textual material and well written comprehensive examples explanations and questions examples explanations wills trusts and a favorite classroom prep tool of successful students that is often recommended by professors the examples explanations e e series provides an alternative perspective to help you understand your casebook and in class lectures each e e offers hypothetical questions complemented by detailed explanations that allow you to test your knowledge of the topics in your courses and compare your own analysis here s why you need an e e to help you study throughout the semester clear explanations of each class topic in a conversational funny style features hypotheticals similar to those presented in class with corresponding analysis so you can use them during the semester to test your understanding and again at exam time to help you review it offers coverage that works with all the major casebooks and suits any class on a given topic the examples explanations series has been ranked the most popular study aid among law students because it is equally as helpful from the first day of class through the final exam in a typical wills trusts and estates wte class there are both students who want to practice in wte either exclusively or as part of a general practice and those who need only to master the general concepts in order to pass the bar exam wills trusts and estates in focus by naomi r cahn alyssa dirusso and susan gary attends to the needs of both sets of students for those who will practice in wte the concepts are presented in an engaging way and exemplified by realistic hypothetical scenarios that mirror practice and support the development of lawyering skills for those who need only to pass the bar the organization of the text is keyed to multi state essay examination topics as presented on the multi state bar exam the well crafted pedagogy of the focus series makes wte concepts and procedure clear and accessible for all students case previews shed light on each succinctly edited case provide legal context and direct students to the issue at hand post case follow ups review the decision and prepare students to apply the

relevant legal principles to the set of exercises that follow called real life applications professors will appreciate the accessible approach of wills trusts and estates in focus which combines straightforward narrative explanations with real world examples and problems designed to engage students in active learning features of wills trusts and estates in focus insightful authorship the author team consists of three well known academics with expertise in wte and complementary areas such as family law charities elder law and tax all are elected fellows of the american college of trust and estate counsel actec the leading professional organization of trust and estates attorneys conscious modernization of the wte casebook that balances major landmark cases and 21st century authorities including recent case decisions and developments in the law such as the 2017 tax cuts and jobs act thorough coverage of core topics combined with the focus series pedagogy manageable problem sets that allow students to apply doctrine to realistic fact scenarios research and drafting exercises that support the development of practice based skills professors and students will benefit from clear writing that promotes the learning outcomes of student competencies in knowledge and understanding of both the substantive and procedural law of wte legal analysis and reasoning problem solving how to exercise proper professional and ethical responsibilities with regard to clients and the legal system a balanced emphasis on practice readiness and bar exam readiness an author team with experience writing for students practitioners and lay people a clear and logical book structure and chapter organization with cross references to related coverage in other chapters appendices that provide examples of how doctrine maps on to practice as in will contest pleadings and probate filings teaching materials include teacher s manual with straightforward case summaries and answers to all problems sample 3 credit syllabus new text for the paralegal course on wills trusts and estates that provides a general overview of wills and trusts covers the use of wills and trusts in creating an estate plan as well as an overview of estate litigation and estate administration this text teaches paralegals the necessary skills to assist with the preparation of wills and trusts and with the administration of estates key features begins with an understanding of the history and development of estate planning laws continues through the preparation of the documents needed to create an estate plan and ends with how to administer an estate practical step by step examples throughout the book apply the concepts to realistic situations examples break down each document into individual elements at each step alternatives are provided and options are discussed practice tips help students understand real life applications and situations drafting exercises in the text offer opportunities to apply what the students have learned ethical considerations that all attorneys and paralegals must follow are included throughout the text more complex concepts are introduced for general understanding only so that students have an understanding of the concepts and language used in practice the text emphasizes the vocabulary of estate planning so that students know the meaning of different terms and to use the terms correctly key terms are defined in the margins this book is an abridged and slightly revised version of mcgovern kurtz wills trusts and estates including taxation and future interests 3d edition 2004 page iii wills trusts and estates the essentials essentials offers a sleek and slender presentation of wealth transfer law for an introductory law school course written by widely recognized scholars in the field this text comprehensively yet concisely covers the core legal principles that are tested on the bar exam and essential to a trusts and estates practice for a fresh perspective essentials incorporates current events lively cases and engaging examples it also enables students to maximize out of class preparation time by delivering information efficiently in a streamlined and straightforward way each chapter contains 1 clearly explained summaries of each doctrine 2 explanatory narration accompanying all relevant statutory authority 3 thoroughly edited judicial opinions followed by analytical questions and answers and 4 realistic problem sets designed for classroom instruction that illustrate and apply each concept new to the second edition additional core topics including federal constitutional law and racial discrimination in testamentary gifts survival and wrongful death actions forgery tortious interference with an inheritance expectancy electronic and do it yourself wills tax apportionment clauses waiver of spousal elective share by agreement revocation of insurance beneficiary designations directed trusts and the tax cuts and jobs act of 2017 new cases including recent decisions by the united states supreme court and new statutes including uniform acts on electronic wills and directed trusts new selection of meaningful secondary sources including relevant empirical scholarship drawn from our own research and other prominent scholars professors and students will benefit from a text that makes a challenging course accessible lively and interactive it is concise yet comprehensive and adaptable for two three and four credit courses an emphasis on the development of problem solving skills by presenting problem sets that allow students to apply newly learned legal doctrine in realistic scenarios mostly based on litigated cases many problem sets are as detail rich as the cases which facilitates in depth discussion of doctrinal nuance legal doctrine explained up front and in plain english according to student feedback the inclusion of plain english doctrinal summaries often obviates the need for students to purchase a study supplement for professors this format provides a baseline on which to build a livelier and sophisticated classroom discussion of the cases and problem sets the questions and answers following the judicial decisions that encourage student self assessment accompanying family tree diagrams in the textbook and on the powerpoint teaching slides in addition to most judicial opinions thereby allowing

students to quickly ascertain the facts of each case and focus on the application of law in this timely new edition distinguished authors dukeminier and johanson build on the success of their phenomenally popular casebook wills trusts and estates with new coverage of non traditional family arrangements living wills and much more the authors blend cases selected for human interest as well as teaching value with provocative hypotheticals cartoons photographs and other illustrations to comprehensively cover this area in a very lively readable manner organized logically the book begins with estate planning and its limitations moves to wills and will substitutes progresses to trusts and concludes with a chapter on taxation new topic coverage includes babies inadvertently swapped in hospitals surrogate mothers lesbian adoption and artificial insemination including children conceived after sperm donor s death living wills and powers of attorney for health care including the cruzan case and the uniform health care decisions act a new chapter combining mental capacity and undue influence which features the seaward johnson will contest and related preventive lawyering issues shortened more teachable chapters on future interests and perpetuities latest changes to the uniform probate code a completely revised and reorganized trustee administration chapter like its predecessors this book is a lively flexible and understandable teaching tool that is accompanied by a detailed and witty teacher s manual which is regarded as the best in the field a comprehensive one volume treatise on the law of trusts and estates written by leading experts among the topics covered are intestate succession wills nonprobate mechanisms trusts fiduciary administration and choice of law the book includes the very latest hot topics including electronic wills trust decanting directed trusts asset protection trusts and planning for modern families the book incorporates the most recent provisions of the uniform probate code the uniform trust code and the many other uniform laws relating to the donative transfer of wealth the book also includes an overview of the federal transfer tax laws an essential guide for students and practitioners the seventh edition of this highly regarded casebook continues its innovative emphasis on the connection between the law of trusts and estates and the changing american family the seventh edition incorporates the most recent uniform acts from the uniform law commission and the third restatements of the american law institute and discusses the very latest hot topics including digital assets electronic wills directed trusts trust decanting unitrusts family offices and donor standing to enforce charitable trusts the authors of this book have long been at the forefront of law reform in trusts and estates and this tradition continues under the authorship of thomas gallanis who is the executive director of the uniform law commission s joint editorial board for uniform trust and estate acts he was also an associate reporter for the restatement third of trusts and has been the reporter of two uniform acts most recently the uniform powers of appointment act 2013 the seventh edition emphasizes problems and questions to facilitate classroom discussion and analysis among many other things the book teaches doctrine and policy planning and drafting case analysis and statutory interpretation private client wills trusts and estate planning is a comprehensive and user friendly examination of the legal and taxation implications arising from estate planning work within the private client department of a solicitors firm the guide deals in a practical way with all the areas confronting the practitioner on a day to day basis from tax and financial planning to the administration of trusts throughout the text worked examples illustrate how to calculate the tax position of the client this new edition has been fully revised to take account of the changes to perpetuities and accumulations introduced by the perpetuities and accumulations act 2009 and the new rates of income tax and cgt together with the extension of entrepreneurs relief using practical self contained chapters this text provides an overview of wills trusts and estates it captures the complexities of the field while maintaining a clear tone that is accessible and concise any law school graduate will tell you that when picking your outline tool you need to pick the best because your outlines are the most important study tool you will use throughout your law school career developed by legendary study aid author steve emanuel emanuel law outlines elos are the 1 outline choice among law students an elo ensures that you understand the
