the author looks at a place where the conditions for religious conflict are present but active conflict is absent focusing on a muslim majority punjab town malkerkotla where both during the partition and subsequently there has been no inter religious violence includes revised issues of each edition among electrode materials inorganic materials have received vast consideration owing to their redox chemistry chemical stability high electrochemical performance and high power applications these exceptional properties enable inorganic based materials to find application in high performance energy conversion and storage the current advances in nanotechnology have uncovered novel inorganic materials by various strategies and their different morphological features may serve as a rule for future supercapacitor electrode design for efficient supercapacitor performance inorganic nanomaterials for supercapacitor design depicts the latest advances in inorganic nanomaterials for supercapacitor energy storage devices key features provides an overview on the supercapacitor application of inorganic based materials describes the fundamental aspects key factors advantages and challenges of inorganic supercapacitors presents up to date coverage of the large rapidly growing and complex literature on inorganic supercapacitors surveys current applications in supercapacitor energy storage explores the new aspects of inorganic materials and next generation supercapacitor systems with the exception of two short periods of direct british intervention during the anglo afghan wars of 1839 42 and 1878 80 the history of nineteenth century afghanistan has received little attention from western scholars this study seeks to shift the focus of debate from the geostrategic concern with afghanistan as the bone of contention between imperial russian and british interests to a thorough investigation of the sociopolitical circumstances prevailing within the country on the basis of unpublished british documents and works by afghan historians it lays the groundwork for a better understanding of the political mechanisms at work during the early muhammadzai era by analysing them both from the viewpoint of the center and the periphery this work is a chronological account of the struggle between the afghan amirs of kabul and the manghit dynasty of bukhara for balkh province wilayat during the eighteenth and nineteenth centuries drawing extensively on india office records persian and native oral sources the book provides a unique insight into an important but little studied central asian region structured around the history of maimana s mingid dynasty the book details the various military campaigns whilst also examining critically britain and russia s role in the afghanisation of balkh during the period of the great game the work is especially significant to historians since it questions conventional perceptions of central asia during the era of european imperialism it examines too balkh s social and economic situation it includes numerous maps charts photographs and dynastic charts in the short water supply environment of pakistan farmers try to minimize the gap between demand and supply of canal water extracting groundwater for irrigation purposes however saline groundwater upconing may occur in response to fresh groundwater withdrawals from unconfined aquifer underlain by salty groundwater skimming well technology can help controlling this upconing phenomenon however in most cases the small discharges of such wells cannot be efficiently applied on surface irrigated croplands pressurized irrigation application systems use small discharge effectively but the cost and availability of equipment in the local market is a significant constraint root zone salinity is also expected to increase if this skimmed groundwater is used for irrigation purposes particularly in the absence of proper salinity management practices to address these issues international water management institute iwmi and water resource research institute wrri of national agricultural research centre narc mona reclamation experimental project mrep of water and power development authority wapda are collaborating to undertake an applied research under the project root zone salinity management using fractional skimming wells with

pressurized irrigation excellent bibliographical work about allama muhammad iqbal in the arabic scripts urdu persian arabic and so on has been published by the iqbal academy lahore our publication covers only what appeared in the roman script english german french dutch italian polish czech portuguese swedish finnish turkish and russian many books have some kind of bibliographical list and we have tried to include all that material in the present publication with the generous support of the ministry of education government of pakistan the iqbal foundation europe at the kuleuven belgium has endeavoured to combine meticulous and patient work in libraries with the most modern search on internet the result is an impressive tribute to iqbal and to the research about him 2500 entries the latest entry dated 1998 a schimmel even if many superfluous or repetitive articles may have been published a researcher should look at even small contributions they may contain valuable information and rare insights the databank we compiled at the university of leuven is composed of material taken from published works and from the on line services of the major university libraries from this it appeared that hundreds of scholars and authors have contributed to the immense databank about iqbal the highest number of contributions is by annemarie schimmel s a vahid and b a dar followed by a bausani k a waheed a j arberry and so many others driven to a significant extent by pakistan s rapidly growing status in trade and economic partnerships in particular considering the country s role in the china and pakistan economic corridor cpec interest in pakistan s dispute settlement regime is on the rise this ground breaking book by pakistan s best known arbitrator practitioner and legal scholar is the first in any language to provide in depth coverage of all significant topics of pakistani law on both domestic and foreign arbitration ranging from drafting of the arbitration agreement to the enforcement of arbitral awards with comprehensive coverage of pakistani statutes and case law affecting arbitration and bilateral investment treaties bits the author describes and analyses such issues and topics as the following concepts of separability arbitrability and competence competence rules governing the conclusion interpretation and enforcement of arbitration agreements grounds on which courts assume jurisdiction legal issues pertaining to the stay of court proceedings in relation to both domestic and foreign arbitration constitution of arbitral tribunals interim measures judicial review of both domestic and foreign arbitral awards and available remedies of appeal and revision positioned to become the preeminent authority on the arbitration law of pakistan this book will be welcomed not only by pakistani practitioners arbitrators judges students and academics as the first practical guide to arbitration practice and procedure in their country but also by foreign practitioners approaching pakistani courts seeking interim measures and enforcement of arbitration agreements and arbitral awards in addition both domestic and foreign businessmen will discover clear paths to well informed decisions on investment and commercial issues involving pakistan containing cases decided by the privy council federal provincial shariat courts and high courts of various pakistani jurisdictions the fourth edition of the historical dictionary of afghanistan contains substantial new material to reflect the rapid changes in the region this is done through a chronology an introductory essay an expansive bibliography and over 1 000 cross referenced dictionary entries on significant persons events places organizations and other aspects of afghanistan history from the earliest times to the present this book is an excellent access point for students researchers and anyone wanting to know more about afghanistan ewing examines the competing forces behind the formation of a modern western subjectivity in the context of sufi religious meanings and practices in pakistan this third volume begins with the description of the conditions of spain before and after the rule of muslims and the role played by umayyad abbasid almoravid and almohad caliphs there and their encounters with the christian armies then some mention of the conquest of morocco and north africa has been given along with the details of idrisia and aghlabb rule there after that detailed accounts of ganghisid mongols turks and tartar mangols have been produced publisher description volume 2 of 4 the january and july issues of the indian army list contain not only the distribution of officers on the active list of the army in india including officers of british army regiments battalions etc stationed in india but are supplemented by the addition of orders of knighthood honours and awards including foreign orders by the non effective officer list and the war services of officers of the indian army details of each officer include dates of birth except for wartime commissioned officers date of first

commission of appointment to the indian army and dates of promotion officers are grouped according to their rank and by seniority within that rank and are again shown under their regiments battalions in the case of british units their date of arrival in india is shown and with indian units their date of formation and changes in title since plus details of the backgrounds of men recruited e g sikhs punjabis dogras rajputs etc this army list also includes all native viceroy commissioned officers subadar majors subadars and jemadars and their war services major hqs and their staffs divisional and brigade commanders and their staffs schools colleges administrative departments of the army are all shown non regular indian defence force units such as 22nd bengal and north western railway battalion and the indian army reserve of officers are all there along with british warrant officers serving in departments of the indian army in 1914 there were 116 indian and 10 gurkha regiments all with one battalion apart from the cavalry 32 indian and one gurkha regiment had been formed and the majority of the original regiments had raised second and sometimes third battalions this splendid four volume work reflects the tremendous contribution made by the indian army to the empire s war effort a full index is included tony banham documents the experiences of hong kong s prisoners of war and civilian internees from their capture by the japanese in december 1941 to liberation rescue and repatriation a colossal history of afghanistan from its earliest organization into a coherent state up to its turbulent present located at the intersection of asia and the middle east afghanistan has been strategically important for thousands of years its ancient routes and strategic position between india inner asia china persia and beyond has meant the region has been subject to frequent invasions both peaceful and military as a result modern afghanistan is a culturally and ethnically diverse country but one divided by conflict political instability and by mass displacements of its people in this magisterial illustrated history jonathan l lee tells the story of how a small tribal confederacy in a politically and culturally significant but volatile region became a modern nation state drawing on more than forty years of study lee places the current conflict in afghanistan in its historical context and challenges many of the west s preconceived ideas about the country focusing particularly on the powerful durrani monarchy which united the country in 1747 and ruled for nearly two and a half centuries lee chronicles the origins of the dynasty as clients of safavid persia and mughal india the reign of each ruler and their efforts to balance tribal ethnic regional and religious factions the struggle for social and constitutional reform and the rise of islamic and communist factions along the way he offers new cultural and political insights from persian histories the memoirs of afghan government officials british government and india office archives and recently released cia reports and wikileaks documents he also sheds new light on the country s foreign relations its internal power struggles and the impact of foreign military interventions such as the war on terror this book provides a political history of north india under afghan rulers in the late fifteenth and early sixteenth centuries focusing on interconnections between religion and politics it also raises questions of paramount concern to an understanding of islam in medieval north india the book is divided into three sections the first section explores the afghan attempts at empire building under the leadership of sher shah sur discussing the incorporation of the rajputs in the afghan imperial project the second part deals with the prevalent ideals and institutions of governance the last segment investigates the social and political role of the sufis questioning the overemphasis on the sultanate and mughal periods in indian history writing aquil projects a dynamic view of the afghan period analyzes four megatrends population growth urbanization coastal life and connectedness and concludes that future conflict is increasingly likely to occur in sprawling coastal cities in underdeveloped regions of the middle east africa latin america and asia and in highly networked connected settings in a book that also looks at gangs cartels and warlords the indus basin was once an arid pastoral watershed but by the second half of the twentieth century it had become one of the world s most heavily irrigated and populated river basins launched under british colonial rule in the nineteenth century this irrigation project spurred political social and environmental transformations that continued after the 1947 creation of the new states of india and pakistan in this first large scale environmental history of the region david gilmartin focuses on the changes that occurred in the basin as a result of the implementation of the world s largest modern integrated irrigation system this masterful work of scholarship explores how environmental

transformation is tied to the creation of communities and nations focusing on the intersection of politics statecraft and the environment the original 11 000 kilometer journey from from sialkot to vancouver culminated on september 6 1966 this book traces the history of chaudhry shakrullah khan bhindar and sardar begum chandar of sialkot pakistan whose descendants are now settled in vancouver canada for over half a century more than 10 of hong kong s defenders were killed in battle a further 20 died in captivity those who survived seldom spoke of their experiences many died young the little primary material surviving written in pow camps or years after the events is contradictory and muddled yet with just 14 000 defending the colony it was possible to write from the individual s point of view rather than that of the big battalions so favoured by god according to napoleon and most historians the book assembles a phase by phase day by day hour by hour and death by death account of the battle it considers the individual actions that made up the fighting as well as the strategies and plans and the many controversies that arose fifteen brave men and women of bharat who never succumbed to the challenges of invaders but were lost and forgotten in the annals of history these are the stories of those bravehearts who fought to protect their rights faith and freedom history has always been the handmaiden of the victor until the lions have their own storytellers said chinua achebe the history of the hunt will always glorify the hunter exploring the lives times and works of the fifteen long forgotten and mostly neglected unsung heroes and heroines of our past this book brings to light the contribution of the warriors who not only donned armour and burst forth into the battlefield but also kept the flame of hope alive under adverse circumstances narrating the tales of valour and success that india as a nation and civilization has borne witness to in its long and tumultuous past the book opens a window to the stories of select men and women who valiantly fought against invaders for their rights faith and freedom rajarshi bhagyachandra jai singh of manipur lalitaditya muktapida of kashmir chand bibi of ahmednagar lachit barphukan of assam begum hazrat mahal of awadh rani abbakka chowta of ullal martanda varma of travancore rani rudrama devi of warangal rani naiki devi of gujarat and banda singh bahadur are some of the bravehearts who fought to uphold the tradition and culture of their land pacy and unputdownable bravehearts of bharat chronicles the stories of courage determination and victory which largely remained untold and therefore unknown for a long time persian text and english translation of the major texts of album prefaces miscellaneous documents and travel literature from the timurid and safavid periods under ongoing climate change natural and cultivated habitats of major food crops are being continuously disturbed such condition accelerates to impose stress effects like abiotic and biotic stressors drought salinity flood cold heat heavy metals metalloids oxidants irradiation etc are important abiotic stresses and diseases and infections caused by plant pathogens viz fungal agents bacteria and viruses are major biotic stresses as a result these harsh environments affect crop productivity and its biology in multiple complex paradigms as stresses become the limiting factors for agricultural productivity and exert detrimental role on growth and yield of the crops scientists and researchers are challenged to maintain global food security for a rising world population this two volume work highlights the fast moving agricultural research on crop improvement through the stress mitigation strategies with specific focuses on crop biology and their response to climatic instabilities together with climate resilient agriculture vol 1 crop responses and agroecological perspectives it covers a wide range of topics under environmental challenges agronomy and agriculture processes and biotechnological approaches uniquely suitable for scientists researchers and students working in the fields of agriculture plant science environmental biology and biotechnology

The Punjab Record 1882

the author looks at a place where the conditions for religious conflict are present but active conflict is absent focusing on a muslim majority punjab town malkerkotla where both during the partition and subsequently there has been no inter religious violence

A Historical and Descriptive Report on the Districts of Thal-Chotiali and Harnai, with the Adjacent Country Inhabited by Baloch and Pathan Tribes 1883

among electrode materials inorganic materials have received vast consideration owing to their redox chemistry chemical stability high electrochemical performance and high power applications these exceptional properties enable inorganic based materials to find application in high performance energy conversion and storage the current advances in nanotechnology have uncovered novel inorganic materials by various strategies and their different morphological features may serve as a rule for future supercapacitor electrode design for efficient supercapacitor performance inorganic nanomaterials for supercapacitor design depicts the latest advances in inorganic nanomaterials for supercapacitor energy storage devices key features provides an overview on the supercapacitor application of inorganic based materials describes the fundamental aspects key factors advantages and challenges of inorganic supercapacitors presents up to date coverage of the large rapidly growing and complex literature on inorganic supercapacitors surveys current applications in supercapacitor energy storage explores the new aspects of inorganic materials and next generation supercapacitor systems

Sharing the Sacred 2010-02-04

with the exception of two short periods of direct british intervention during the anglo afghan wars of 1839 42 and 1878 80 the history of nineteenth century afghanistan has received little attention from western scholars this study seeks to shift the focus of debate from the geostrategic concern with afghanistan as the bone of contention between imperial russian and british interests to a thorough investigation of the sociopolitical circumstances prevailing within the country on the basis of unpublished british documents and works by afghan historians it lays the groundwork for a better understanding of the political mechanisms at work during the early muhammadzai era by analysing them both from the viewpoint of the center and the pierphery

Papers Relating to the Treaty Concluded Between the Government of India and the Khan of Khelat, on the 8th December 1878 1877

this work is a chronological account of the struggle between the afghan amirs of kabul and the manghit dynasty of bukhara for balkh province wilayat during the eighteenth and nineteenth centuries drawing extensively on india office records persian and native oral sources the book provides a unique insight into an important but little studied central asian region structured around the history of maimana s mingid dynasty the book details the various military campaigns whilst also

examining critically britain and russia s role in the afghanisation of balkh during the period of the great game the work is especially significant to historians since it questions conventional perceptions of central asia during the era of european imperialism it examines too balkh s social and economic situation it includes numerous maps charts photographs and dynastic charts

Biographical Encyclopedia of Pakistan 1960

in the short water supply environment of pakistan farmers try to minimize the gap between demand and supply of canal water extracting groundwater for irrigation purposes however saline groundwater upconing may occur in response to fresh groundwater withdrawals from unconfined aquifer underlain by salty groundwater skimming well technology can help controlling this upconing phenomenon however in most cases the small discharges of such wells cannot be efficiently applied on surface irrigated croplands pressurized irrigation application systems use small discharge effectively but the cost and availability of equipment in the local market is a significant constraint root zone salinity is also expected to increase if this skimmed groundwater is used for irrigation purposes particularly in the absence of proper salinity management practices to address these issues international water management institute iwmi and water resource research institute wrri of national agricultural research centre narc mona reclamation experimental project mrep of water and power development authority wapda are collaborating to undertake an applied research under the project root zone salinity management using fractional skimming wells with pressurized irrigation
