Lady in the Dark 2019 drawing on sketches and drafts production scripts correspondence photographs costume and set designs newspaper clippings and interviews with original cast members this text illuminates lady in the dark one of broadway s most legendary but elusive musicals

Dark Star 1996 vivien leigh was perhaps the most iconic actress of the twentieth century as scarlett o hara and blanche du bois she took on some of the most pivotal roles in cinema history yet she was also a talented theatre actress with west end and broadway plaudits to her name in this ground breaking new biography alan strachan provides a completely new full life portrait of leigh covering both her professional and personal life using previously unseen sources from her archive recently acquired by the v a he sheds new light on her fractious relationship with laurence olivier based on their letters and diaries as well as on the bipolar disorder which so affected her later life and work revealing new aspects of her early life as well as providing glimpses behind the scenes of the filming of *Gone with the Wind* and a streetcar named *Desire* this book provides the essential and comprehensive life story of one of the twentieth century s greatest actresses

Dark Star 2015-08-03 an oral biography of jerry garica

Streets of Sin 2020-07-30 notting hill was not always an upmarket residential enclave and celebrity hotspot streets of sin delves into the district s murky past and relates the deplorable scandals and shocking crimes that blighted the area from its development until the late twentieth century best selling london historian fiona rule sheds new light on notorious events that took place amid the leafy streets including the horrifying murders at rillington place the nefarious career of slum landlord peter rachman the profumo affair and britain s first race riots she reveals what life was like in rotting hill during its dark years when murder extortion and disorder were everyday occurrences and explores the price its residents have had to pay to climb up out of the ghetto

A Biography of Power: Research and Excavations at the Iron Age 'oppidum' of Bagendon,

Gloucestershire (1979-2017) 2015-03-01 this book explores the changing nature of power and identity from the iron age to the roman period in britain it provides fresh insights into the origins and nature of one of the lesser known but perhaps most significant late iron age oppida in britain bagendon in gloucestershire

Biography of the Spirit 1835 emily starkiss undertakes the biography of the famous autodidactic and mononymous philosopher cometan who is the first astronic philosopher the founder of astronism and the sole author of the omnidoxy starkiss focuses on the latter teenage years of cometan as his identity and philosophership are first created and begin to establish themselves in this exclusive biography starkiss investigates how brandon taylorian created and dealt with his newfound identity as cometan and the many challenges worries and tribulations that he was experiencing and that were facing him in the future as he struggled to establish the philosophy of astronism in addition starkiss chronicles the life of cometan during his authorship of the philosophical treatise of the omnidoxy how the writing of cometan s seminal work at such a young age change the young man s perceptions identity and personality emily starkiss thoroughly analyses how cometan became cometan during the most pivotal years at the beginning of his philosophership during the founding of the philosophy of astronism starkiss s chronicle of the young philosopher s earliest years provides a unique insight into a person whose ambitions quickly not only became the dominate force in their life but also moulded their entire identity

Poetical Works: Biography of Milton 2019-02-07 george ellery hale 1868 1938 is the subject of this impressive biography wright charts hale s steady progress towards leadership in the nascent field of astrophysics from his childhood experiments at home in chicago through student days at mit to his first observatory at kenwood all of which demonstrate his passion for unravelling the secrets of nature through the then new medium of spectroscopy this enthusiasm led him into contact with most of his peers both in america and beyond lockyer huggins pickering rowland and many more many of whom remained close associates and correspondents for years after probably this sense of community made hale so active in the organization of science including the formation of the aas american astronomical society the iau international astronomical union and icsu international council of scientific unions it also gave him the contacts to give the astrophysical journal such a good start in 1895 perhaps the greatest debt we owe hale is for his relentless drive towards the creation of ever bigger and better facilities starting with the still unsurpassed yerkes refractor continuing with the solar telescopes on mt wilson and then the 60 and 100 inch telescopes on the same peak and concluding with the 200 inch at mt palomar scientifically hale s lifelong affair with the sun brought him success in the detection of magnetic fields and early studies of surface activity by means of the spectroheliograph he developed and for which he was duly fêted and the frustrations of trying to record the corona but these were early successes and as astropolitics and finance took an ever increasing share of his time he was able to contribute less than he would have liked part of the problem was the illness with both physical and mental symptoms which progressively plagued the life of this hyperactive polymath it is sad to note his decline which prevented him playing a fuller part in the creation of what was to become his memorial this biography is something of a classic on one of astronomy s giants david strickland the observatory this important biography is well written and is highly recommended a e covington journal of the royal astronomical society of canada an outstanding biography of this most remarkable man helen wright has done a

superb job of tracing hale s development not only of new and powerful instruments and of his important discoveries of sunspot magnetic fields and the law of reversing polarities but also of the embryonic state of american science in the early days of this century an authoritative biography of one of the most influential men of science this country has produced the hook will bring to contemporary scientists and historians the story of this unique astronomer whose life is of such special interest to the caltech community allan sandage caltech magazine formerly engineering and science helen wright gives a detailed account of the life and almost frantic activities of this remarkable scientific leader in summarizing astrophysical events of the years 1880 to 1950 wright has provided a useful and fascinating account of scientific development that led to the preeminence of the united states thornton page science in writing the story of hale s origins career and bequest to posterity helen wright has richly served her fellow astronomers no one else could have done so well her account preserves an admirable balance in presenting hale not only as a doer but also as a dreamer miss wright s excellent biography covers the highlights of his career miss wright s book is highly authentic harlow shapley scientific american published under license from springer science business media llc part of springer nature

The Biography of a Young Philosopher 2021-03-18 james herbert is one of the most enduringly popular authors writing today his books sell in their hundreds of thousands across the world are often made into films and have turned him into arguably the most successful writer of the horror genre yet despite his worldwide fan base surprisingly little is known about the man himself in this work craig cabell has written an in depth biography of the man with his full cooperation herbert has granted the author a number of rare interviews and the result is a frank and revealing portrait of one of the giants of contemporary popular fiction in addition to this herbert has granted the author full access to his photographic archives and provided unreleased material to publish in this book

Explorer of the Universe: A Biography of George Ellery Hale 2004 the definitive biography of hollywood horror legend tod browning now revised and expanded with new material one of the most original and unsettling filmmakers of all time tod browning 1880 1962 began his career buried alive in a carnival sideshow and saw his hollywood reputation crash with the box office disaster turned cult classic freaks penetrating the secret world of the edgar allan poe of the cinema dark carnival excavates the story of this complicated fiercely private man in this newly revised and expanded edition of their biography first published in 1995 david j skal and elias savada researched browning s recently unearthed scrapbooks and photography archives to add further nuance and depth to their previous portrait of this enigmatic artist skal and savada chronicle browning s turn of the century flight from an eccentric louisville family into the realm of carnivals and vaudeville his disastrous first marriage his rapid climb to riches in the burgeoning silent film industry and the alcoholism that would plague him throughout his life they offer a close look at browning s legendary collaborations with lon chaney and bela lugosi as well as the studio politics that brought his remarkable run to an inglorious conclusion with a revised prologue epilogue filmography and new text and illustrations throughout dark carnival is an unparalleled account of a singular filmmaker and an illuminating depiction of the evolution of horror and the early film industry

Dark Horse 2023-07-15 michael collins and eamon de valera were the two most charismatic leaders of the irish

revolution this joint biography looks first at their very different upbringings and early careers both fought in the 1916 easter rising although it is almost certain they did not meet during that tumultuous week their first encounter came when collins had been released from jail after the rising but de valera was still inside collins was one of those who wanted to run a sinn féin candidate in the longford by election of 1917 de valera and other leaders opposed this initiative but the collins group went ahead anyway and the candidate won narrowly the incident typified the relationship between the two men they were vastly different in temperament and style but it was precisely in their differences and contradictions that their fascination lay de valera the political pragmatist hoped to secure independence through political agitation whereas the ambitious collins with his restless temperament and boundless energy was an impassioned patriot who believed in terror and assassination t ryle dwyer examines the years 1917 22 through the twists and turns of their careers in an epilogue he considers the legacy of collins on de valera s political life

Biography of Mrs J H Conant 1881 squires english virginia tech and talbot spanish roanoke college collected frieda laurence s letters for years before realizing that they could add considerable insight to a biography of her famous writer husband the result though focusing on him turned out to be a biography of them as a couple pulling her out from his shadow annotation copyrighted by book news inc portland or
