is it possible that americans have more free time than they did thirty years ago while few may believe it research based on careful records of how we actually spend our time shows that we average more than an hour more free time per day than in the 1960s time use experts john p robinson and geoffrey godbey received national attention when their controversial findings were first published in 1997 now the book is updated with a new chapter that includes results of the 1995 1997 data from the americans use of time project time for life an outstanding work of scholarship that manages to be highly readable demands the attention of everyone interested in what s happening in today s society edward cornish the futurist time for life is excellent fodder for lively classroom discussions not only about family time use but about the ontological and epistemological assumptions in the prevailing post positivist paradigm of family science alan j hawkins and jeffrey hill journal of marriage and the family regardless of where you stand on this issue robinson and godbey s arguments and data make for very interesting reading and open a cultural window on american society this is a piece of scholarship that should be read and its conclusions contemplated by people well outside the readership of this journal time for life is good social science research that should appeal to a broad audience journal of communication could we be witnessing a return of belief in our generation justin brierley is convinced that in our time we are witnessing a growing wave of faith famously described as the long withdrawing roar of the sea of faith the christian narrative that shaped the west has been replaced by sweeping secularism but is that the end of the story it was a conversation with agnostic journalist douglas murray that led brierley to investigate whether a change was on the horizon speaking of the sea of faith murray remarked that tides come back in again and that a number of his intelligent friends had converted to christianity in recent years brierley was seeing a similar trend among the secular thinkers he had interviewed jordan peterson tom holland dave rubin and many others have found themselves surprised by the continuing resonance and relevance of christianity and they are joining in on conversations about faith readers will encounter brierley s discussion of cultural trends and concepts including the meaning crisis public intellectuals embracing faith why the christianity story is ready to return and much more in the surprising rebirth of belief in god brierley outlines the dramatic fall of new atheism and the birth of a new conversation on whether god makes sense of science history culture and the search for meaning people are returning to christianity but is the church prepared to welcome a new wave of faith there s a new conversation building the tide is coming now in paperback from the author of mastering civility an illuminating and empowering guide to help you discover just how important thriving communities are to our wellbeing and the success of organizations and learn what steps you can take to create them despite our deep desire to feel a sense of belonging many of us feel isolated the rise of technology and modern workplace practices have led people to be even more disconnected even as we remain constantly contactable and as our human interactions have decreased so too have our happiness levels this is sparking a crisis in mental health that will have repercussions for years leaving people lonelier and organizations less productive and profitable too what christine porath has discovered in her research is that leaders organizations and managers of all stripes may recognize there is a cost but have few solutions for how to implement the cure community with her signature depth and grasp of research across myriad industries including business healthcare hospitality and sports porath extrapolates from the statistics on the experiences of hundreds of thousands of people across six continents to show us the potential for change through uniting people and sharing information unleashing them with autonomy creating a respectful environment practicing radical candor providing a sense of meaning and boosting personal well being anyone can help a community truly flourish the applications of porath s findings are endless and the stories and case studies are positive and uplifting this insightful exploration of the real nature of community building will inspire readers to unite and grow their communities be it in the workplace the pta sports or places of worship and make them thrive this moving story of young love heartache friendship and war is entwined with 33 insightful bible studies on walking with christ through the battles of life usually when we think of the advent story mary joseph and the angel gabriel come to mind okoro approaches advent a little differently inviting us to sit for a while with zechariah and elizabeth and the story of how they came to bear their only son john the advent story we so often associate with the joy of christmas actually begins with deep sorrow and longing but thankfully in the kingdom of god there is always more to the story than meets the eye enuma okoro writes zechariah and elizabeth were good people they had maintained faith and hope in god for many years despite elizabeth s inability to conceive a condition considered shameful in their time so they were quite familiar with the universal human experiences of longing and waiting even though this couple s story takes up only one chapter in luke s gospel it contains enough lessons about faith and life to last for weeks in her beautifully written imaginative meditations for each day of advent okoro looks closely at the doubts and longings of zechariah and elizabeth as you explore their story okoro guides you to reflect on your own experiences of waiting and longing of grief and the need for community and of hungering for god these poetic and poignant meditations will linger with you long after christmas reflection questions and a prayer challenge accompany each week s meditations a perfect book for individual or group study preface setting the meeting stage so many meetings and so much frustration get rid of meetings no solve meetings through science evidence based opponents blame it for the very same ills but the heated rhetoric obscures one very important indeed fundamental fact markets don t just run themselves we create them starting from this surprisingly simple yet often ignored or misunderstood fact alex marshall takes us on a fascinating tour of the fundamentals that shape markets and through them our daily economic lives he debunks the myth of the free market showing how markets could not exist without governments to create the structures through which we assert ownership of property real and intellectual and conduct business of all kinds marshall also takes a wide ranging look at many other structures that make markets possible including physical infrastructure ranging from roads and railroads to water systems and power lines mental and cultural structures such as common languages and bodies of knowledge and the international structures that allow goods services cash bytes and bits to flow freely around the globe sure to stimulate a lively public conversation about the design of markets this broadly accessible overview of how a market economy is constructed will help us create markets that are fairer more prosperous more creative and more beautiful it s fair to say that charlie glass is carrying a little excess baggage emotionally and physically for years her excess weight means she s been the butt of her skinny smith by s r crockett social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all students in particular are likely to turn to the web to find quick background information on theorists and theories however most web based information is inaccurate and or lacks depth students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will in response sage reference plans to publish the two volume theory in social and cultural anthropology an encyclopedia features benefits two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage to ease navigation between and among related entries a reader s guide groups entries thematically and each entry is followed by cross references in the electronic version the reader s guide combines with the cross references and a detailed index to provide robust search and browse capabilities an appendix with a chronology of anthropology theory allows students to easily chart directions and trends in thought and theory from early times to the present suggestions for further reading at the end of each entry and a master bibliography at the end guide readers to sources for more detailed research and discussion we can t escape them aliens are everywhere they sell us soft drinks and star in their own sitcoms but to the many people who believe they have been abducted aboard strange crafts aliens are a very serious reality stories of these encounters taken from investigators files have been vividly depicted in television specials and motion pictures despite their predominance as a cultural phenomenon experts offer drastically conflicting opinions aliens are harmless creatures whose aim is to better understand humans aliens are angel like entities here to enhance our spiritual awareness aliens are conspiring with the government in a plot to enslave humans and aliens are genetically breeding with humans to create a new race of hybrids but what is really going on are aliens abducting thousands of unsuspecting people each year are they then inserted with tracking devices and monitored based on his own investigative files and almost twenty five years of research science writer chris rutkowski asks hard questions looking critically yet compassionately at the stories of abductees he is an astronomer educator and published commentator within the area of study known as ufology rutowski presents case histories of many abductees showing both their diversity and similarities and examines how our understanding is shaped by media by science and by society itself this astute book initiates a broad discussion from a variety of different disciplines about how we place children nationally globally and within development discourses unlike other books of its kind it does not seek to dwell solely on the abiding complexities of local comparisons rather it elaborates larger concerns about the changing nature of childhood young people s experiences their citizenship and the embodiment of their political identities as they are embedded in the processes of national development and globalization in particular this book concentrates on three main issues nation building and developing children child participation and activism in the context of development and globalization and children s live in the context of what has been called the end of development these are relatively broad research perspectives that find focus in what the authors term reproducing and developing children as a key issue of national and global concern they further argue that understanding children and reproduction is key to understanding globalization this handbook to the rite of christian initiation of adults rcia written by a renowned religious educator and theologian invites converts the clergy and all those engaged in the catechumenal process to appreciate anew the richness of the catholic faith regis duffy articulates the requirements for becoming and remaining a full christian committed to gospel values on every level of life to the building of the kingdom of god on becoming a catholic is a complete introduction to the essentials of the catechumenal process and clearly relates what the church teaches to its members duffy s exposition stresses the theology of the cross as the root of all christian conversion and formation and its meaning for individual christians and parish life the word of god as prophetic word in parish familial and personal lives learning to recognize the lord in

unexpected places of our lives and world and nurture openness and responsiveness to the word how to live and act as one marked by the cross and the word of god participating in a conversion process that profoundly changes our priorities values lifestyle and most importantly our involvement in worship and sacraments what it means to be a christian community discovering the meaning of the liturgical year and the church s role as teacher the value of lenten observance the meaning of good friday and the centrality of the easter event as basis for a practical theology of our redemptive need and god s enduring response how honest eucharistic participation embodies a renewed sense of personal commitment to christ and sense of mission and ministry in the community this book explains how unilateral strategies work and how this new diplomatic toolbox will reshape how countries do business with one another path of the purified heart traces the classic christian spiritual journey toward transformation into the likeness of christ in a unique fascinating way drawing on the voices of wise elders from the past and present dunham illumines the common path all christians and spiritual seekers may take toward union with god through the motifs of the liturgical year and the labyrinth the author weaves in her own journey on this path during her year of purification heartbreak therapy presents a groundbreaking approach to healing the painful emotions of heartbreak following the end of a relationship while the book teaches the mind about the nature of heartache the companion audio tracks gently guide the heart and emotions back to health andrew condenses the wisdom gained from years of individualized hypnotherapy sessions into a series of healing techniques allowing the reader to embark upon a literal choose your own healing adventure in heartbreak therapy andrew provides an explanation of the conscious and subconscious mind and how hypnotherapy is used to free us from cyclical negative thinking and get our emotions back to within a healthy range through a hypnotherapeutic perspective on love relationships and the nature of heartache andrew introduces the reader to new models of healing that facilitate insight and encourage emotional well being the most popular source of theological hope for american christians is that of jurgen moltmann preachers teachers and lay people reflect moltmann s influence with their hope in a this worldly eschatology and a suffering god however an exclusive reliance on that hope deprives the church of crucial resources in the face of global economic environmental and military crises this book explores moltmannian hope and considers its costs before looking elsewhere for additional contributions from thomas aquinas s theological virtue of hope to nihilism and beyond in order to encourage the church to sustain and practice hope in jesus christ our only hope in its 114th year billboard remains
