The 17 Day Plan to Stop Aging

2012-09-27

how do trees help reduce violence what do roads have to do with chronic disease prevention diaries examines the unexpected yet empirically predictable relationships that shape our health providing the keys to realizing vitality and health across our society with passion wisdom and humor internationally recognized prevention expert larry cohen draws on his three decades of experience to make a case for building health into the everyday fabric of our lives from health care to workplaces urban planning to agriculture prevention diaries envisions an alternate model of american health care one less predicated on treating sickness and more focused on preventing it doing so requires a shift in how our society perceives and approaches health first recognizing our overreliance on individual solutions then building an environment conducive to preventing problems before they occur through first person vignettes and scientific data cohen shows that prevention is the cure for what ails us by creating greater opportunities for health and safety things like safe access to parks and healthful housing the us sets a

foundation for a healthier country prevention diaries makes it clear that as the us works to ensure everyone can access medical services we also must make health not just health care the ultimate goal

Oversight on Prevention Activities of the National Institute on Alcohol Abuse and Alcoholism and the National Institute on Drug Abuse, 1982

1982

this handy volume is a ready go to reference for the chemical engineer plant manager process engineer or chemist working in industrial settings where dust explosions could be a concern such as the process industries coal industry metal industry and others though dust explosions have been around since the earth first formed and they have been studied and written about since the 1500s they are still an ongoing concern and occur almost daily somewhere in the world from bakeries to fertilizer plants dust explosions can have devastating consequences and recently there have been new industrial standards and guidelines that reflect safer more reasonable methods for dealing with materials to prevent dust explosions and resultant fires this book not only presents these new developments for engineers and managers but it offers a thorough and deep coverage of the subject starting with a complete overview of dust how it forms when it is in danger of exploding and how this risk can be mitigated there is also a general coverage of explosions and the environments that foster them further chapters cover individual industries such as metal and coal and there is an appendix that outlines best practices for preventing dust explosions and fire and how these risks can be systematically mitigated by these implementations there is also a handy glossary of terms for easy access not only for the veteran engineer or chemist but for the student or new hire this ready reference is one of the most useful texts that an engineer or chemist could have at their side with so many accidents still occurring in industry today and so many hazards this volume pinpoints the most common and easiest ways for the engineer to go about his daily business safely efficiently and profitably with no extraneous tables or theoretical treatises a must have for any engineer scientist or chemist working with materials that could result in dust explosions or fire

Authorization of the Federal Fire Prevention and Control Act

1985

how can a society prevent not deter not punish but prevent crime criminal justice prevention commonly called crime control aims to prevent crime after an initial offence has been committed through anything from an arrest to a death penalty sentence these traditional means have been frequently examined and their efficacy just as frequently questioned promising new forms of crime prevention have emerged and expanded as important

components of an overall strategy to reduce crime crime prevention today has developed along three lines interventions to improve the life chances of children and prevent them from embarking on a life of crime programs and policies designed to ameliorate the social conditions and institutions that influence offending and the modification or manipulation of the physical environment products or systems to reduce everyday opportunities for crime each strategy aims at preventing crime or criminal offending in the first instance before the act has been committed each importantly takes place outside of the formal criminal justice system representing an alternative perhaps even socially progressive way to reduce crime the oxford handbook of crime prevention is a comprehensive up to date and authoritative review of research on crime prevention bringing together top scholars in criminology public policy psychology and sociology this handbook includes critical reviews of the main theories that form the basis of crime prevention evidence based assessments of the effectiveness of the most important interventions and cross cutting essays that examine implementation evaluation methodology and public policy covering the three major crime prevention strategies active today developmental community and situational this definitive volume addresses seriously and critically the ways in which the united states and the western world have attempted and should continue to strive for the of crime

How to Stop Monkey Mind

2013-11-18

fueled by demands for reform of social and educational programs and pressured for solutions to increasing social problems among youths social policy experts have turned to the promising effectiveness of school based prevention programs school based prevention programs for children and adolescents reviews and evaluates the design and impact of such programs pointing out in particular those exemplary prevention efforts that have worked and thus advance knowledge in the prevention field in addition to tracing the development of basic theories and practice the author discusses the factors that assist or hinder program implementation and offers specific examples to illustrate how effective programs can be modified to work he also focuses on understanding the school as an integral social and organizational structure and its special role in prevention programs this volume covers a broad range of prevention programs including prevention of behavioral social and academic problems as well as education in substance abuse and health and looks to model school based prevention programs as a step toward future prevention efforts

Infection Prevention and Control in Healthcare, Part I: Facility Planning and Management, An Issue of Infectious Disease Clinics of North America, E-Book

2016-08-16

this briefs integrates and synthesizes an array of research about who helps others and under what conditions and discusses the implications of this research for a bystander intervention focused prevention agenda to reduce sexual and relationship violence in schools and communities it combines an examination of bystander helping behavior in the specific context of sexual and relationship violence with social psychological research on bystander behavior outside that context in order to inform prevention efforts this briefs is designed for researchers practitioners and students concerned about violence prevention and who are interesting in bystander intervention as a promising prevention strategy connections between research and practice are the foundation of this briefs the briefs addresses the following questions what is the promise of a bystander approach to violence prevention where does it fit within the spectrum of sexual and relationship violence prevention how do we expand theoretical models of helping behavior to the unique context of interpersonal violence how can we bring in research from other areas of health behavior change and developmental research on violence to inform a broader bystander action model it provides a new synthesis and model of bystander interaction it outlines a strategic plan for new research and next steps in prevention practices

Dust Explosion and Fire Prevention Handbook

2014-06-27

mother to child transmission of hiv 1 afflicts hundreds of thousands of children every year especially in parts of the world such as sub saharan africa where hiv infection is prevalent and resources are limited this tragic reality

has spurred researchers to search for an effective safe and inexpensive treatment that could reduce the risk of perinatal hiv transmission the hivnet 012 trial was designed to provide preliminary information on the comparative safety and efficacy of two relatively simple and inexpensive short courses of oral antiretroviral treatment likely to be feasible in resource limited settings the resulting report identified some problems with procedures and documentation but concluded that these issues did not compromise the results of the study however these issues have led to public scrutiny and continued controversy review of the hivnet 012 perinatal hiv prevention study critically and objectively evaluates the study s design and conduct and assesses the impact of the initial procedural issues on the validity of the overall findings and conclusions of the trial

Juvenile Delinquency Prevention and Control

1959

this book presents the concept of group centered prevention and provides explanations and exercises for learning the method and teaching it to others detailed studies offer evidence for the continuing importance of prevention in mental well being and distinguishes group centered prevention from other group interventions by its ability to resolve incipient mental health issues and emotional problems case examples with adults children couples and others demonstrate successful uses of group centered techniques as well as illustrate the problems that arise in group settings the book s ready to apply training exercises give prospective group leaders practice in starting new groups fostering cohesion integrating therapeutic factors into sessions and other core skills featured topics include group centered prevention in contrast with other group interventions characteristics of effective leaders in group centered prevention benefits of prevention groups as opposed to those gained in counseling and therapy key constructs of self efficacy and intrinsic motivation in group centered prevention stages of development in new groups formats for developing training exercises group centered prevention in mental health is an essential resource for scientist practitioners clinicians and researchers as well as graduate students in such disciplines as school psychology social work and public health its educational uses span classroom workshop and training settings across the health and healing disciplines

Providing for Consideration of H.R. 975, the Bankruptcy Abuse Prevention and Consumer Protection Act of 2003

2003

using groundbreaking studies news stories and interviews this book underscores that there will never be gender equity until men stop harassing women in public spaces and it details strategies for achieving this goal street harassment is generally dismissed as harmless but in reality it causes women to feel unsafe in public at least sometimes to achieve true gender equality it must come to an end stop street harassment making public places safe and welcoming for women draws on academic studies informal surveys news articles and interviews with activists to explore the practice s definition and prevalence the societal contexts in which it occurs and the role of factors such as race and sexual orientation perhaps more crucially the book makes clear how women experience street harassment how they feel about and respond to it and the ways it negatively impacts lives but understanding is only a beginning in the second half of the book readers will find concrete strategies for dealing with street harassers and ways to become involved in working to end this all too common violation educators counselors parents and other concerned individuals will discover resources for teaching about harassment and modeling behavior that will help prevent harassment incidents

National Partnership to Prevent Drug and Alcohol Abuse

1987
