house of representatives washington d c
january 15 2013 page vii studies in
deuteronomy was compiled as a respectful
tribute to professor c j labuschagne and was
presented to him on the occasion of his 65th
birthday the choice of the book of deuteronomy
as a fitting topic for a collection of
commemorative essays reflects the focus of
professor labuschagne s own research on this
part of the bible in recent years the essays
which employ a variety of methodological
approaches to the study of deuteronomy deal
with such subjects as masoretic septuagintal
and qumran variations in the text of
deuteronomy deuteronomic elements in other
biblical books and the reception history of
deuteronomy in the jewish and christian worlds
included also is a first edition of some
deuteronomy manuscripts from qumran masada and
nahal hever special edition of the federal
register containing a codification of
documents of general applicability and future
effect with ancillaries in the past two
centuries cowbirds have increased in numbers
and extended their range across north america
while many of the native songbird species
whose nests they parasitize to raise their
young have declined this timely book collects
forty essays by most of the principal
authorities on the biology and management of
cowbirds the book s goals are to explore the
biology of cowbirds the threats they pose to
host species and populations and the
management programs that are being undertaken
to minimize these threats the book is
organized into five sections each with an
