance of patterns imposed by regionalism and structured by the nation s colonial heritage this leads to a discussion of the cacao and banana booms and of the consequences of these periods of economic bonanza for domestic politics that focuses on the expansion of the electorate and the emergence of two competing populist movements in the final chapters dr schodt examines the political and economic implications of the petroleum boom emphasizing the growing role of the state in the ecuadorian economy this analysis of the petroleum period concludes with a discussion of ecuador s prospects for the future taking account of the conjuncture of the dramatic increase in ecuador s external indebtedness that took place in the late 1970s and early 1980s the election in 1984 of a government committed to reversing the growth of state intervention in the economy and the sharp decline in 1986 in the world price of petroleum

globalization is theorized in this book as an emerging new stage of capitalism robert went takes us on a journey from the historical roots of globalization through to its relevance in the modern day the enigma of globalization is a timely addition to an important debate and covers such themes as international trade free trade and international movement of capital the role of the world economy this accessible and intriguing book is a must not only for students and academics working in the field but will also prove an interesting read for all those with a general interest in the modern global political economy

# The Enigma of Globalization

2002-08-29

charles stewart parnell is the most enigmatic figure in irish history an anglo irish landlord from a distinguished wicklow family he became the most unlikely leader of irish nationalism imaginable he hated the colour green he was not a dynamic speaker he was cold and aloof and lacked the popular touch none the less from the late 1870s until his fall and death in 1891 he held the whole of ireland spellbound he established home rule for ireland previously a taboo subject in british politics at the centre of westminster affairs and effectively created the modern irish state in embryo his fall was as dramatic as his rise the affair with mrs katharine o shea the mother of his three children destroyed him ever since his fall and his premature death in 1891 parnell has remained a remarkably potent symbol particularly in times of crisis and conflict in ireland the myth has obscured the man and makes it difficult for us to see parnell as he really was paul bew presents a completely original interpretation of this fascinating and enigmatic man

the enigma of clarence thomas is a groundbreaking revisionist take on the supreme court justice everyone knows about but no one knows most people can tell you two things about clarence thomas anita hill accused him of sexual harassment and he almost never speaks from the bench here are some things they don t know thomas is a black nationalist in college he memorized the speeches of malcolm x he believes white people are incurably racist in the first examination of its kind corey robin one of the foremost analysts of the right delves deeply into both thomas s biography and his jurisprudence

masterfully reading his supreme court opinions against the backdrop of his autobiographical and political writings and speeches the hidden source of thomas s conservative views robin shows is a profound skepticism that racism can be overcome thomas is convinced that any government action on behalf of african americans will be tainted by racism the most african americans can hope for is that white people will get out of their way there s a reason robin concludes why liberals often complain that thomas doesn t speak but seldom pay attention when he does were they to listen they d hear a racial pessimism that often sounds similar to their own cutting across the ideological spectrum this unacknowledged consensus about the impossibility of progress is key to understanding today s political stalemate

2017-07-19

in 1998 the late robert sobel author of more than 30 books on business and politics wrote the first biography of calvin coolidge in a generation neglected by historians coolidge s influence has been immense both on american presidents like ronald reagan who replaced truman s portrait with coolidge s in the white house cabinet room and on the increasing libertarian spirit of american politics

# ***The Russian Enigma***

1979

a nuanced extrapolation of hannah arendt s theory of judgment through her highly provocative reading of immanuel kant more than a half century after it was first published hannah arendt s origins of totalitarianism rose to the top of best seller lists as readers grappled with the triumph of trumpism arendt kant and the enigma of judgment directs our attention to her later thought the posthumously published and highly provocative lectures on kant s political philosophy martin blumenthal barby puts this work in dialogue with arendt s other writings including her notes on kant s critique of judgment to outline her own theory of judgment for the twentieth century in an era of post truths and artificial intelligence the idea that authentic judgment for example the ability to distinguish right from wrong is incommensurable with abstract automated processes lies at the center of arendt s late work and at the fore of our collective reckoning rather than presenting us with a fixed account blumenthal barby suggests arendt s drawing and redrawing of conceptual distinctions is itself an enactment of judgment a process that challenges and complicates what she says at every turn in so doing arendt in thoroughly kantian fashion establishes judgment as a performative category that can never be taught but only demonstrated as sharp as it is timely this

incisive book reminds us why a shared reality matters in a time of intense political polarization and why the democratic project vulnerable as it may appear today crucially depends on it

## **Art of Enigma**

2010-11-01

this book has been written for the student and general reader to study the franco regime within an accessible framework it explores the various views of franco provided by biographers and historians and acknowledges that political bias and various moral stances are forever evident the background of any character is critical and part one is a brief summary of spanish history during this period part two examines franco the person and part three looks at his highly contentious polices during world war two the final section explores franco and postwar spain as a pariah state gaining a small degree of respectability because of franco s attempted manipulation of the vatican and his relationship with america during the cold war franco was a long surviving dictator from the 1930s and highly repressive to the bitter end despised by many and feared by his countrymen yet respected by others

# **Africa's Enigma and Leadership Solutions**

2009

in its persistence at maintaining racial inequality southern africa is leaving the door open to widespread racial conflict although the world east and west communist and capitalist is generally united in condemning apartheid in such a dispute it is not unlikely that the two superpowers would become involved southern africa an american enigma examines the currents of american involvement with southern african politics since 1948 to the present reagan administration

## ***Turkey's Alevi Enigma***

2021-08-04

justice is a cultural and historical constant characterized by plurality and incommensurate theories this book identifies regulative and critical dimensions in the works of kant hegel heller and honneth the significance of the categorical imperative mediating plurality leads to a dynamic idea of justice that resists relativism

## ***Coolidge***

2000-08-01

rajan investigates air pollution policy as one based on how to make cars less polluting putting the onus on auto manufacturers and owners has generated an elaborate scheme of emissions testing and pollution control devices and does not look at the technology itself as the heart of the problem rajan focuses his study on data collected in los angeles to show how emissions testing burdens the poor who tend to own older cars that pollute more rajan argues for democratic control over technology steering it away from special interest groups and toward a long term ethical resolution

1987-05-21

the twentieth century has been fundamentally shaped by changes in russia where disaster in the first world war was followed by the fall of the tsar nicholas ii s replacement first by kerensky s liberal government then by the bolsheviks and the subsequent civil war and foreign intervention led to the erection of a system of state tyranny previously unthought of the bolshevik regime with its ideological hatred of other regimes was a threat to the west where developments in russia were watched with both horror and fascination britain s information about this series of extraordinary events and about what might be about to happen next was largely dependent on the small number of british officials mainly diplomats posted in russia inside the enigma gives us a view from an unusual and privileged angle of the history of russia between the turn of the century and the beginning of the second world war the discomforts and privations suffered by british officials were matched by their frustration impenetrable tsarist court intrigue was replaced by a wall

of disinformation and suspicion after the bolshevik seizure of power nevertheless what they saw and reported makes remarkable reading

## **Post-communism**

1999

china s phenomenal rise as a major power centre in global geopolitics under the shadow of its closed door communist system presents unique strategic assessment challenges for analysts and foreign affairs specialists as a starting point the book china an enigma provides unique insights into china s history and its role in shaping some of its actions past and present for the serious student of china s contemporary studies a must read air chief mshl nak browne pvsm avsm vm former chief of air staff china has been in the news for some time for some reason or the other the voices against china seem to be reaching a crescendo post covid 19 making the timing and the title of this book absolutely apt china although much has been written about it continues to remain an enigma the author has made a commendable effort to explain china s actions and the reasons for its behaviour i strongly recommend the book for all china watchers air mshl kk nohwar pvsm vm former vice chief of air staff and former dg caps china is obsessed with history the effects of ancient history on all its present actions or its desire to be the number one in the

world order to avenge the century of humiliation has been highlighted in the book given china's opacity it maintains deception concealment and surprise as its key elements of battle winning strategy it is difficult to read its intentions the book makes a detailed study on china's psyche and its military cum strategic thinking so important when dealing with it on all frontiers the author has taken pains to cover all aspects of china's behaviour both as a country and its leadership past and present an important read for policy makers strategic analysts academia and the armed forces lt gen dr v k ahluwalia pvsm avsm ysm vsm director centre for land warfare studies claws former army commander central command china has alternated between long periods of isolationism and interaction with other nations this resulted in internal squabbles and external wars throughout its long history contemporary china after mao's death slowly and steadily moved ahead on the path of economic growth the process to strengthen the military began some years later when it realised that it too is necessary to go alongside the economic growth western liberals and optimists hoped to welcome china into the global economy as a responsible stakeholder with an accompanying political transformation how wrong was their premise china in the twenty first century is no longer a rising power but has grown as a competitor to usa which had gotten used to having its way in a unipolar world after the end of the cold war china has emerged as a global actor affecting the liberal world order in nearly every region and every major issue it has its ambitions of being able to dictate

the world order on its terms although it still has a long way to go nevertheless it has developed the capabilities to quite an extent to alter the international geopolitical architecture whether it does this peacefully or as a belligerent is the attendant question since capabilities and intentions have to be dealt with separately

## ***The Enigma of Justice***
