Franco-German Relations 2021-03-17 this book examines the development of bilateral energy relations between china and the two oil rich countries kazakhstan and russia challenging conventional assumptions about energy politics and china s global quest for oil this book examines the interplay of politics and sociocultural contexts it shows how energy resources become ideas and how these ideas are mobilized in the realm of international relations china s relations with kazakhstan and russia are simultaneously enabled and constrained by the discursive politics of oil it is argued that to build collaborative and constructive energy relations with china its partners in kazakhstan russia and elsewhere must consider not only the material realities of china s energy industry and the institutional settings of china s energy policy but also the multiple symbolic meanings that energy resources and particularly oil acquire in china china s energy security and relations with petrostates offers a nuanced understanding of china s bilateral energy relations with kazakhstan and russia raising essential questions about the social logic of international energy politics it will appeal to students and scholars of international relations energy security chinese and post soviet studies along with researchers working in the fields of energy policy and environmental sustainability

International and Comparative Employment Relations 2021-07-26 meant primarily for students studying international relations aspirants of civil services international relations today concepts and applications captures the drastic changes in international relations after the disintegration of the soviet union and the end of the cold war in 1991 it also examines the rise of china as a major military and economic power and the potential of russia india and germany as tomorrow s big powers it will also be useful for those interested in the discipline

China's Energy Security and Relations With Petrostates 2010 this book examines recent developments in brazilian labour relations analysing the current state of labour relations in brazil the author shows how the proposals advanced by the new unionism have put strong pressure on the corporate system still legally enforced and have successfully developed a new political culture he terms the political culture of active citizenship

International Relations Today: Concepts and Applications 1999-03-22 modern approaches to public relations cluster into three camps along a continuum conflict oriented egoism e g forms of contingency theory that focus almost exclusively on the wellbeing of an entity redressed egoism e g subsidies to redress pr s egoistic nature and forms of self interested cooperation e g fully functioning society theory public relations cooperation and justice draws upon interdisciplinary research from evolutionary biology philosophy and rhetoric to establish that relationships built on cooperation and justice are more productive than those built on conflict and egoistic competition just as important this innovative book shuns normative utopian appeals offering instead only empirical materialistic evidence for its conclusions

this is a powerful multidisciplinary and well documented analysis including specific strategies for the enactment of pr as a quest for cooperation and justice which aligns the discipline of public relations with basic human nature it will be of interest to scholars and advanced students of public relations and communication ethics Labour Relations and the New Unionism in Contemporary Brazil 2017-04-21 the second edition of this highly accessible core textbook continues to offer students a practical guide to the process of planning undertaking and writing about qualitative research in public relations and marketing communications through clear explanations and illustrations the book encourages undergraduate and master level students to engage with the main approaches and techniques for conducting critical reflective investigations this new edition identifies the skills and strategies needed to conduct authentic trustworthy research highlights specific analytical techniques associated within the main research approaches provides new sections on internet based research critical discourse analysis historical research action research and mixed methods research qualitative research methods in public relations and marketing communications will be invaluable for those undertaking research methods courses on public relations and marketing communication degrees as well as those working on a dissertation

Public Relations, Cooperation, and Justice 2010-09-13 this book explores the conceptual framework of european employment law focusing on understanding the law s construction of employment relationships the book draws on extensive comparative research of the legal architecture of employment relations in national legal systems and eu law to analyse the traditional model of the contract of employment and the difficulties of using the traditional model to frame modern working relationships the authors then present a new model of the foundations of employment relationships based on the concept of a personal work nexus and explore the potential of their model to shape the future development of employment law throughout the book the authors analyse the interaction of domestic and eu employment law and discuss the possibility of future legal harmonisation in the area they conclude by exploring the potential for a common framework for european employment law in the context of broader debates surrounding the harmonisation of european private law

Qualitative Research Methods in Public Relations and Marketing Communications 1872 beginning with the basic premise that public relations can best be understood as a specialized type of communication the contributors to this volume establish public relations as a vital and viable realm for communication research and theory development through the application of communication theories they attempt to explain and predict public relations practices and then use these practices to develop communication theories their discussions fall into three distinct categories metatheory theory and examples of applications of theories an ideal volume for professionals and students in communication journalism and related fields

The Church in Relation to the State ... Edited by J. McNaught. Second Edition. [With a Recommendatory Notice Signed by J. Begg, and Others.] 2011-12-15 there is a widening divide between the data tools and knowledge that international relations scholars produce and what policy practitioners find relevant for their work in this first of its kind conversation leading academics and practitioners reflect on the nature and size of the theory practice divide they find the gap varies by issue area and over time the essays in this volume use data gathered by the teaching research and international policy trip project over a fifteen year period as a whole the volume analyzes the structural factors that affect the academy s ability to influence policy across issue areas and the professional incentives that affect scholars willingness to attempt to do so individual chapters explore these questions in the areas of trade finance human rights development environment nuclear weapons and strategy interstate war and intrastate conflict each substantive chapter is followed by a response from a policy practitioner providing their perspective on the gap and the possibility for academic work to have an impact bridging the theory practice divide in international relations provides concrete answers and guidance about how and when scholarship can be policy relevant

The Legal Construction of Personal Work Relations 2017-10-03 this text examines key concepts in international law in order to illuminate them in the context of inetrnational relations the first part of the book covers theoretical issues the second part examines international law in context including case study material and the pinochet litigation

Public Relations Theory 2020-05-01 sport plays a highly significant role in the lives of millions the world over and yet the impact of this global phenomenon on the subject of international relations hes been neglected the contributors to this collection argue that sport remains both an underestimated and understudied aspect of international relations and that the growth of its importance should be seen in the complex interdependencies and global systems of governance the text examines how the expansion of professional sport and the revenues generated by mass media s links with sport have transformed the international political economy how sport contributes to nation building and notions of identity how sport is a significant facet of international diplomacy international sport is far from being peripheral to international relations this challenging and comprehensive introduction will be of interest to students and all those working in international relations and sport studies

Bridging the Theory-Practice Divide in International Relations 2000-01-01 this book examines us subnational engagement in foreign relations or paradiplomacy with china and taiwan from 1949 to 2020 as an alternative diplomatic history of the united states relations with divided china it offers an in depth chronological and thematic discussion of state and local communities responses to the china taiwan sovereignty conflict and their impact on us diplomacy the book explains why paradiplomacy matters not only in the low politics of economic and cultural cooperation but also in the high politics of diplomatic recognition presenting case studies of us states and cities developing policies towards divided china that paralleled clashed or aligned with those pursued by federal agencies it also identifies chinese and taiwanese objectives and strategies deployed when competing for us subnational ties conceptually the book builds upon constructivism redefining paradiplomacy as an institutional fact reflective of subnational identities and interests rather than as a subnational pursuit of foreign markets driven by objective economic forces featuring new empirical evidence and a novel conceptual framework for paradiplomacy the united states subnational relations with divided china will be a useful resource for students and scholars of us foreign policy the politics of china and taiwan paradiplomacy and international relations

International Law and International Relations 2004-06-01 it is apparent from dental literature that there are many opinions and confusion regarding centric jaw relation this book attempts to present various theories and critical reviews of centric jaw relation regarding definition recording techniques and it s significance in organized and simplified approach

Sport and International Relations 2021-05-23 two commissions within the public relations society of america have recently defined courses in case study analysis research methods and behavioral science theory as central to an acceptable public relations curriculum to date these three streams within pr education have run independently of each other the authors produced this volume because they believe that there is a growing demand for an integrative applied theory approach to the study of public relations cases the need for pr professionals to study the social political and economic contexts of public relations carefully had been apparent for some time as issues management and environment scanning emerged as focal points of modern public relations yet there was no systematic framework for such study this volume however with its strong foundation in theory provides just that framework and is highly suitable for graduate level courses in public relations.

The United States' Subnational Relations with Divided China 2022-04-20 one of the major obstacles unions face in building influence in the workplace is the opposition and resistance from those that own those workplaces namely the employers this volume examines the nature of this anti unionism and in doing so explains the ways and means by which employers have successfully maintained their right to manage
