gracyk grapples with the ways that rock shapes limits and expands our notions of who we can be in the world he sees rock as a mass art open ended and open to diverse but not unlimited interpretations recordings reach millions drawing people together in communities of listeners who respond viscerally to its sound and intellectually to its messages as an art form that proclaims its emotional authenticity and resistance to convention rock music constitutes part of the cultural apparatus from which individuals mold personal and political identities going to the heart of this relationship between the music's role in its performers and fans self construction gracyk probes questions of gender and appropriation how can a feminist be a stonies fan or a straight man enjoy the indigo girls does borrowing music that carries a racial identity always add up to exploitation a charge leveled at paul simon's graceland rang es through forty years of rock history and offer s a trove of anecdotes publisher description

this is a book about love and about heartbreak about tears and about joy about families falling apart and about society about the highs and the lows of life in every way over the course of two years the author has used writing poetry as a coping mechanism and as a way of understanding the world as we know a lot has happened in those two years families fell apart friendships ended the world got locked down and that is only a tiny glimpse into what this book deals with this book contains a lot of pain manifested in verses and words simultaneously it conveys a lot of hope because sometimes all you need is the little thing called hope and whoever you are wherever you are the purpose of this collection of poems is to make you feel understood less alone and maybe a tiny bit hopeful it is a journey through the darkness into the light expressed in poetry

this book is about the family lives of some 10 000 children and adults who live in an all negro public housing project in st louis the pruitt igoe project is only one of the many environments in which urban negro americans lived in the 1960s but the

character of the family life there shares much with the family life of lower class negroes as it has been described by other investigators in other cities and at other times in harlem chicago new orleans or washington d c this book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum the questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the pruitt igoeans and the ways they make use of this framework to order their experiences and make sense out of them the lives of these persons are examined in terms of life cycles each child there is born into a constricted world the world of lower class negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him the crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior this book in short is about intimate personal life in a particular ghetto setting it does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class negro life is lived these larger macro sociological forces are treated in another volume based on research in the pruitt igoe community however this book does draw on the large body of literature on the structural position of negroes in american society as background for its analysis of pruitt igoe private life
