a great band beckoned for me considerably my deepest sorrow consisted in the fact that i was obliged to leave my little family and especially my sister s youngest child and yet duty and prudence advised my departure i had the choice between laying down my arms completely and alife long conflict and i chose the latter and in truth not in levity of spirit however if at last i seized my weapons i was impelled thereto by the arrogance of strangers by the in solence of pride of birth in my cradle lay my line of march marked out for my whole life it cannot be worse here for me than in my home and country where i have nothing before me but struggle and want and where i cannot sleep in security and where all the sources of life are poisoned for me here in truth i am steeped in the whirlpool of events of the waves of time of the roaring revolution moreover i now seem wholly made up of phosphorus and while i am drowning in the wild ocean of humanity i am burning away of my own nature about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

son of spinoza sheds light on the interconnectedness between jewishness and cosmopolitanism in the oeuvre of the danish jewish intellectual georg brandes 1842 1927 today the historical tradition of interconnecting these concepts has largely been forgotten although the construction of a somewhat synonymous relation between them became a key structuring element of modern antisemitism and later nazi ideology in this context georg brandes his writing and practice stands as a crucial european cosmopolitan archive due to the great influence he enjoyed throughout the european continent son of spinoza challenges the presentation of brandes in previous research as a so called assimilated jew who distanced himself from jewishness instead recognizing brandes own self identification as a spinozist cosmopolitan and his depiction of himself and other modern jews as sons of spinoza

a translation of some of lessing s works has long been contemplated for bonn s standard library and the publishers are glad to be able to bring it out at a time when an increased appreciation of this writer has become manifest in this country the publication of mr sime s work on lessing and the almost simultaneous appearance of miss helen zimmern s shorter but probably more popular biographical study will without doubt tend to spread amongst english speaking people a knowledge of a writer who is held in peculiar reverence by his own countrymen and there is little if anything of what he wrote that does not appeal in some way or other to the sympathies of englishmen in this translation it is purposed to include the most popular of his works the first two volumes comprising all the finished dramatic pieces whilst the third will contain the famous laokoon and a large portion of the hamburg dramaturgy here called dramatic notes and some other smaller pieces the arrangement of the plays is as follows the first volume contains the three tragedies and the dramatic poem nathan the wise this last piece and emilia galotti are translated by mr r dillon boylan whose english versions of schiller s don carlos goethe s wilhelm meister c had previously distinguished him in this path of literature the second volume will be found to consist entirely of comedies arranged according to the date of composition and as it happens that all these comedies with the exception of the last and best minna von barnhelm were written before he published any more serious dramatic composition we have by reversing the order of the first two volumes an almost exactly chronological view of lessing s dramatic work the later section of it has been placed at the commencement of the series simply because it was more convenient to include in it the introductory notice which miss zimmern kindly consented to write

European Gothic: A Spirited Exchange 1760-1960 sets out to challenge the tyranny of the Anglo-American narratives that have dominated critical histories of the Gothic so far. It argues that the Gothic novel did not simply derive from the castle of Otranto but that it has been forged in the crucible of translation, focussing on Gothic writing in English, French, German, Russian, and Spanish. The collection charts a rich process of cross-fertilization and in particular examines the importance of Anglo-French exchanges in the development of the Gothic novel within Europe and subsequently the US.

Main Currents in Nineteenth Century Literature - 6. Young Germany 2022-06-02

Shedding new light on the alternative emancipatory Germany discovered and written about by progressive women writers during the long nineteenth century, this illuminating study uncovers a country that offered a degree of freedom and intellectual agency unheard of in England. Opening with the striking account of Anna Jameson and her friendship with Ottilie von Goethe, Linda K. Hughes shows how cultural differences spurred ten writers' advocacy of progressive ideas and provided fresh materials for publishing careers alongside well-known writers Elizabeth Gaskell, George Eliot, Michael Field, Elizabeth von Arnim, and Vernon Lee. This study sheds light on the lesser-known writers Mary and Anna Mary Howitt, Jessie Fothergill, and the important Anglo-Jewish lesbian writer Amy Levy. Armed with their knowledge of the German language, each of these women championed an extraordinarily productive openness to cultural exchange and, by approaching Germany through a female lens, imported an alternative Other Germany into English letters.
