## **The Anthropology of Global Pentecostalism and Evangelicalism 2015-10-09**

the phenomenal growth of pentecostalism and evangelicalism around the world in recent decades has forced us to rethink what it means to be religious and what it means to be global the success of these religious movements has revealed tensions and resonances between the public and the private the religious and the cultural and the local and the global this volume provides a wide ranging and accessible as well as ethnographically rich perspective on what has become a truly global religious trend one that is challenging conventional analytical categories within the social sciences this book informs students and seasoned scholars alike about the character of pentecostalism and evangelicalism not only as they have spread across the globe but also as they have become global movements adopting a broadly anthropological approach the chapters synthesize the existing literature on pentecostalism and evangelicalism even as they offer new analyses and critiques they show how the study of pentecostalism and evangelicalism provides a fresh way to approach classic anthropological themes they contest the frequent characterization of these movements as conservative religious social and political forces and they argue that pentecostalism and evangelicalism are significant not least because they encourage us to reflect on the intersections of politics materiality morality and law ultimately the volume leaves us with a clear sense of the cultural and social power as well as the theoretical significance of forms of christianity that we can no longer afford to ignore

## **Islam, Youth, and Modernity in the Gambia 2013-10-28**

This monograph deals with the sweeping emergence of the Tablighi Jama'at as a transnational Islamic missionary movement that has its origins in the reformist tradition that emerged in India in the mid-nineteenth century in the Gambia in the past decade it explores how a movement that originated in South Asia could appeal to the local Muslim population youth and women in particular in a West African setting by recording the biographical narratives of five Gambian Tablighis the book provides an understanding of the ambiguities and contradictions young people are confronted with in their re-negotiation of Muslim identity together these narratives form a picture of how Gambian youth go about their lives within the framework of neoliberal reforms and renegotiated parameters informed by the Tablighi model of how to be a true Muslim which is interpreted as a believer who is able to reconcile his or her faith with a modern lifestyle

## **Handbook of Cultural Studies and Education 2018-11-15**

The handbook of cultural studies in education brings together interdisciplinary voices to ask critical questions about the meanings of diverse forms of cultural studies and the ways in which it can enrich both education scholarship and practice examining multiple forms mechanisms and actors of resistance in cultural studies it seeks to bridge the gap between theory and practice by examining the theme of resistance in multiple fields and contested spaces from a holistic multi-dimensional perspective converging insights from leading scholars practitioners and community activists particular focus is paid to the

practical role and impact of these converging fields in challenging rupturing subverting and changing the dominant socio economic political and cultural forces that work to maintain injustice and inequity in various educational contexts with contributions from international scholars this handbook serves as a key transdisciplinary resource for scholars and students interested in how and in what forms cultural studies can be applied to education

## **The Oxford Handbook of Human Development and Culture 2015**

a comprehensive synopsis of theory and research on human development with every chapter drawing together findings from cultures around the world

## **Crisis, Movement, Management: Globalising Dynamics 2016-05-23**

globalised neo liberalism has produced multiple crises social ecological political in the past crises of global order have generated large scale social transformations and the current crises likewise hold a transformative promise social movements become a crucial barometer in signalling both the demise and rise of political formations and programs elite strategies framed as crisis management create their own disordering side effects experiments in movement strategy gain greater significance as do contending elite efforts at repressing managing or displacing the fall out in this book we investigate both movements and management in the face of crisis taking crisis and unanticipated consequences as a normal state of play the book enquires into the winners and losers from crisis and investigates the movement management nexus as it unfolds in particular localities as well as in broader contexts the book deals with some of the most pressing conflicts of our time and produces a range of theoretical insights the ubiquity of crisis is seen as not only a hallmark of social life but a way into a different kind of social analysis this book was published as a special issue of globalizations

## ***Yearbook of Transnational History 2019-07-19***

## ***Crossover Picturebooks 2013-06-17***

this book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists books wordless picturebooks and celebrity picturebooks that appeal to readers of all ages focusing on contemporary picturebooks sandra beckett shows that the picturebook has traditionally been seen as a children s genre but in the eyes of many authors illustrators and publishers it is a narrative form that can address any and all age groups innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children s books the interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre crossover picturebooks are often very complex texts that are challenging for adults as well as children many are characterized by difficult adult themes genre blending metafictional discourse intertextuality sophisticated graphics and complex text image interplay exciting experiments with new

formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres one that seems to know no boundaries crossover picturebooks is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children s literature as a whole

## **The Routledge Companion to the French Revolution in World History 2015-09-16**

the routledge companion to the french revolution in world history engages with some of the most recent trends in french revolutionary scholarship by considering the revolution in its global context across seventeen chapters an international team of contributors examine the impact of the revolution not only on its european neighbours but on latin america north america and africa assess how far events there impacted on the revolution in france and suggest something of the revolution s enduring legacy in the modern world the companion views the french revolution through a deliberately wide lens the first section deals with its global repercussions from the mediterranean to the caribbean and includes a discussion of major insurrections such as those in haiti and venezuela three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth century britain the american colonies and meiji japan the focus then switches to international involvement in the events of 1789 and the circulation of ideas people goods and capital in a final section contributors throw light on how the revolution was and is still remembered across the globe with chapters on russia china and australasia an introduction by the editors places the revolution in its political historical and historiographical context the routledge companion to the french revolution in world history is a timely and important contribution to scholarship of the french revolution

## **Youth and Work in the Post-Industrial City of North America and Europe 2003**

in north american and european cities youth live in precarious social and economic conditions the issue of employment has become a political problem in this volume sociological economical and ethnographical perspectives are used to explain ethnic discrimination inequalities at school unemployment and marginalization work remains a central value in young peoples lives who not only are victimized but also try to find escapes originally in french this extended and updated book contains contributions by enrico pugliese saskia sassen min zhou frangois dubet paul anisef paul axelrod ida susser and others

## **The Making of Les Bleus 2012-12-16**

the making of les bleus traces the fifth republic s quest to create elite athletes in two global team sports football and basketball primarily at the youth level while the objective of this mission was to improve performances at international competitions such programs were quickly seized upon to help ease domestic issues and tensions the onset of the cold war forced countries of all sizes to rethink their relevancy a country s ability to exert soft power or influence others through the cultural sphere became more important sport was but one way through which to do so the extent to which france harnessed the athletic domain was unprecedented among other west european nations in france sport particularly at the youth level was used to cultivate soft power internationally to transmit republican ideals of democracy and fair play to the youth and to examine and create a modern post colonial french identity in a globalizing world the french sought to find a third way in sports much in the way that it sought to create an alternative between the diplomatic policies of washington and moscow fifth republic sports systems placed the training of elite athletes under the state at the same time private clubs also played an important role in developing players to serve the republic in elite competition examination of the republic s quest to create elite athletes provides perspective on how france coped with and adapted to the post 1945 world in what ways did the country reconfigure its global role how did domestic changes impact society in a globalizing post colonial world how has france come to terms with the past in what ways has france sought to create a new french identity this story helps answer such questions the history of the state s cooption of youth sports forms a compelling tale and serves as a prism

through which to investigate the larger history of france the evolution of society the impacts of the media revolution and the government s mission of public health it underscores just how much things have changed yet still remained the same you can find a podcast interview with the author about this book at [newbooksinsports.com](http://newbooksinsports.com) 2013 11 14 lindsay krasnoff the making of les bleus sport in france 1958 2010 lexington books 2012

## **Crossover Fiction 2010-11-24**

in crossover fiction sandra l beckett explores the global trend of crossover literature and explains how it is transforming literary canons concepts of readership the status of authors the publishing industry and bookselling practices this study will have significant relevance across disciplines as scholars in literary studies media and cultural studies visual arts education psychology and sociology examine the increasingly blurred borderlines between adults and young people in contemporary society notably with regard to their consumption of popular culture

## **Sesame Street 2023**

in sesame street a transnational history author helle strandgaard jensen tells the story of how the american television show became a global brand jensen argues that because the show s domestic production was not financially viable from the beginning sesame street became a commodity that its producers assertively marketed all over the world sesame street a transnational history combines archival research from seven countries bolstering an insightful analysis of how local reception and rejection of the show related to the global sales strategies and american ideals it was built upon contrary to the producers oft publicized claims of sesame street s universality the show was heavily shaped by a fixed set of assumptions about childhood education and commercial entertainment this made sales difficult as sesame street met both skepticism and direct hostility from foreign television producers who did not share these ideals drawing on insights from new histories about childhood education and transnational media the book lays bare a cultural clash of international proportions rooted in divergent approaches to children s television in doing so it provides a reflective backdrop to the many ongoing debates about children s media in contrasting the positive receptions and renunciations of sesame street jensen demonstrates that it was only after a substantial rethinking of sesame street s aims and business model that this program ended up on numerous broadcasting schedules by the mid 1970s along the way this rethinking and the constant negotiations with potential international buyers created and shaped the business and corporate brand that paved the way for the sesame street we know today

## **Students of the World 2022-07-11**

on june 30 1960 the day of the congo s independence prime minister patrice lumumba gave a fiery speech in which he conjured a definitive shift away from a past of colonial oppression toward a future of sovereignty dignity and justice his assassination a few months later showed how much neocolonial forces and the cold war jeopardized african movements for liberation in students of the world pedro monaville traces a generation of congolese student activists who refused to accept the foreclosure of the future lumumba envisioned these students sought to decolonize university campuses but the projects of emancipation they articulated went well beyond transforming higher education monaville explores the modes of being and thinking that shaped their politics he outlines a trajectory of radicalization in which gender constructions cosmopolitan dispositions and the influence of a dissident popular culture mattered as much as access to various networks of activism and revolutionary thinking by illuminating the many worlds inhabited by congolese students at the time of decolonization monaville charts new ways of writing histories of the global 1960s from africa

## **The Oxford Handbook of the History of Education 2019-06-17**

this handbook offers a global view of the historical development of educational institutions systems of schooling ideas about education and educational experiences its 36 chapters consider changing scholarship in the field examine nationally oriented works by comparing themes and approaches lend international perspective on a range of issues in education and provide suggestions for further research and analysis like many other subfields of historical analysis the history of education has been deeply affected by global processes of social and political change especially since the 1960s the handbook weighs the influence of various interpretive perspectives including revisionist viewpoints taking particular note of changes in the past half century contributors consider how schooling and other educational experiences have been shaped by the larger social and political context and how these influences have affected the experiences of students their families and the educators who have worked with them the handbook provides insight and perspective on a wide range of topics including pre modern education colonialism and anti colonial struggles indigenous education minority issues in education comparative international and transnational education childhood education non formal and informal education and a range of other issues each contribution includes endnotes and a bibliography for readers interested in further study

## **Surviving with Dignity 2013**

surviving with dignity explores three key interconnected themes structural violence suffering and surviving with dignity through examining the lived experiences of first and second generation migrant hausa men in niamey over the past two decades in the current neoliberal moment colonialism state mismanagement structural adjustment and global neoliberalism have inflicted structural violence on nigeriens by denying them human and particularly socioeconomic rights and relegating them to a status at or very near the bottom of an human development index in each year of the past decade as a result of structural violence most hausa of niamey suffer grinding and intractable poverty that has intensified over the past two decades suffering is a recurrent and expected condition it is the normal condition the central goal of the book is to explain the material migration and informal economy work and symbolic meaning making strategies that hausa individuals and communities have deployed in their struggles not only to literally survive in the face of economic austerity on the outer periphery of the global economy but also to survive with dignity despite daunting challenges many hausa men find strength and patience in their humble devotion to islam cherish their vibrant sociability and gracious hospitality deeply value extraordinary conversational virtuosity and knowledge deploy humor in complex transcendent defensive and self critical ways perpetuate a sense of hope and optimism for the future articulate their own modernities and strive relentlessly to feel connected to the modern world at large extreme poverty created by socioeconomic injustice constitutes an unacceptable assault on human dignity hausa men s remarkable strength does not negate the reality of the socioeconomic injustices they face their dire poverty in a world of plenty is unacceptable even when they handle it gracefully

## **Ages of Anxiety 2018-07-31**

six compelling histories of youth crime in the twentieth century ages of anxiety presents six case studies of juvenile justice policy in the twentieth century from around the world adding context to the urgent and international conversation about youth crime and justice by focusing on magistrates social workers probation and police officers and youth themselves editors william s bush and david s tanenhaus highlight the role of ordinary people as meaningful and consequential historical actors after providing an international perspective on the social history of ideas about how children are different from adults the contributors explain why those differences should matter for the administration of justice they examine how reformers used the idea of modernization to build and legitimize juvenile justice systems in europe and mexico and present histories of policing and punishing youth crime ages of anxiety introduces a new theoretical model for interpreting historical research to demonstrate the usefulness of social histories of children and youth for policy analysis and

decision making in the twenty first century shedding new light on the substantive aims of the juvenile court the book is a historically informed perspective on the critical topic of youth crime and justice

## **Progress for Children 2009**
