Mergers, Acquisitions and Takeovers

2007

the traditional approach to m a was to restrict the emergence of monopolies the modern approach embodied in the takeover regulations is meant to ensure efficient use of corporate resources and protect the interests of minority shareholders the two streams of corporate restructuring are governed by different legislations company law governs mergers and sebi regulations govern takeovers the value of mergers which is governed by economic factors is quite large and practically ten times the value of takeovers the market approach of takeovers however instills discipline in regard to use of corporate resources by promoters and managements the corporate raider can always approach the shareholders directly the book analyses both the approaches and identifies the need for strengthening competition policy and preventing the misuse of buyback provisions for insider trading

Managing Mergers Acquisitions and Strategic Alliances

2012-05-23

mergers acquisitions and alliances continue to be almost an everyday feature of the contemporary business scene yet at least half prove to be unsuccessful the authors show the contribution that psychology can make to our understanding of the merger phenomena how it affects organizational performance and how it affects the managers and employees involved mergers acquisitions and strategic alliances is intended as a guide to successful organizational marriage great emphasis is placed on the issue of cultural compatibility as it concerns partner selection integration practices and venture outcomes the book also focuses on cross national mergers acquisitions and joint ventures with the increasing economic activity within the european union and between the unions of other countries there is a need to know more about the corporate and national cultures in these strategic alliances the authors have drawn upon an extensive body of research based on recent cases in a wide cross section of industries across europe the book is unique in showing the actual effect mergers and acquisitions have on people and consequently on the performance of the new organization it will be particularly relevant for decision makers those who are involved in planning and implementing a large organizational change and those responsible for ensuring successful integration afterwards it would also be extremely useful for postgraduate management students personnel executives and management consultants

2009-08-26

explaining the real world of mergers acquisitions and restructuring based on his own academic knowledge and experience donald depamphilis shows how deals are done rather than just explaining the theory behind them

Practical Guide to Mergers, Acquisitions and Business Sales

2006

buying and selling a business is a challenging process it involves rituals and interactions that are sometimes eerily similar to the courtship dynamic between a human couple while many business courtships end in an economic marriage plenty of others fail and for a variety of reasons many unsuccessful business negotiations could have made sense but ultimately floundered because negotiations went badly awry at some crucial point cch s brand new practical guide to mergers acquisitions and business sales by seasoned business transaction attorney and author joseph b darby iii j d not only explains the tax aspects of buying and selling a business but examines the special art of closing major business transactions successfully through an understanding of the tax consequences of the deal there also are two other parties with a major economic stake in a business merger acquisition or sale the federal government and usually at least one state government the role of a tax adviser on an business acquisition transaction is to make everyone aware that there are two silent partners in the room at all times and that the buyer and seller have a common interest in cutting the silent partners out of the deal or reducing their take the purpose and mission of practical guide to mergers acquisitions and business sales is to teach practitioners and business stakeholders how to pare the tax costs of transactions to the absolute minimum within the boundaries of ethical and appropriate tax reporting publisher s website

Mergers and Acquisitions and Joint Ventures

2004

this volume includes selected chapters from the annual proceedings of the fordham corporate law institute the general subject is the antitrust or competition law analysis of mergers acquisitions and joint ventures which is a subject of increasing importance in the last ten years there have been radical changes around the globe in the application of antitrust laws to mergers acquisitions and joint ventures including both domestic transactions and transborder transactions for example there has been a rabbiting proliferation of merger control systems which require premerger notification and entail global or world bars on closing today over 70 jurisdictions have merger control systems although differences continue to exist in the substantive tests and analyses there is a gowing convergence with jurisdictions looking to prior and contemporaneous decisions and analyses in other jurisdictions notably in the european community and the united states thus most of the chapters focus on the antitrust treatment of merger and acquisitions under the ec merger regulation and the clayton act
