what business entrepreneurs are to the economy social entrepreneurs are to social change they are writes david bornstein the driven creative individuals who question the status quo exploit new opportunities refuse to give up and remake the world for the better how to change the world tells the fascinating stories of these remarkable individuals many in the united states others in countries from brazil to hungary providing an in search of excellence for the nonprofit sector in america one man j b schramm has helped thousands of low income high school students get into college in south africa one woman veronica khosa developed a home based care model for aids patients that changed government health policy in brazil fabio rosa helped bring electricity to hundreds of thousands of

remote rural residents another american james grant is credited with saving 25 million lives by leading and marketing a global campaign for immunization yet another bill drayton created a pioneering foundation ashoka that has funded and supported these social entrepreneurs and over a thousand like them leveraging the power of their ideas across the globe these extraordinary stories highlight a massive transformation that is going largely unreported by the media around the world the fastest growing segment of society is the nonprofit sector as millions of ordinary people social entrepreneurs are increasingly stepping in to solve the problems where governments and bureaucracies have failed how to change the world shows as its title suggests that with determination and innovation even a single person can make a surprising difference for anyone seeking to make a positive mark on the world this will be both an inspiring read and an invaluable handbook

Western Electrician

1893

the most detailed study of soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to american industry technology and science

Annual Report on the Statistics of Manufactures

1893

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea

The Texas & Pacific Railway

1878

billed in early issues as a practical journal of industrial progress this monthly covers a broad range of topics in engineering manufacturing mechanics architecture building etc later issues say it is devoted to the advancement and diffusion of practical knowledge

Biennial Report of the Auditor General of the Commonwealth of Pennsylvania for the Two Years Ending May 31 ...

1907

based on her experiences in classrooms committees and workshops noted author nurse educator and community activist peggy l chinn illustrates how every participant in a group can be valued as a leader in peace and power new directions for building community ninth edition the book provides essential hands on guidelines for developing cooperative group processes and overcoming group interactions that lead to alienation and disappointment particularly those dynamics that give privilege and power to a few while disadvantaging many in the group based on class skin color or disability the book describes how to create group interactions based on mindfully stated values arising from the

group s purposes shows how to build meaningful relationships through nurturing and empowering group interactions and transformation of conflict illustrates how every person can be empowered and contribute to a group in ways that are often overlooked in this thoroughly updated edition chinn draws on examples from her most recent anti racism activities she also discusses her work in groups that were exclusively online on zoom a critical reality of our post 2020 world the new content addresses not simply the dynamics of group processes but some of the challenges involved in understanding dynamics involved in making change specifically confronting racism and working to become antiracist as a group
