revolution was the theme of the twenty third symposium on
naval hydrodynamics held in val de reuil france from
september 17 22 2000 as more than 140 experts in ship
design construction and operation came together to
exchange naval research developments the forum
encouraged both formal and informal discussion of
presented papers and the occasion provides an opportunity
for direct communication between international peers this
book includes sixty three papers presented at the
symposium which was organized jointly by the office of
naval research the national research council naval studies
board and the bassin d essais des carÃ nes this book
includes the ten topical areas discussed at the symposium
wave induced motions and loads hydrodynamics in ship
design propulsor hydrodynamics and hydroacoustics cfd
validation viscous ship hydrodynamics cavitation and bubbly
flow wave hydrodynamics wake dynamics shallow water
hydrodynamics and fluid dynamics in the naval context vols
for 1871 76 1913 14 include an extra number the christmas
bookseller separately paged and not included in the
consecutive numbering of the regular series based on the
premise that terrorism is essentially a message terrorism
and communication a critical introduction examines
terrorism from a communication perspective

first text to offer a complete picture of the role of communication in terrorist activity through the extensive examination of state of the art research on terrorism as well as recent case studies and speech excerpts communication and terrorism scholar jonathan matusitz explores the ways that terrorists communicate messages through actions and discourse using a multifaceted approach he draws valuable insights from relevant disciplines including mass communication political communication and visual communication as he illustrates the key role that media outlets play in communicating terrorists objectives and examines the role of global communication channels in both spreading and combating terrorism this is an essential introduction to understanding what terrorism is how it functions primarily through communication how we talk about it and how we prevent it themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic christian faith themelios is published three times a year online at the gospel coalition thegospelcoalition.org/themelios and in print by wipf and stock its primary audience is theological students and pastors though scholars read it as well themelios began in 1975 and was operated by rtsf uccf in the uk and it became a digital journal operated by the gospel coalition in 2008 the editorial team draws participants from across the globe as editors essayists and reviewers general editor d a carson trinity evangelical divinity school managing editor brian tabb bethlehem college and seminary consulting editor michael j ovey oak hill theological college administrator andrew david naselli bethlehem college and seminary book review editors jerry hwang singapore bible college

responsibility in twenty first century warfare explores the
complex relationship between just war theory and the ethics
of autonomous weapons systems aws one of the challenges
facing ethicists of war particularly just war theorists is that
aws is an applicative concept that seems in many ways to lie
beyond the human ist scope of the just war theory tradition
the book examines the various ethical gaps between just
war theory and the legal and moral status of aws addresses
the limits of both traditional and revisionist just war theory
and proposes ways of bridging some of these gaps it adopts
a dualistic notion of moral responsibility or differing related
notions of moral responsibility and legitimate authority to
study the conflicts and contradictions of legitimizing the
autonomous weapons that are designed to secure peace and
neutralize the effects of violence focusing on the changing
conditions and dynamics of accountability responsibility
autonomy and rights in twenty first century warfare the
volume sheds light on the effects of violence
