Winfield and Jolowicz on Tort

1979

this edition has been updated to incorporate the developments that have taken place in the law of tort although centred in english law significant case law developments in other major commonwealth jurisdictions are also considered

Winfield and Jolowicz on Tort

1971

the publication of scholars of tort law marks the beginning of a long overdue rebalancing of private law scholarship instead of concentrating on judicial decisions and academic commentary only for what that commentary says about judicial decisions the book explores the contributions of scholars of tort law in their own right the work of a selection of leading scholars of tort law from across the common law world ranging from thomas cooley 1824 1898 to patrick atiyah 1931 2018 is addressed by eminent current scholars in the field the focus of the contributions is on the nature of the work produced by each of the scholars in question important influences on their work and the influence which that work in turn had on thinking about tort law the process of subjecting tort law scholarship to sustained analysis provides new insights into the intellectual development of tort law and reveals the important role played by scholars in that development by focusing on the work of influential tort scholars the book serves to emphasise the importance of legal scholarship to the development of the common law more generally

2010

das gerade auch für die praxis hoch interessante rechtsvergleichende werk der vertragsbruch des dienstleisters von patrick mückl ist der erste band der neuen sellier elp reihe zum europäischen dienstleistungsrecht diese reihe will einen beitrag zur ordnung und durchdringung des ebenso heterogenen wie faszinierenden bereichs des europäischen dienstleistungsrechts leisten eines der ziele der arbeit ist es das kennenzulernen zwischen englischem und deutschem recht aber auch der modellregeln der principles of

european contract law der principles of european law on service contracts und des draft common frame of reference auf dem gebiet des dienstleistungsvertragsrechts zu fördern darüber hinaus werden parallele zusammenhänge strukturen und mechanismen im dienstleistungsvertragsrecht herausgearbeitet im zentrum der Überlegungen steht der vertragsbruch das werk erschöpft sich aber nicht in dessen erläuterung sondern nimmt im zuge einer zugleich einführenden und vertiefenden entwicklung des jeweiligen pflichtprogramms sowohl die bedürfnisse der wissenschaft als auch der praxis in den blick

## **Winfield and Jolowicz on Tort**

2002

this accessible textbook provides an introductory guide to tort law with a structured explanation of the key concepts and doctrines using a comparative approach the discussion is illustrated with case law and provisions from three key jurisdictions england france and germany with liberal reference to other codes and cases from around the world the book gives readers a contextual understanding and will appeal to classes with a global outlook

## **WINFIELD AND JOLOWICZ ON TORT.**

2024

tort law is a subject of primary importance in the study and practice of the common law in caribbean jurisdictions this work is now well established as the leading text on tort law in the region and this fifth edition has been updated throughout to incorporate developments in law and legal thinking including special contributions on medical negligence and the misuse of private information from the hon justice roy anderson and dr vanessa kodilinye the accessible writing style and integration of up to date material enables students to grasp the salient points and develop a thorough understanding of tort law in the caribbean although conceived primarily as a text for the llb degree courses in caribbean universities commonwealth caribbean tort law is also essential reading for students preparing for the cape law examinations and the various paralegal courses in the region legal practitioners will find the book useful as a work of ready reference and it will also be of interest to those business executives industrialists insurance agents and journalists who require some knowledge of this most important area of the law

## **International Encyclopedia of Comparative Law**

1983

tort law is often regarded as the clearest example of traditional common law reasoning yet in the past 40 years the common law of england and wales has been subject to european influences as a result of the introduction of the european communities act

1972 and more recently the implementation of the human rights act 1998 in october 2000 eu directives have led to changes to the law relating to product liability health and safety in the workplace and defamation while francovich liability introduces a new tort imposing state liability for breach of eu law the 1998 act has led to developments in privacy law and made the courts reconsider their approach to public authority liability and freedom of expression in defamation law this book explores how english tort law has changed as a result of europeanisation broadly defined as the influence of european union and european human rights law it also analyses how this influence has impacted on traditional common law reasoning has europeanisation led to changes to the common law legal tradition or has the latter proved more resistant to change than might have been expected

derzeit wird eine eu verordnung zum internationalen deliktsrechts und langfristig auch ein europäisches zivilgesetzbuch vorbereitet nadja hoffmann befasst sich zunächst mit der koordination des vertrags und deliktsrechts in sechs europäischen rechtsordnungen eine künftige eu verordnung zum internationalen deliktsrecht muss mit dem bereits vereinheitlichten internationalen vertragsrecht abgestimmt werden die autorin plädiert dafür die rechtswahl für deliktsrechtliche sachverhalte zuzulassen und die akzessorische anknüpfung deliktsrechtlicher sachverhalte an das vertragskollisionsrechts europaweit einzuführen im anschluss an die bestimmung des anwendbaren rechts könnte alternativ eine materiell rechtliche anpassung eines vertragsrechts aus einem land an das deliktsrecht aus einem anderen land durchgeführt werden abschließend untersucht die autorin wie das un kaufrechts mit dem internationalen deliktsrecht zu koordinieren ist

???????

1991

it is said that a nuisance is an interference with the use and enjoyment of land this definition is typically unhelpful while a nuisance must fit this account it is plain that not all such interferences are legal nuisances thus analysis of this area of the law begins with a definition far too broad for its subject matter forcing the analyst to find more or less arbitrary ways of cutting back on potential liability tort law is plagued by this kind of approach in the law of nuisance today s preferred method of cutting back is to employ the notion of reasonableness no one seems to know quite what reasonableness means in this context however this is because in fact it does not mean anything the notion is no more than the immediately recognisable symptom of our inadequate comprehension of the law this book expounds a new understanding of the law of nuisance an understanding that presents the law in a coherent and systematic fashion it advances a single central suggestion that the law of nuisance is the method that the common law utilises for prioritising property rights so that conflicts between uses of property can be resolved

## **Zivilprozessuale Qualifikationsprobleme im Spannungsfeld von Vertrag und Delikt**

2010

tax avoidance and the law is a helpful guide for undergraduate and postgraduate students who want a thorough understanding of this dynamic area of law the book is written in a way which is easy to follow and conveniently summarises complex case law on tax avoidance tax avoidance and the law explores the evolution of the uk's general anti abuse rule it provides a useful comparison with other western jurisdictions anti avoidance legislation including the united states of america australia new

zealand south africa canada and the eu the underlying theme of the book rests on the notion that the taxpayer's subjective motives intentions or purposes are irrelevant when assessing tax liability the book enables students to gain a good grasp of the fundamental issues in tax avoidance in a clear manner

## **Die Koordination des Vertrags- und Deliktsrechts in Europa**

2006

this book is the first comprehensive assessment of the legal duties of states with regard to human induced climate change damage by discussing the current state of climate science in the context of binding international law it convincingly argues that compensation for such damage could indeed be recoverable the author analyses legal duties requiring states to prevent climate change damage and discusses to what extent a breach of these duties will give rise to state responsibility international liability the analysis includes the un framework convention on climate change and the kyoto protocol but also various nature biodiversity protection and law of the sea instruments as well as the no harm rule as a key provision of customary international law the challenge in applying the different aspects of the law on state responsibility including causation and standard of proof are discussed in three case studies and the questions raised by multiple polluters explored in depth against this background the author advocates an internationally negotiated solution to the issue of climate change damage

?????????

1999-10

on july 27 2000 the house of lords delivered a decision where for the first time in english law it explicitly recognised that damages for civil wrongs can be assessed by reference to a defendant wrongdoer's gain rather than a claimant's loss the circumstances in which such gain based damages might be available were left for development incrementally this book considers the nature of gain based damages and explains when they have historically been available and why and provides a framework for appreciating the operation of such damages awards the first part of the book justifies the existence of these damages which focus upon a defendant wrongdoer's gain made as a result of a civil wrong explaining the nature and need for such a remedy and the scope of civil wrongs the core thesis of the book is that two different forms of such gain based damages exist the first is concerned with restitution of a defendant's gains wrongfully transferred from a claimant the second is concerned only with stripping profits from the defendant's hands once these two gain based damages awards are separated they can be shown to be based upon different rationales and the basis for their availability can be easily understood the second part of the book considers and applies this approach demonstrating its operation throughout the cases of civil wrongs the operation of the two forms of gain based damages is demonstrated in cases in the area of tort chapter 4 contract chapter 5 equitable wrongs chapter 6 and intellectual property wrongs chapter 7 it is shown that these gain based damages awards have long been available in these areas and their operation has conformed to clear principle the difficulty that has obscured the principle is the nomenclature which has hidden the true gain based nature of many of these damages awards
