Primary PE: Unlocking the Potential

2011-05-16

this book aims to address some of the aspects of primary physical education about which there is currently a dearth of high quality texts it arises from several contextual elements that create a need for something a little different from books currently on offer most of these offer guidance on content and teaching skills across the activities of the national curriculum together with supplementary information about key issues and processes for example assessing pupils or including those with special needs this proposal focuses on learning about primary pe and its potential to contribute not only as a discrete curriculum subject but also across the whole curriculum and to some of the many strategies and initiatives that have been set up to enhance primary practice and achievement topics have been selected as the focus for the chapters in this book not only for their current significance within strategies and initiatives but for their potential to contribute to the enhancement of the curriculum in the longer term and particularly in the context of the recommendations of the rose review and the imminent revisions to the primary national curriculum

This Much I Know About Love Over Fear ...

2015-06-15

this much i know about love over fear is a compelling account of leading a values driven school where people matter above all else weaving autobiography with an account of his experience of headship john tomsett explains how in an increasingly pressurised education system he creates the conditions in which staff and students can thrive too many of our state schools have become scared soulless places john tomsett draws on his extensive experience and knowledge and calls for all those involved in education to find the courage to develop a leadership wisdom which emphasises love over fear creating a truly great school takes patience ultimately truly great schools don t suddenly exist you grow great teachers first who in turn grow a truly great school there is a huge fork in the road for head teachers one route leads to executive headship across a number of schools and the other takes head teachers back into the classroom to be the head teacher john strongly believes that if the head teacher is not teaching or engaged in helping others to improve their teaching in their school then they are missing the point the only thing head teachers need obsess themselves with is improving the quality of teaching both their colleagues and their own this much i know about love over fear is an authentic personal narrative of teaching leadership and discovering what really matters it gets to the heart of what is valuable in education and offers advice for those working in schools

Success for All

2008-11-01

this book provides a detailed account of an educational experiment in a middle school in shanghai china the school called zhabei no 8 middle school hereafter no 8 school is located in a run down lower working class district since the mid 1980s the school has experimented on an educational reform program called success education aiming to help those at risk students to be successful in school this book illustrates how this educational experiment has been carried out and to identify experiences that could be learned by the international educational community the book analyzes the critical role played by principal liu jinghai and particular attention is paid to the strategies adopted by the school to help enhance students self esteem through integrating love and care throughout the school s curriculum and activities the pivotal roles played by teachers called class directors are meticulously studied and efforts the school has made to collaborate with parents and the local community are examined an ethnographic

approach was used to gather data in this study a combination of interviews participant observation and document analysis was applied to arrive at a systematic and complex understanding of this educational endeavor in china

Managing Urban Schools

2003-12-16

the success of urban schools is a critical factor in the future of society a dramatic statement for sure but justified by the fact that eighty nine per cent of the uk population live in urban areas traditionally inner city schools have presented some of the greatest challenges to educators with the ever increasing numbers of pupils and changing demographics many urban schools now face similar challenges too tough uncompromising and inspiring this book makes a significant contribution to the understanding of how urban and city schools need to operate and how they need to be led headteachers deputies those studying for the national professional qualification for headship and all aspiring school leaders will find the help and guidance in this book invaluable in

shaping their work the book will also be helpful to policy makers lea officials and governors this is essential reading for anyone concerned with the reality of working in schools in contemporary britain

The Multilingual Turn in Languages Education

2014-09-16

starting from the key idea that learners and teachers bring diverse linguistic knowledge and resources to education this book establishes and explores the concept of the multilingual turn in languages education and the potential benefits for individuals and societies it takes account of recent research policy and practice in the fields of bilingual and multilingual education as well as foreign and second language education the chapters integrate theory and practice bringing together researchers and practitioners from five continents to illustrate the effects of the multilingual turn in society and evaluate the opportunities and challenges of implementing multilingual curricula and activities in a variety of classrooms based on the examples featured the editors invite students teachers teacher educators and researchers to reflect on their own work and to evaluate the relevance and applicability of the multilingual turn in their own contexts

International Perspectives on Teacher Professional Development

2005

teacher professional development is subject to reform as a consequence of three often interwoven influences innovation politics and pedagogy for example recent decades have seen learning and teaching take centre stage as technologies have become more accessible and relevant so professional development has had to keep pace in order to provide teachers with an opportunity to develop skills and experiences to deal with this innovation in terms of politics as the prescription of input and the measurement of output are regulated and deregulated by the state so teacher professional development shifts to meet accountability and credibility demands likewise as our understanding of learning and teaching evolves in terms of knowledge processes dispositions and evaluation subsequent teacher professional development programmes responded to these current or in vogue research findings this new and much needed book describes how teacher professional development in science education from initial teacher education to continuing professional development continues to face and address the various challenges that arise as a consequence of innovation politics or pedagogy

this autoethnography highlights the experiences of school leaders teachers university staff and students and globally minded citizens working alongside local communities to enhance the quality of education for children in rural and remote schools in eight developing countries

That Behaviour Book

2023-03-07

what kind of teacher are you what values beliefs and principles do successful teachers have and how do they sustain these in the face of challenging pupil behaviour in this timely book stephen baker contends that rigid punishment systems weaponize young people s defiance against them and that punishment doesn t work he believes that teachers need to take responsibility for behaviour and to lead it not just manage it that we need to love the kids even if we don t like them that children are people that we are an event in their lives and that teaching is a relationship based activity with each chapter followed by engaging takeaway tasks that behaviour book will allow teachers to rapidly improve both their practice and their relationships with pupils and classes the book looks at the values that will sustain you as a teacher how routines will help you teach better and what positive expectations really mean making child centred relational practice easy to apply in the classroom teachers will have a more

realistic appreciation of their own situation and of the context in which they teach in short this book will help teachers learn how to get the very best out of their pupils that behaviour book is an essential guide for both the beginner and the more experienced teacher its unique tone makes it an indispensable companion for the busy teacher providing a sense of connection challenge and reassurance all at once stephen baker s anecdotes drawn from his years as a pupil teacher and trainer pack an emotional punch and are often hilarious suitable for all teachers

2008-11-18

this updated dvd and book pack is an ideal resource for training both in schools and colleges

Engaging Students with Music Education

2017-03-27

engaging students with music education is a groundbreaking book about using dj decks and urban music in mainstream schools to re engage disaffected learners and develop a curriculum which better reflects overall contemporary tastes many young learners are at risk of exclusion this book argues that for such individuals the implications of such a shift in the music curriculum could be especially positive drawing extensively on the author s own wealth of teaching experience and bridging the gap between practice and theory this book demonstrates through case studies that dj decks can prove extremely valuable in mainstream classroom situations across the secondary school age ranges addressing challenging and crucial topics combining rigorous theoretical

analysis with practical suggestions the book addresses questions such as are dj decks actually a musical instrument and are they suitable for classroom teaching will ofsted s school inspectors approve of music teaching involving dj decks and urban music if we bring urban music into the classroom will this further marginalise classical music are djing and mcgng skills recognised within examination specifications at least in the uk current teachers will find the practical advice on how to incorporate dj decks and urban music into their classroom especially helpful whilst educational researchers will be captivated by the critical discussion of the child centred tradition and a theoretical approach which stretches from continental philosophy to practice based reflection with an insistence that the starting point for music education should always be the interests and experiences of the learners this book is essential reading for those music teachers and researchers interested in the benefits of non standard music making in the classroom

Supporting Children's Creativity through Music, Dance, Drama and Art

2017-09-14

an essential part of children s development in the early years involves creative engagement through language gestures body movements drawing music and creating shared meanings in playful contexts supporting children s creativity through music dance drama and art brings together contributions from a range of early years practitioners and professionals sharing their creative conversations and helping readers to implement the themes of the early years foundation stage framework in a creative way including a new chapter to explore the relationships between music and movement this second edition has been fully updated and covers how to incorporate music making and storytelling in the classroom how to use stories of practice to inspire reflection and change how to extend challenge and sustain children s interests how to make use of the talking table and helicopter approaches how to become an effective play partner how to improve practice with interactive strategies and music for well being how to use observation to inspire planning and learning projects appealing to all with an interest in early years practice this new edition demonstrates how parents carers and practitioners can put excitement and inspiration back into the learning process guiding them to encourage and support the creative capacities of young children

Global Citizenship for Young Children

2008-04-16

citizenship education equips children with the skills necessary to play an active part in society and act as socially and morally responsible citizens margaret collins has used her considerable experience to create another fantastic age appropriate practical resource for children aged 4 9 that widens the concept of citizenship so that it incorporates global issues the book explores six topics basic needs environmental issues fairness exploring various cultures democracy global issues each section has an introductory page and ideas for resources followed by activities on the same topic differentiated for younger and older primary pupils clear guidelines are provided for discussion and activities which could take place in circle time at the end of each section there is a story for children to consider accompanied by developmental activities and activity sheets as well as a page of reflections related to the global challenges we all face this exciting resource will act as a starting point for stimulating teachers and encouraging children to widen their learning teachers will be able to use these activities to set further challenges to help explore current situations and to help with understanding present concerns margaret collins is a former headteacher of infant and first schools she is now senior visiting fellow in the school of education at the university of southampton she researches children s perceptions of health education topics writes teaching materials for children books and articles on pshe

Cultures of Staff Wellbeing and Mental Health in Schools: Reflecting on Positive Case Studies

2021-06-24

staff in schools have never been under so much pressure with high stakes accountability leading many teachers to rethink their profession a third of early career teachers are leaving within 5 years of training while headteachers are less sure than ever that they will be able to continue to lead their schools we have a staff wellbeing and mental health crisis in education the schools in cultures of staff wellbeing and mental health have addressed this crisis by implementing a whole school culture of staff wellbeing and mental health it has taken courage determination and authenticity to prioritise relationships over results not only between the children and their teachers but also between the staff themselves this book will support your school with 32 individual chapter case study accounts by headteachers and mental wellbeing leads of how they are implementing staff and pupil wellbeing in their schools a rich resource of strategies and ideas to adapt to your own context how to recognise and tackle staff burnout in your school identifying the maslach factors that cause it why teachers putting a brave face on it is ineffective jonathan glazzard presents his ground breaking research identifying a connection between teacher wellbeing pupil emotional response and attainment what buffer leadership is and why recognising it is crucial to the headteacher s mental health this book belongs to the

staff of the case study schools that recount in their own words how focusing on wellbeing and mental health has transformed their schools this book exemplifies good practice and will hopefully inspire others to follow its case study leads david gumbrell founder of the resilience project this book is an outstanding reference guide for all school leaders who wish to implement a culture of wellbeing based on evidence and success a must read suneta bagri fcct former head teacher founder of the every teacher matters project cultivate coaching consultancy the editor not only encourages the reader to engage empower all staff to see and own their own wellbeing but also for leaders to model self care the promotion of sustainable wellbeing behaviour patrick ottley o connor executive headteacher a must read for any school wanting to strengthen the wellbeing of their school community daniela falecki founder and director teacher wellbeing Pty Ltd Sydney Australia Steve Waters is the founder and director of the Teach Well Alliance he has thirty years experience as a secondary school English teacher during this time he fulfilled many roles including middle leader and assistant headteacher his previous books include *Doing Your Research Project* which is in its seventh edition

How Schools Do Policy

2012

based on a long term qualitative study of four ordinary secondary schools and working on the interface of theory with data this book explores how schools enact rather than implement policy
