Small Gods 2016-07-28 just because you can't explain it doesn't mean it's a miracle in the beginning was the word and the word was hey you this is the discworld after all and religion is a controversial business everyone has their own opinion and indeed their own gods of every shape and size and all elbowing for space at the top in such a competitive environment it's certainly not helpful to be reduced to appearing in the form of a tortoise a manifestation far below god like status in anyone's book in such instances you need an acolyte and fast for the great god om brutha the novice is the chosen one or at least the only one available he wants peace and justice and brotherly love he also wants the inquisition to stop torturing him now please now adapted into graphic novel form with new artwork by ray friesen

Thief of Time 2002-04-23 the monks of history control time taking it from where it's not needed to the cities where there is never enough but the invention of an accurate clock may bring this to an end

Pyramids 1998-01 since the publication of this title in 1983 pratchett's discworld series now has many best selling titles in print every one of which has received rapturous reviews the plot is so ridiculous and so much fun that it shouldn't be revealed in a serious

The Colour of Magic 1989 in the fantasy universe of the phenomenally bestselling discworld series everything runs on magic and common sense the world is flat and million to one chances happen nine times out of ten our world seems different it runs on rules often rather strange ones science is our way of finding out what those rules are the appeal of discworld is that it mostly makes sense in a way that particle physics does not the science of discworld uses the magic of discworld to illuminate the scientific rules that govern our world when a wizardly experiment goes adrift the wizards of unseen university find themselves with a pocket universe on their hands roundworld where neither magic nor common sense seems to stand a chance against logic roundworld is of course our own universe with us inside it eventually guided if that's the word by the wizards we follow its story from the primal singularity of the big bang to the internet and beyond we discover how puny and insignificant individual lives are against a cosmic backdrop of creation and disaster yet paradoxically we see how the richness of a universe based on rules has led to a complex world and at least one species that tried to get a grip on what was going on

The Colour of Magic 1998-01 persistently amusing good hearted and shrewd the sunday times the discworld is very much like our own if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle that is they say that a little knowledge is a dangerous thing but it's not half so bad as

a lot of ignorance the last thing the wizard drum billet did before death laid a bony hand on his shoulder was to pass on his staff of power to the eighth son of an eighth son unfortunately for his colleagues in the chauvinistic not to say misogynistic world of magic he failed to check that the baby in question was a son everybody knows that there is no such thing as a female wizard but now it is gone and happened there is nothing much anyone can do about it let the battle of the sexes begin the discworld novels can be read in any order but *Equal Rites* is the first book in the witches series

The Science Of Discworld 2011-05-31 imagine if you will a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle in truth the discworld is not so different from our own yet at the same time very different but not so much in this the maiden voyage through terry pratchett's divinely and recognizably twisted alternate dimension the well meaning but remarkably inept wizard rincewind encounters something hitherto unknown in the discworld a tourist twoflower has arrived luggage by his side to take in the sights and unfortunately has cast his lot with a most inappropriate tour guide a decision that could result in twoflower's becoming not only discworld's first visitor from elsewhere but quite possibly portentously its very last and of course he's brought luggage along which has a mind of its own and teeth

Equal Rites 2022-06-28 they said it couldn't be done well it has been done proving them wrong once again after years of research cunningly contrived in as many minutes the discworld has its map it takes full account of the historic and much documented expeditions of the discworld's fêted or at least fated explorers general sir roderick purdeigh lars larsnephew llamedos jones lady alice venturi ponce da quirm and of course venter borass now travellers on this circular world can see it all from klatch to the ramtops from cori celesti to the circle sea from genua to bhangbhangduc the great cities of hunghung pseudopolis al khali and of course ankh morpork are placed with loving care upon this world which is carried through space by great a tuin

The Colour of Magic 1995-11-16 as it moves towards a seemingly inevitable collision with a malevolent red star the discworld has only one possible saviour unfortunately this happens to be the singularly inept and cowardly wizard called rincewind who was last seen falling off the edge of the world

The Discworld Mapp 1995 murder and mayhem in discworld the funniest writer in fantasy strikes again with a witty and rollicking tale of golems invisible killers and hapless security officers

The Light Fantastic 1995 it's just one of those days when nothing seems to go right a most inopportune time for the first tourist ever to set foot and carnivorous luggage on the discworld to be extending his already eventful vacation not that he currently has much choice in the matter but with a monstrous red star on a direct collision course the future for the residents of this flat planet carried by four elephants riding on the shell of a giant turtle swimming through space appears uncertain at best fortunately there is one individual who can save discworld from total destruction unfortunately that hero happens to be the singularly inept wizard rincewind who was last seen falling off the edge of the world
