master storyteller stephen king presents the classic wondrously frightening publishers weekly 1 new york times bestseller about a writer's horrific and haunting pseudonym i m back i m back from the dead and you don't seem glad to see me at all you ungrateful son of a bitch after thirteen years of international bestseller stardom with his works of violent crime fiction author george stark is officially declared dead revealed by a national magazine to have been killed at the hands of the man who created him the once well regarded but now obscure writer thad beaumont thad's even gone so far as to stage a mock burial of his wildly successful pseudonym complete with tombstone and the epitaph not a very nice guy although on the surface it seems that thad can finally concentrate on his own novels there's a certain unease at the prospect of leaving george stark behind but that's nothing compared to the horror about to descend upon thad's new life there are the vicious out of control nightmares for starters and how is he able to explain the fact that everyone connected to george stark's untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery and why each blood soaked crime scene has thad's fingerprints all over it thad beaumont may have once believed that george stark was running out of things to say but he's going to find out just how wrong he is
