Guide to the Civil Service Examinations; with Directions for Candidates, Examination Papers ... and All Necessary Information for Those Seeking Employment in the Government Civil Service

1856

voting advice applications vaas have become a widespread online feature of electoral campaigns in europe attracting growing interest from social and political scientists but until now there has been no systematic and reliable comparative assessment of these tools previously published research on vaas has resulted almost exclusively in national case studies this lack of an integrated framework for analysis has made research on vaas unable to serve the scientific goal of systematic knowledge accumulation against this background matching voters with parties and candidates aims first at a comprehensive overview of the vaa phenomenon in a truly comparative perspective featuring the biggest number of european experts on the topic ever assembled the book answers a number of open questions and addresses debates in vaa research it also aims to bridge the gap between vaa research and related fields of political science

Guide to the Christian Ministry; Or, Manual for Candidates for the Sacred Office

1849

this important contribution to the study of canadian elections forcefully argues that knowledge of the dynamics at the local level is essential to a full understanding of canadian polity its underlying social basis and the factors that determine successful election campaigns as such parties candidates and constituency campaigns in canadian elections will intrigue not only political scientists and students of canadian politics but also election candidates and party strategists

The Arch-Deacon's Examination of Candidates for Holy Orders according to the ... Church of England and Ireland

1757

this book focuses on the triadic relationship between electoral candidates

and the two other poles of the delegation and accountability triangle political parties and voters the chapters rely mostly on the belgian candidate survey ccs project gathering about 2000 candidates belonging to 15 parties represented in parliament and running for the 2014 federal and regional elections and the authors conclusions serve at answering broad political science questions linked with elite recruitment party and candidate electoral strategies personalisation party cohesion and descriptive and substantive representation its multilevel semi open electoral system atypical federal structure extreme party system fragmentation and volatility make belgium an exceptionally rich but complex case that offers findings highly relevant to research on candidates in other democracies

Matching Voters with Parties and Candidates

2014-06-06

this book offers the first comprehensive comparative and coherent perspective on parliamentary candidates in contemporary representative democracy based on the unique database of the comparative candidate survey project which interrogated parliamentary candidates in more than 30 countries it fills a significant lacuna by focusing on the thousands of ordinary candidates that participate in national elections it examines who the candidates are in terms

of their socio demographic background and political career patterns how they were selected by their parties what their policy preference are and whether these are congruent to those held by their voters who they seek to represent and how they intend to do so once elected and what their visions are on representative democracy and party government last but not least it investigates how they go about reaching out to their potential voters during the election campaign this book will be of key interest to scholars and students of political parties and party politics political elites political communication political participation elections theories of democracy and representation legislative studies voting behaviour and more broadly to european politics as well as to political and policy professionals throughout europe

Parties, Candidates, and Constituency Campaigns in Canadian Elections

2011-11-01

annotation this is the third in a series of books about the united states presidential nomination process and shares the same goals as its predecessors and mayer political science northeastern u presents nine papers exploring

significant components of the nomination process including financing incumbency polling and the role of organized labor the only non academic contributing to the proceedings is an editor who provides a discussion of the role of the press annotation 2004 book news inc portland or booknews com

1995

more than 150 key social issues confronting the united states today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia

Increased Tax Credits for Contributions to Candidates for the U.S. Senate

1977

drawing on corpus linguistic methods of analysis this book critically examines the rhetorical god gap in american political discourse between the

democratic and republican parties the volume investigates the claims which have often not been substantiated by quantitative data in the literature and have tended to focus on particular genres of political discourse that there is a correlation between a higher degree of religiosity in republican political discourse and voting preferences for the party and that democratic politicians should engage in similar discourse toward closing the gap the book adopts a keyword approach using such techniques as collocation analyses concordance reading and bible specific n gram identification toward the study of a corpus of general campaign speeches over a 50 year period and links findings from this data with social and cultural contextual factors to provide a more informed understanding of rhetorical patterns in religiously laden political language the volume showcases the value of corpus linguistic methods in interrogating claims around political language and their broader applicability in linguistic research making this key reading for students and scholars in corpus linguistics critical discourse analysis american politics and religious studies

Information of Importance to Candidates for Office of United States Representative in the 93d Congress

1972

the newest installment in a quadrennial series that now spans five presidential elections this book presents a broad overview of the presidential nomination process and showcases some of the most interesting work now being done on the politics of presidential selection written by leading experts including a former presidential candidate the making of presidential candidates 2012 covers a wide selection of topics including the tea party digital media campaigns how television covers the nomination process election forecasting and campaign finance the making of the presidential candidates 2012 is valuable for students specialists and all readers with an interest in the ever evolving presidential nomination process and american elections
