Foxash

2023-04-27

with slow quiet intent kate worsley builds a tense atmosphere of looming horror this book demands to be savoured even as it clamours to be devoured times a wonderfully atmospheric and deeply unsettling novel full of images so vivid they seem to leap off the page worsley s fiction is something to savour sarah waters worn out by poverty lettie radley and her miner husband tommy grasp at the offer of their very own smallholding part of a 1030s government scheme to put the unemployed back to work on the land when she comes down to essex to join him her new neighbours greet her overbearing and unkempt jean and adam dell are everything that the smart spirited aspirational lettie can t abide as lettie settles in she s hopeful that her past and the terrible secret tommy has come to foxash to escape are far behind them but the dells have their own secrets and as the seasons change and a man comes knocking at the gate the scene is set for a terrible reckoning combining a gothic sensibility with a visceral unsettling sense of place foxash is a deeply original novel of quiet and powerful menace of the real hardships of rural life and the myths and folklore that seep into ordinary lives with surprising consequences

Waters of the World

2021-10-15

the compelling and adventurous stories of seven pioneering scientists who were at the forefront of what we now call climate science from the glaciers of the alps to the towering cumulonimbus clouds of the caribbean and the unexpectedly chaotic flows of the north atlantic waters of the world is a tour through 150 years of the history of a significant but underappreciated idea that the earth has a global climate system made up of interconnected parts constantly changing on all scales of both time and space a prerequisite for the discovery of global warming and climate change this idea was forged by scientists studying water in its myriad forms this is their story linking the history of the planet with the lives of those who studied it sarah dry follows the remarkable scientists who summited volcanic peaks to peer through an atmosphere s worth of water vapor cored mile thick ice sheets to uncover the earth s ancient climate history and flew inside storm clouds to understand how small changes in energy can produce both massive storms and the general circulation of the earth s atmosphere each toiled on his or her own corner of the planetary puzzle gradually their cumulative discoveries coalesced into a unified working theory of our planet s climate we now call this field climate science and in recent years it has provoked great passions anxieties and warnings but no less than the object of its study the science of water and climate is and always has been evolving by revealing the complexity of this history waters of the world delivers a better understanding of our planet s climate at a time when we need it the most

~~feed himself and his elderly father he can find anything that people~~
need for the right price when a young woman eva arrives at kasper's door seeking the whereabouts of a british pilot he feels a reluctant sympathy for her but won't interfere in military affairs but eva knows kasper has secrets and she'll use them to get what she wants as a net of deceit lies and betrayal falls around him kasper begins to understand that the seemingly random killings of members of the occupying forces are connected to his own situation he must work out who is behind eva's demands and why a gripping literary thriller that will captivate fans of joseph kanon and hans fallada readers are saying a remarkable dark deep and disturbing novel brilliantly realised both in the evocation of berlin and in the story line both poignant and thrilling what an amazing book i was engrossed a terrific novel thoughtful powerful writing serving an original and compelling plot utterly enthralling

The Secret Keeper

2012-11-01

in a bucolic english summer at the end of the 1960s a young girl witnesses a shocking crime fifty years later she sets out to find out the truth uncovering layers of mystery and deception moving from london during the blitz to the present day this is classic kate morton a compulsively readable entrancing mystery with a long held secret to be uncovered at its heart

The Distant Hours

2011

a long lost letter arriving at its destination fifty years after it was sent lures edie burchill to crumbling milderhurst castle home of the three elderly blythe sisters where edie's mother was sent to stay as a teenager during world war ii

The Drowning Sea

2022-06-21

the bucolic setting emphasis on family and leisurely pace make for a nice end run around traditional police procedurals the new york times book review in the drowning sea sarah stewart taylor returns to the critically acclaimed world of maggie darcy with another atmospheric mystery so vivid readers will smell the salt in the air and hear the wind on the cliffs for the first time in her adult life former long island homicide detective maggie darcy is unemployed no cases to focus on no leads to investigate just a whole summer on a remote west cork peninsula with her teenage daughter lilly and her boyfriend conor and his son the plan is to prepare lilly for a move to ireland but their calm vacation takes a dangerous turn when human remains wash up below the steep cliffs of ross head when construction worker lukas adamik disappeared months ago everyone assumed he had gone home to poland now that his body has been found the guards including maggie's friends roly byrne and katya grzeskiewicz seem to think he threw himself from the cliffs but as maggie gets to know the residents of the manor by the lake and learns about the history of the peninsula and its archaeological and irish manor house once home to a famous irish painter who died under

Trauma in Contemporary Literature

2014-03-26

trauma in contemporary literature analyzes contemporary narrative texts in english in the light of trauma theory including essays by scholars of different countries who approach trauma from a variety of perspectives the book analyzes and applies the most relevant concepts and themes discussed in trauma theory such as the relationship between individual and collective trauma historical trauma absence vs loss the roles of perpetrator and victim dissociation nachträglichkeit transgenerational trauma the process of acting out and working through introjection and incorporation mourning and melancholia the phantom and the crypt postmemory and multidirectional memory shame and the affects and the power of resilience to overcome trauma significantly the essays not only focus on the phenomenon of trauma and its diverse manifestations but above all consider the elements that challenge the aporias of trauma the traps of stasis and repetition in order to reach beyond the confines of the traumatic condition and explore the possibilities of survival healing and recovery

Before the Ruins

2021-01-12

named a best new book of 2021 so far by real simple named a most anticipated book of 2021 by lit hub and bustle a gripping multilayered debut in the tradition of tana french and donna tartt about four friends an empty manor and a night that will follow them for the rest of their lives it's the summer of 1996 and school's out forever for andy her boyfriend marcus her best friend peter and em when andy's alcoholic mother predicts the apocalypse the four teenagers decide to see out the end of the world at a deserted manor house the site of a historic unsolved mystery there they meet david charming and unreliable he seems to have appeared out of nowhere david presents an irresistible lure for both andy and peter and complicates the dynamics of their lifelong friendship when the group learns that a diamond necklace stolen fifty years ago might still be somewhere on the manor grounds the game half treasure hunt half friendly deception begins but the game becomes much bigger than the necklace growing to encompass years of trauma the analysis ultimately one terrible betrayal meticulously plotted of archaeological data written before the ruins is a page turner of the highest order about the contributions to archaeology
