about a world gone wrong about injustice about the human condition and about hope for a better world in this book gary burnett probes both the gospel and the history of the blues to help us understand better the nature of the good news that jesus preached and its relevance and challenge to us the christian church was born in the middle east and grew there for centuries its interaction with islam turned christianity in this once predominantly christian region into a marginalized jewel surviving at great peril within a difficult even sometimes hostile political and religious climate of course the story of christianity over the last 1 300 years is not solely one of conflict marginalization and persecution but is also about accommodation interchange and cooperation this introductory book details the history of the church in its middle eastern birthplace through the past two thousand years it is a story described as a lost history by philip jenkins but it is here uncovered and placed on display for those with eyes to see the church of the middle east is here revealed as a precious jewel still catching the light listen to the men think for yourself is a book on relationships from a man s perspective this book also reveals the inner thoughts of men what motivates us why we do what we do this insight will give women and some men opportunity on how to better understand men in order to build better relationships there are many verbal illustrations to create mind pictures and various symbolisms to depict a man s mentality with deep intrusive explanations and with a keen sense of humor this volume provides a readable introduction to the narrative books of 1 and 2 kings appropriate for the student pastor and scholar fritz combines historical literary and archaeological approaches in an engaging synthesis while he addresses issues of the deuteronomic redaction the author does not become bogged down in technical discussions or allow this to overshadow the holistic interpretation of the text crossroads in life is a novel about the many choices we have to make in our life determining our destiny it is shown by the interesting stories of a wide range of characters in the center of them is a young eastern european girl ina who comes to america looking for her father being a real beauty she barely escapes from the criminals in the human sex trafficking business in the usa she finds her true love and realizes her dreams the people around the happy successful couple make different choices in their lives and face the consequences of them believing in god or not also strongly affects their actions and the results the problems of the immigrants as well as the life in post socialist eastern european countries are shown by the author s own experience a realistic picture of the last years of our human history is the basis on which the writer builds her stories sharing with the readers her experiences ideas and beliefs she hopes that her book could help you make the right decisions when you are on one of your many daily crossroads in life the testaments of the twelve patriarchs t12p one of the longest texts of the so called old testament pseudepigrapha presents the fictitious farewell speeches that the twelve sons of jacob held on their respective deathbeds tom de bruin examines these twelve monologues as literary products in order to understand the function of the text for the setting in which it was composed he approaches t12p from three directions an analysis of the paraenetic parts a discussion of the anthropology and a comparative examination of other contemporaneous works documenting a world view similar to t12p these three approaches merge into a detailed discussion about the reasoning behind the admonition in t12p and identifies the fundamental message of the text namely that each person stands between the forces of good and evil and that this person is called to constantly decide which way to follow though t12p is still familiar with the apocalyptic origin and plays with the cosmological implications of this great controversy the text clearly puts the emphasis on the battle inside each individual it is thereby an important witness for reinterpreting and reapplying apocalyptic traditions through ethicizing them and focusing on the individual such an individualistic application of the great controversy theme can be found in a number of other mostly christian works revealing a similar understanding of mankind s existence and development as in t12p the analysis of the ethical reappropriation of apocalyptic traditions in t12p provides important insights into the foundations of early christian ethics ancient anthropology and the jewish and christian understanding of the struggle between good and evil abraham miguel cardozo 1627 1706 is known primarily as a follower and defender of the false messiah sabbatai zevi he was that indeed but he was a great deal more than that as well cardozo was one of the most vivid complex and original personalities to emerge within judaism during the seventeenth century an early modern jew he was above all an individual like his contemporary spinoza cardozo suffered horribly for his individuality yet he remained faithful until his death his strange violent eerily messianic death to what he believed to be the true and authentic jewish faith cardozo
